MAYOR PRAISES FORCE

Tells How Department Has Improved in Recent Years. No Graft.

With 150 men in line, attired in the smart winter uniform with the new cap, the annual fall parade and inspection of the Richmond Police Department went off yesterday afternoon without a hitch of any character.

The parade began at Nineteenth and Broad Streets at 3 o'clock, and after marching well over the city was in place for inspection before the City Hall at 4 o'clock.

Beginning at Nineteenth and Broad Streets, the line of march proceeded down Nineteenth to Main Street, up Main to Fifth, up Fifth to Franklin, along Franklin to Adams, up Adams to Broad Street, down Broad to Fifth and down Fifth again to Grace, down Grace to Capitol Square, where the line broke up for the picture to be taken on the steps of the Capitol.

From the standpoint of both police and spectators, the feature of the parade was the riot squad, armed with the automatic shotguns used to quell disturbances of any magnitude.

The appearance of the department, always more impressive at the fall inspection because of the winter uniforms, was enhanced this year by the cap which has been ordered to replace the old-time helmet.

The two members of the motorcycle squad, C. B. Samuels and L. N. Clarke, drew unending attention and admiration in their new uniform of olive drab, which the Board of Police Commissioners has adopted for the motorcycle men to replace the conventional service blue.

At the close of the parade rode Major Werner, followed by the members of the mounted police. Next in line were the bicycle police, then Kennick's band, followed by the patrolmen of the three districts on foot.

and the Board of Police Commissioners, I wish to congratulate you on the fine appearance you have made today in the annual fall inspection," said the Mayor.

"On behalf of myself, I wish to congratulate you on the fact that the standard of the Richmond Police Department, in men and records, is steadily rising. Since the time when I was a member of the Board of Police Commissioners there has been a noticeable improvement in the personnel of the department and in the behavior of the individuals. I wish to congratulate you on the fact that no such scandal as has unfortunately been attached at times to other departments has ever been visited upon the Police Department."

"I wish to impress upon you men that both this fact and the splendid record of the force are due to the individual good behavior and conduct of the men who make up the department. We cannot afford to have bad men in the department, because their behavior cannot fail to bring evil repute upon the entire force."

KOHLER'S STORE IS BROKEN OPEN

Burglar Gets Small Reward for His Early Morning Efforts.

The jewelry store of J. F. Kohler & Son, at 209 East Broad Street, was broken open by burglars at an early hour this morning.

Mr. Kohler was notified at once, and a careful inventory of the store disclosed nothing missing. Entered as the value of several thousands of dollars were locked in the safe, together with other valuable jewelry. The safe was not molested. It was evident that the approach of the slight wickman scared off the man or men.

WILSON VICTORY PLEASES EUROPE

London Papers Speak Highly of His Policies and Politics.

London, November 5.—The Presidential election resulted as had been anticipated in England. The London papers to-day speak highly of Woodrow Wilson and of his policies and politics.

The free trade Westminster Gazette says the people of the United States are clearly ripe for new men, and adds: "Tired of their professional politicians, the American people have decided to give a new man a trial; so a learned historian and former college president walks into the White House. Most heartily we wish success to this experiment with a 'philosophy king' being made in the most unlikely quarter in the world."

Germany Fleece.—The election of Woodrow Wilson is regarded generally by the general press as a most fortunate occurrence for Germany. The newspapers say that it gives promise of a reduction of the tariff which has crippled the German export trade and also the abandonment of the policy of "pita plicks" such as those connected with paper pulp and split peas under which German-American relations have suffered.

Paris, November 6.—Paris newspapers comment in a friendly way on the election of Woodrow Wilson and predict a useful administration. Some newspapers, in an attempt to forecast the foreign policy of the United States, venture to believe that President Wilson will be less likely to intervene in the affairs of Central and South America than his two predecessors.

Providing Elder of Tidewater District Expires. (Special to The Times-Dispatch.) Tidewater, Va., November 6.—Rev. J. O. Straley, providing elder of the Tidewater District, died at his home here about 5 o'clock this afternoon. A stroke of paralysis is believed to have been the cause of his sudden death.

Joseph Goetz, a former of Shortport, Va., died this morning at his home in Norfolk. He was at one time commissioner of revenue in Petersburg, and was a brother of Wm. H. Camp, the present collector of city taxes in this city.

Both men were employed by the Interstate Commerce Company. Neal had been in attention to Fortescue's wife. Neal returned home and found him in the result. Reports from Belhaven state that Fortescue is dying.
