

FORCED TO JUMP TO SAVE HIMSELF

White Man Caught on Trestle by Train and Badly Injured by Fall.

COUNCIL MEETS TO-NIGHT

Successful Revival Comes to Close—Other News of Petersburg.

The Times-Dispatch Bureau, 3 Bollingbrook Street (Telephone 1485).

Petersburg, Va., February 3.—A white man named M. M. Green was caught on a trestle in the western part of the city this afternoon by a Seaboard Air Line train, and jumped to save himself. He was severely hurt, both externally and internally, and was taken to the hospital for treatment. The accident occurred on a curve in the trestle in the rear of Canal Street.

Meeting of Council.

The Common Council will meet in regular monthly session to-morrow night for the transaction mainly of the usual routine business. Other matters, however, may be brought up. At the December meeting a committee was appointed to ascertain what damage, if any, will be caused to property owners on River Street by the proposed raising of the grade and improvement of the street. The sum of \$100 was appropriated for this work. It is not expected that the committee will be ready to report to-morrow night.

The Council will adjourn to meet on February 7, to pass upon the ordinance authorizing the issue of \$200,000 of city bonds for purposes of public improvements.

One of the most successful revivals in the history of West End Baptist Church, in this city, closed last night, after meetings lasting exactly two weeks, which were conducted solely by the pastor, the Rev. A. R. Love. There were twelve conversions last night, making eighty-nine in all—and the church was crowded that night. Fifty-five members have been added to the church as the result of these meetings, and great spiritual good also. A baptismal service was held to-night, at which many of the converts received the ordinance.

A Month's Arrests.
The report of the chief of police shows a total of 183 arrests in the city in January. Among them sixty-four for drunkenness, twenty-three for assault, twelve for felony, twenty-one for larceny, twenty-five for misdemeanors, twenty-five for violations of ordinances, etc. The arrests for intoxication more than doubled those for any other cause. In the Police Court this morning some twenty or more negroes were charged with being drunk Saturday night.

Woman Convention.
The convention of Woman Elders in Virginia, which convened in this city on Saturday, closed last night. Three public meetings, with addresses, were held yesterday. Elder C. W. Callis, president of the Southern Mission field, was one of the principal speakers. There are eighteen traveling elders of the Mormon Church in Virginia, and their work is done so quietly as seldom to excite public attention.

high constable, has withdrawn from the field, having accepted a better position. He does not withdraw in favor of either of the other candidates—John A. Mallory, the incumbent, an P. H. Wells, a former member of the council.

Child Disappeared.

The little five-year-old son of Mr. Anderson, of Chesterfield County, an employe of the Atlantic Coast Line Railroad, came to the city with father yesterday and attended Sunday school at the Tabb Street Presbyterian Church. At the close of the school Mr. Anderson looked for his boy but the primary department failed to find him. An anxious search was made for the little fellow in the city, but without avail. It was afterwards found, however, that he was safe at home, having gone there with some boys whom he knew.

Personal and Otherwise.

W. S. Mazee and W. E. Jones left last night on a visit to Jacksonville, Fla., and other Southern cities.

The Rev. George E. Booker, D. D., of the Washington Street Methodist-Episcopal Church, will preach to the congregation of the Oak Street A. M. E. Zion Church (colored) to-morrow night.

The body of W. A. Thompson, a former citizen of Petersburg, but for a number of years connected with the sheriff's office in Norfolk, was brought to the city yesterday for burial in Blandford Cemetery, accompanied by a delegation from the Norfolk Lodge of Elks. The Rev. Father O'Farrell conducted the services at the grave.

It is now positively known that the negro who was drowned in the harbor last Thursday morning was Edward Hammond, sixteen years old. The body has not been recovered.

Death of Financier.

Miami, Fla., February 3.—Arthur Schoellkopf, of Niagara Falls, one of New York's most prominent financiers, died here this morning. He was president of the Niagara Hydraulic Company. The body, accompanied by his wife, will be taken to Niagara Falls to-morrow.

TOTAL FAR BELOW AMOUNT SOUGHT

Official Estimate for Diplomatic and Consular Work Cut \$200,000.

BILL CARRIES \$3,764,643

Dangers of Aviation Are Recognized in Grant of Increased Pay.

Washington, February 3.—The diplomatic and consular appropriation bill, carrying \$2,764,643, was reported to the House to-day by the Foreign Affairs Committee. The total is \$200,000 below the official estimate, and \$180,000 above last year's appropriation.

For the arbitration of outstanding pecuniary claims between the United States and Great Britain, including arbitrator, umpire, counsel, etc., the bill appropriates \$50,000. There are several of these claims, and the arbitration tribunal is expected to convene here next spring. Another appropriation, includes \$7,156 as the United States' pro rata share in the administrative council for the exploration of the sea in the interest of commercial fisheries.

Chemical Schedule Considered.

Washington, Feb. 3.—The chemical schedule of the tariff law, producing 4 per cent of the total government receipts from customs, was considered in executive session by the Democrats of the House Committee on Ways and Means to-day.

Many of the items taken up were raw materials used in the manufacture of medicines, paints, dyes and in tanning and dyeing processes, coal tar products and the like. The schedule will not be materially altered from the Democratic bill which passed the House last session by a vote of 175 to 127, when the present Governor Hanna, of North Dakota, was the only Republican who voted with the Democrats for the measure. The revenue of \$12,000,000 gained from the chemical schedule last year will not be substantially disturbed.

Handwriting Bill Passes.

Washington, February 3.—The Senate to-day passed the bill making the admitted handwriting of any person competent evidence in a court of law with which to compare handwriting which might be questioned. The so-called "enlarged homestead bill" previously passed by the House, also was passed by the Senate. This bill establishes the right of a homesteader on dry lands to get a 320-acre farm through a residence of five years.

Aviation Dangers Realized.

Washington, February 3.—Dangers of aviation were officially recognized by Congress to-day, when the Senate passed the bill already approved by the House granting 20 per cent additional pay to officers of the army, navy and Marine Corps who may be detailed to duty with the aviation corps of either the army or navy.

Repeated efforts have been made to get extra compensation for officers engaged in the dangerous work at the practice fields and with the regular service.

Final Arguments Before Taft.

Washington, February 3.—Final arguments for and against the Jones-Dillingham immigration bill, with its much-discussed literacy test, will be made before President Taft Thursday at the White House. Some prominent Jewish leaders of the country who oppose the literacy test, labor leaders who favor it, and others interested in the bill, are expected. The conference with the President probably will take several hours, and he has cancelled all other engagements for that day. Secretary of Commerce and Labor Nagel will be present during the conference.

WORKING FOR WILSON

Friends Not Willing for Him to Be Cut Out of Second Term.
Washington, February 3.—Another attempt to amend the proposed six-year single-term amendment to the Constitution so it will either lengthen President-Elect Wilson's term to six years or make him eligible for re-election, is expected in the House as soon as the resolution passed Saturday by the Senate is taken up for consideration.

The passage of the single-term resolution in the House is expected, but many Democrats who favor it insist that it should not be so drawn as to cut President-Elect Wilson with a single four-year term. The Senate passed the resolution in such form that the President in office and all former Presidents would be ineligible for re-election.

Representative Clayton, chairman of the House Judiciary Committee, already has a single-term resolution now before the House.

London, February 3.—King Menelik, of Abyssinia, is dead, according to a dispatch received here from Addis Ababa, to-day. His successor, Prince Lidj Jemane, one of his grandsons, entered the capital on Sunday with great pomp.

COMMONS LOSES MUCH PATRONAGE

Students Continue Boycott, and Will Take Complaints Up With Faculty.

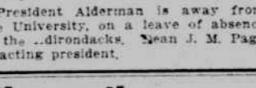

(Special to The Times-Dispatch.)
Charlottesville, Va., February 3.—The boycott of the University Commons is still the chief topic of discussion at the university. The students who went out on the strike are standing pat, awaiting the action of the faculty. The resolutions adopted at the mass-meeting in the law building, following the walkout, will be formally presented at the next meeting of the faculty, to be held to-morrow or Wednesday night. The chairman of the committee, D. H. Rodgers, will probably present the case of the "strikers."

The commons was patronized to-day by between seventy-five and 100 students. At the beginning of the session about 250 men took their meals at the dining hall. Those who went on the strike are scattered over college in the various boarding houses. Among the lot is a number who take a prominent part in college activities. The walkout was conducted in an exceedingly orderly way. The men were very cool and deliberate in their action, and seemed intensely in earnest. Complaints of the service at the commons had appeared in the editorials of College Topics, the weekly published by the student body, on one or more occasions. It was stated to-night that an improvement in the fare was noted to-day.

President Alderman is away from the University, on a leave of absence in the -dirondacks. Mean J. M. Page is acting president.

REACH AGREEMENT IN WAGE DISPUTE

Settlement Means End of Threatened Strike on Norfolk-Southern.

(Special to The Times-Dispatch.)
Norfolk, Va., February 3.—Wage questions in dispute between the Norfolk-Southern conductors and trainmen have all been settled through the mediation of Judge Martin A. Knapp, of this city. The settlement was on the basis of an increase of from 3 to 14 per cent to conductors, brakemen, flagmen and baggage-men alike.

The trainmen, composing brakemen, flagmen and baggage-men, were holding out for other concessions, including a recognition of the union, but finally accepted terms of agreement similar to those accepted by the conductors, which call for increases ranging from 3 to 14 per cent effective as of February 1. Judge Knapp has returned to Washington.

The settlement of the wage difference means an ending of the threatened strike troubles on the Norfolk-Southern.

Norfolk, Va., February 3.—It was learned to-day that the Tidewater Ministerial Union, an organization composed of pastors of the several Protestant churches in this section of the State, have organized a commission to wage a crusade against vice, similar to the work that has been carried on in Chicago and New York. Rev. J. W. Shackelford, pastor of Colonial Avenue Methodist Church, is chairman of the commission. Other members include prominent laymen of different churches, as well as a number of ministers. No one connected with the commission would say just what the organization proposes to accomplish, or how it will begin its crusade against vice.
