

# ALL PHYSICIANS MUST REGISTER

### Few Weeks Remain in Which to File Certificates Under New Statute.

Only a little more than a month remains in which physicians of Virginia may file their certificates of license with the clerks of courts, as required by an act of the Legislature passed last winter. Every practicing physician in the State must attend to this duty by March 15, or within one year of the day the Governor signed the new law.

It is stated that the registrations are proceeding slowly, and the State Board of Medical Examiners is much concerned over the situation. It is explained that no hardship whatever is worked to any one who is entitled to be qualified, and that the proceeding will do away with quacks and with illegal practitioners in Virginia. Experience, it is stated, has amply demonstrated that conviction of irregular persons is impossible unless all physicians are properly registered. Under the old law the prosecution had to prove the irregularity, while under the new the defendant must prove his rights, which, if he is honest, he may easily do by the court records.

Many advantages are pointed out to regular physicians. People desiring medical aid can distinguish between qualified and unqualified men by examining the book in the office of the clerk of the Circuit or Corporation Court, where the certificates must be registered, and which after March 15 will be the official list. Practitioners duly registered may sue in the courts of the Commonwealth for recovery of charges for medical or surgical attendance and advice, they may sign valid medical death and birth certificates, they may assume the title of doctor, and may be exempt from serving on juries and in the militia.

Three forms of certificates are issued by the board, any one of which when registered makes the holder a legal practitioner. First, there is the regular form given those who pass the examination of the board, or who are granted reciprocity from other States. Second, there is a verification certificate to those who were legal and reputable practitioners prior to 1885, which is susceptible of proof in many different ways. Third, if none of the above provisions be complied with, a physician must go before the judge of the Circuit Court and the attorney for the Commonwealth in his county and city, and produce evidence that he was in practice in Virginia prior to 1885, new certificates to be remitted to Dr. Old by return of the State board, in Norfolk. A charge of 50 cents is made for certificates, to be remitted to Dr. Old by money order or in stamps. If a certificate is lost or misplaced, Dr. Old will furnish a blank form to be filled out for a duplicate, for which there is a charge of \$1. Physicians who register certificates with the clerk under the old statute need not re-register, provided they have not since removed from the locality.

## THE WEATHER.

Forecast: Virginia—Fair Friday; Saturday probably fair in north; unsettled south. North Carolina—Fair Friday; Saturday unsettled.

### Prof. George H. Fox, of the New York College of Physicians and Surgeons, says:

"The interior of the body needs cleansing as much as the exterior, and a liberal supply of pure water in the treatment of our patients will often bring about the desirable results which drugs have failed to accomplish."

The liberal use of a pure water is the best form of health insurance.

## Short News Stories From All Over Virginia

### COMPROMISE EFFECTED.

Burton Accepts \$2,000 in Settlement of \$3,500 Verdict.

Norfolk, Va., February 6.—Samuel L. Barton, the negro, formerly of Onancock, Va., and now of Baltimore, who in an action for \$100,000 against three officials and three citizens of Onancock and Accomac County, Va., for alleged racial conspiracy to drive him out of Onancock and confiscate his property, secured a Federal court jury verdict of \$2,500, to-day effected a compromise and accepted \$2,000 in full settlement.

### EXPECT OFFICIAL CALLS.

Greeks on Virginia Peninsula May Be Summoned Home.

Newport News, Va., February 6.—Many Greek subjects living in this city and on the Virginia Peninsula are expecting calls from the government of Greece to return to their native land to take up arms against Turkey. Versilios Pappas, who conducts a confectionery in Hampton, leaves tonight for New York to sail for Greece. He goes in response to an official call from his government.

### TEACHERS WILL MEET.

Superintendent Britt Arranging for County Institute.

Suffolk, Va., February 6.—Superintendent Lee Britt is arranging for a city and county teachers' institute to be held here on February 17. An interesting program will be rendered and a luncheon will be served the out-of-town teachers at the Jefferson school in Hampton, teachers. The luncheon will be prepared by the domestic science class of the Jefferson School and will be served in the girls' assembly room in the basement. All of the county teachers on this occasion will be guests of the Suffolk teachers of the high school faculty.

### WAGES OF MINERS.

Better Paid in Wise County Than in Other Sections.

Coeburn, Va., February 6.—Statistics show that miners' wages are higher here on the Clinch Valley than any other point in this entire section. In the Tom's Creek, Dante, Dump's Creek and Stone's Creek districts, along the Norfolk and Western, Carolina, Clinchfield and Ohio and Louisville and Nashville Railways, the report shows that the average annual wage paid to miners was between \$700 and \$800. Illinois only pays an average of \$510.88, while Indiana and Ohio compare favorably.

At several of the mines in the above districts are men who earn from \$4 to \$5 a day of eight or nine hours. The fact has been shown that our miners labor under better conditions than in the coal mines of other States. The fact has been shown that our mines and commissary prices here in the Clinch Valley fields are much lower than other sections of the country, and, taking everything into consideration, the Wise, Russell and Lee County coal fields are the best to be found.

### CITY IS GETTING RICH.

Money Pouring Into Bristol, Va., Treasurers From Liquor.

Bristol, Va., February 6.—With the revenue from its liquor business the municipality of Virginia Bristol is rapidly becoming rich. After meeting all financial obligations promptly, including the interest on its bonds and the retirement of bonds as they fall due, the city now has a balance of \$74,000 in its strong box, while May 1 will bring it to about \$50,000 additional in licenses to sell whiskey. With this large sum of money coming in annually the city is in a position to aid many causes. Its Council body last night voted \$400 to the Children's Home Society of Virginia. It has contributed an amount monthly to pay for a trained nurse to work among the poor people of the city. It is now considering the matter of establishing a "white way" in the business centre, thus illuminating the city until its night will be as bright as day. But in

the face of all these things, attributed in a measure to the right to sell whiskey in Bristol, the temperance people declare that there is another side to this picture.

### \$200 IS APPROPRIATED.

Given by Wythe County to Children's Home Society of Virginia.

Wytheville, Va., February 6.—The Board of Supervisors of Wythe County has voted an appropriation of \$200 to the Children's Home Society of Virginia, of which the Rev. J. J. Maybree, who has done much good among the waifs of this section of the State, is superintendent.

The society has cared for more than fifty destitute children from Wythe County, about twenty-five being taken from the county almshouse to Richmond to be placed in homes where they can be properly raised.

Mrs. Sarah East was only a few days ago sent to the State Penitentiary for eighteen months for cruelty to her adopted daughter, a child fourteen years old, physicians having testified that the child bore at least 100 scars on her body. The inhuman treatment the child received at the hands of Mrs. East was about the worst ever discussed in the court here.

### INCREASE IN SALE OF STAMPS.

Franklin Post-Office Shows Big Business for Month.

Franklin, Va., February 6.—Postmaster F. W. Rose announces that January has been the best month in the history of the local office, stamp sales for the month aggregating nearly \$1,100. As the usual stamp sales are between \$300 and \$500 per month, the postmaster credits \$200 or more to the parcels post, which is being liberally patronized here. If the stamp sales for February and March amount to as much as \$1,000 each, the fiscal year ending March 31, 1913, will show over \$10,000 worth of business for the office, which will entitle the town to free mail delivery and add \$100 to the salary of the postmaster. Postmaster Rose, who has held the office for the past four years and given an efficient administration, is an applicant for reappointment, his term expiring February 9, 1913. It is highly probable, however, that his confirmation will be held up, should he be reappointed, as there are several prominent local Democrats looking for the job.

### Eat Home-Killed Beef.

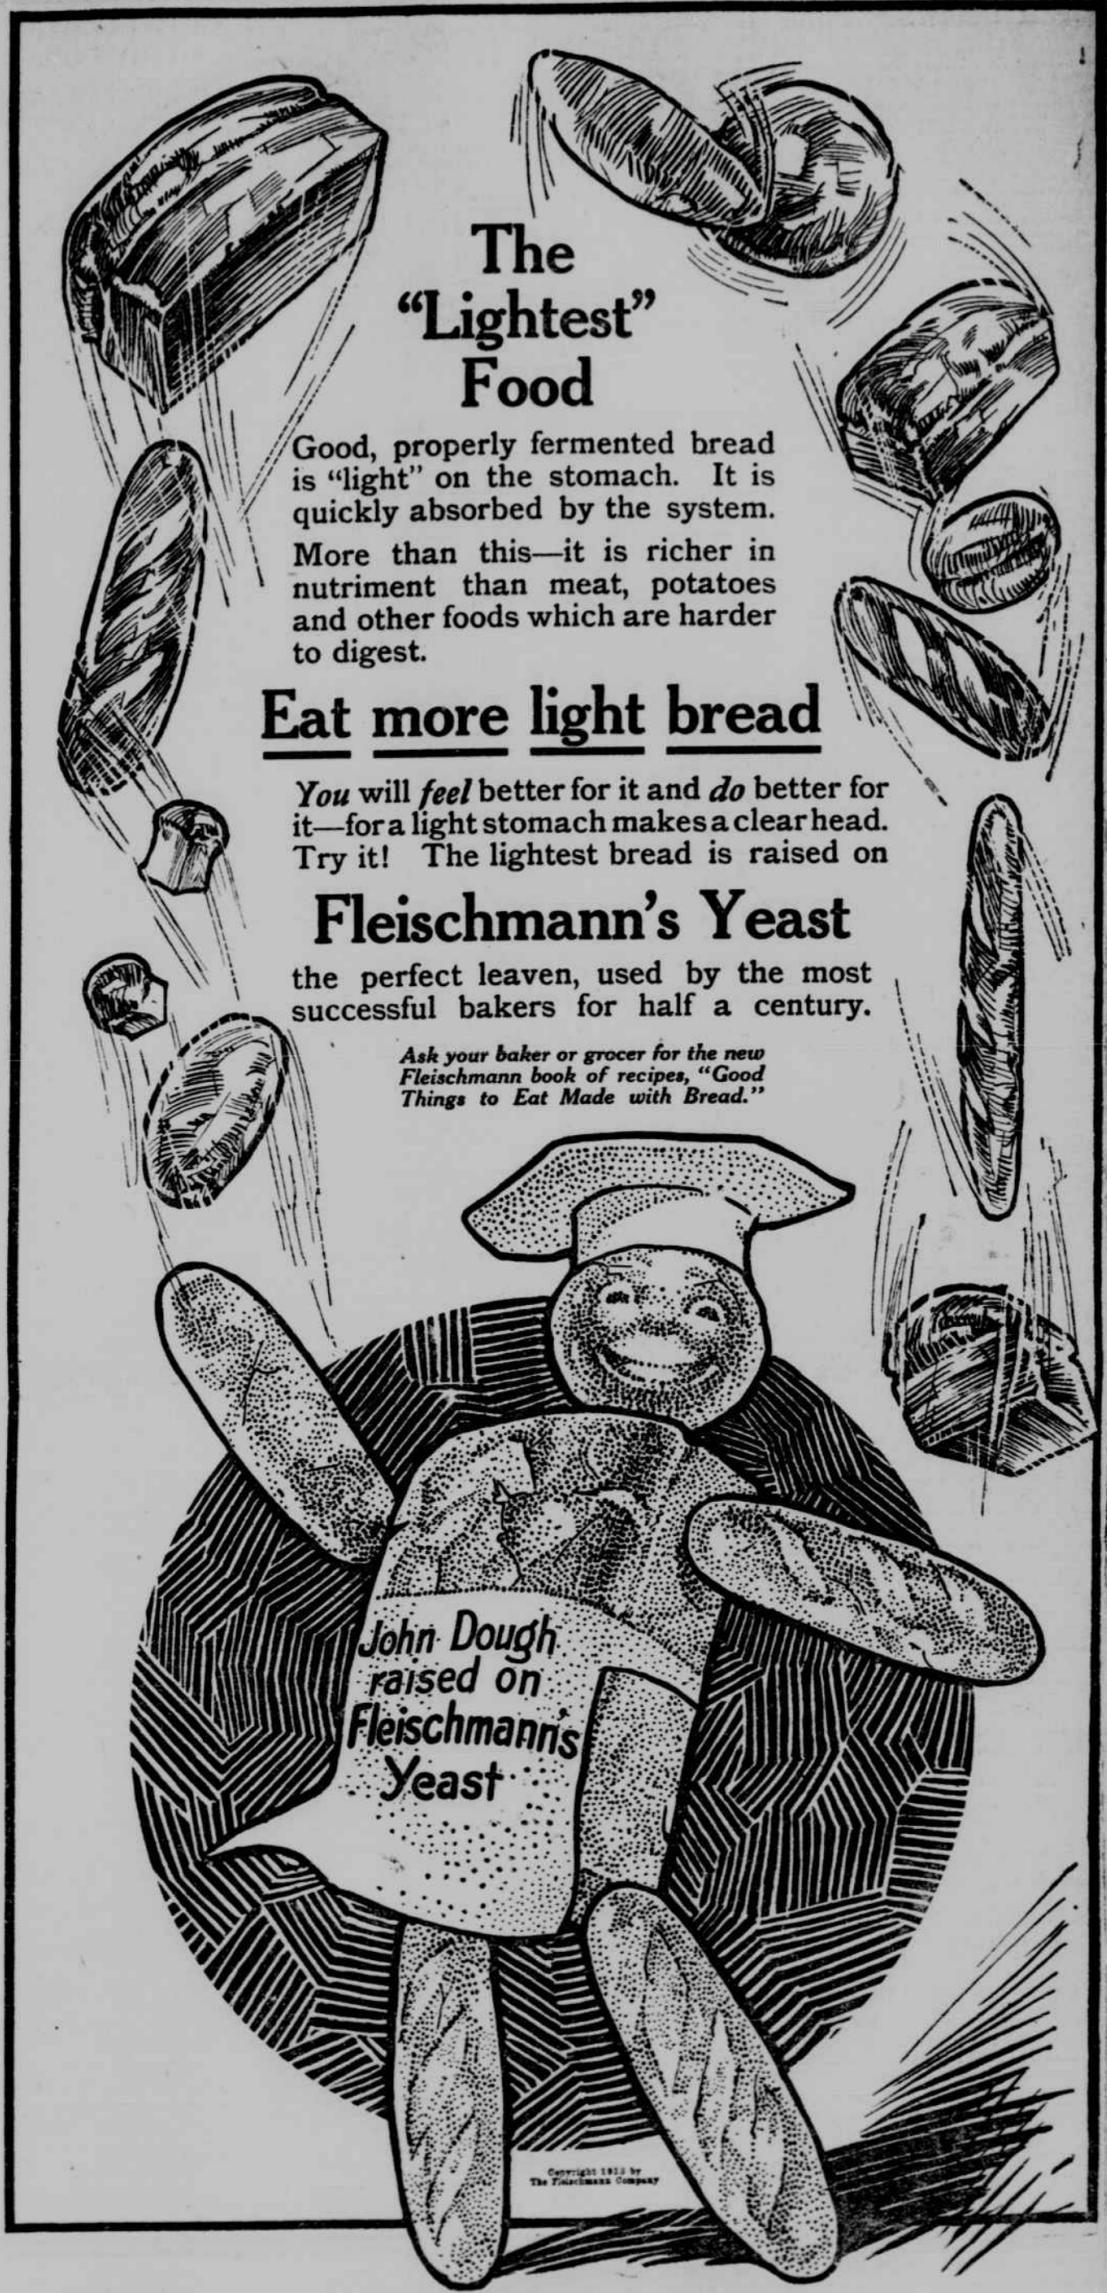

Norfolk, Va., February 6.—The people of Norfolk ate more home-killed beef in January than in the same month of the two preceding years. That was shown in the report submitted to the Board of Control yesterday by J. Plummer Baldwin, city veterinarian. Practically all of the cattle killed here were found to be in the best of condition, only one of the 219 carcasses being condemned. The report showed that eighty more animals were inspected during the past month than in January, 1912; eighty-one more than in January, 1911, and 117 more than in January, 1910.

### Brilliant Meteor Seen.

Lynchburg, Va., February 6.—A well-known physician who saw the meteor which was generally noted last September saw one even larger than that yesterday morning. It was about a quarter to 6 o'clock when he saw it dash across the sky, leaving a trail of fiery sparks behind it. The meteor looked as large as a man's head and emitted a greenish-yellow light, which seemed to brighten earth and sky alike as it traveled across the firmament in a southwesterly direction. So far no mention of its being observed elsewhere has been noticed.

### Social Service Federation.

The Social Service Federation will meet this afternoon at 4 o'clock at the headquarters of the Woman's Temperance League of America, 15 South Third Street. Interesting reports will be made by the committee appointed at the last meeting. Miss Roller, the probation officer, will give an address, outlining her work for the girls of the city. All philanthropic societies interested in the welfare work of the city are cordially invited to send representatives.

## The "Lightest" Food

Good, properly fermented bread is "light" on the stomach. It is quickly absorbed by the system. More than this—it is richer in nutriment than meat, potatoes and other foods which are harder to digest.

## Eat more light bread

You will feel better for it and do better for it—for a light stomach makes a clear head. Try it! The lightest bread is raised on

## SOCIETY IS STIRRED OVER "TURKEY TROT"

Prominent Matron at Charlottesville Refused to Attend Mask Ball Because of Ban on Modern Dance.

(Special to The Times-Dispatch.) Charlottesville, Va., February 6.—local society is much worked up over the Turkey Trot, and whether it is to be tabooed in the future, remains to be seen. It is rumored that a prominent matron refused to attend the mask ball held at the Armory Tuesday night because it was announced that the Turkey Trot and other "rag" dances would be prohibited, and that on the same night she gave a private dance to her friends at the dancing pavilion at Fry's Spring. Although signs were posted throughout the armory forbidding the Turkey Trot, many of those present danced it to their heart's content. The building was so crowded that the chaperons had a hard time keeping up with what was going on. The mask ball proved the big social event of the season, guests being present from Washington, Baltimore and a number of Virginia cities. A party of

Baltimoreans included Mr. and Mrs. F. S. Todd, Mr. and Mrs. John Shaw, Mr. and Mrs. Redmond C. Stewart, Mrs. Baldwin and Mr. Thomas. The costumes worn by these visitors were exceedingly pretty. Mrs. Todd and Mr. Shaw were attired as Indians; Mrs. Stewart and Mrs. Baldwin as Pierettes; Mrs. Shaw as a Dutch Girl; Mr. Todd as a Scotchman, and Mr. Thomas as a "Weary Willie."

Mr. and Mrs. Arthur N. Vin, of Pittsburgh, had with them their two house guests from France, in the roles of French art students. Mrs. William Pitts was accompanied by her guest, Mrs. Shields Russell, of Baltimore. Mr. and Mrs. E. D. Taylor had Mr. and Mrs. Walker, of Washington, Miss May Young, of Louisville, the guest of Mr. and Mrs. J. Allen Wheat, was a pretty flower girl. Mrs. Russell Bradford was Columbia. The event of the ball was the Spanish Dance, admirably executed by eight charming matrons and maids. The dancers were Mrs. Arthur Nevins, Mrs. William Pitts, Mrs. W. D. Watson, Mrs. Theodore Hough, Mrs. E. D. Taylor, Mrs. R. M. Bird, Mrs. Edith Somers and Miss Sue Dabney. University of Virginia students were much in evidence, and many of the costumes worn by the men were very original.
