

LOSES HIS PLACE BECAUSE HE CAN'T QUIT CHURCH WORK

Jones Defeated by Twyman for Superintendent in Buckingham.

BOARD DEMANDS MAN'S WHOLE TIME

This Ruling Agreed On After All-Day Session, in Which School Charges Were Freely Aired—Hodges Wins in Alexandria County Contest.

School Superintendents

- Carroll County—E. M. Cooley. Nansemond County—J. H. L. DeJarnette. Stafford County, C. V. Shoemaker. Warren County—Thornton V. Leach. Buckingham County—John A. Trammell. Alexandria County—W. T. Hodges (already appointed and charges against him not sustained and dismissed).

John A. Twyman was appointed division school superintendent of Buckingham County over Rev. Plummer F. Jones after the State Board of Education in executive session last night had asked each candidate by letter if he could devote his entire time to the work. This question was not brought up at the public hearing yesterday when many witnesses testified to the fitness of the two candidates. Early in the night R. C. Stearnes, Superintendent of Public Instruction, sent a letter to Mr. Jones and Mr. Twyman calling attention to the fact that the board desired to name a man who could be in a position to serve the Buckingham schools exclusively.

While it came unexpectedly and in the nature of a surprise, Mr. Jones, who defeated Mr. Twyman for the appointment four years ago, replied that he would care to give up his ministerial duties in which he had been engaged for the past ten years. Mr. Twyman wrote that he was prepared to comply with the board's wishes.

In support of the candidacy of Mr. Jones, his counsel yesterday submitted a letter from J. D. Eggleston, former Superintendent of Public Instruction, in which the statement was made that Mr. Twyman was "only 60 per cent efficient." This letter was read into the record as evidence. Superintendent Stearnes was asked after the secret session how the board reconciled its action with that of four years ago.

"They are different boards," he said. "Mr. Eggleston might give a man 60 per cent, and I might give him 90 per cent."

It was stated that the board was unanimous in the appointment of Mr. Twyman. In a signed statement to the board Mr. Twyman last night formally withdrew the charges he had previously made against Mr. Jones.

The board adopted a resolution stating that the school demanded the entire time of the superintendents, and regarding the entire time and the two candidates in Buckingham, as follows: "Resolved, That the letters of Messrs. Twyman and Jones be spread upon the record, and the board expresses its pleasure that the incident has closed in this amicable manner. "Second, That it is the judgment of this board that the demands of the public free schools of Buckingham County require the entire time and attention of the division superintendent."

FOR SANE ECONOMY

President Passes Word Along for Estimates of Appropriations Needed.

Washington, October 16.—The actual effect of the new tariff law upon the government's revenue will be disclosed by detailed comparisons and computations now being made for Secretary McAdoo.

Estimates of expenses for all branches of the government are almost finished. President Wilson has passed word along for sane economy and Treasury officials interpret it as meaning that the estimate beyond what is necessary to provide a margin for the congressional appropriation committees to cut down—a practice charged by officials against past regimes, nor to stultify any government service so much as to cripple it.

While the customs revenue has fluctuated too much to warrant any satisfactory estimate as to what may be expected, the internal revenue receipts are running up a normal record all along the line, each showing \$1,000,000 in excess of the same period of the last fiscal year.

MR. JONES IS ILL

Representative of First District Continued to Bed at His Home.

Washington, October 16.—Representative William A. FOREIGN TRADE INCREASE

Eight Months Show Decrease in Imports and Increase in Exports.

Washington, October 16.—A large increase in the foreign trade of the United States was shown in figures recently made ready by the Commercial and Domestic Commissioners. For the eight months ending August 31, 1913, the total value of imports and exports reached \$1,525,190,000, compared with \$1,487,900,000 for the corresponding period last year.

WILSON WILL DEAL WITH LONGER HUERTA REGIME

Further Steps Toward Bringing Peace to Mexico Considered.

ATTITUDE NOW ONE OF WAITING

Trend of Events Unmistakably Toward Conducting Negotiations With Constitutionalists, but Nothing Will Be Done Until After October 26, Date Set for Election.

Washington, October 16.—President Wilson indicated today to those who discussed the Mexican situation with him that he was irrevocably determined to deal no longer with the Huerta regime, but that further steps toward bringing peace to Mexico were being considered. No move is expected, however, until after October 26, the date set for the Mexican election.

Just what the Washington government will do is yet a matter of speculation among high officials, but the trend of events, they say, is unmistakably toward conducting negotiations in some form or another with the Constitutionalists.

The policy of the United States has been to make complete the record of having attempted to handle the problem by peaceful means. Up to the present, efforts have been carried on with the Huerta authorities, who have rejected the good offices of the United States. Strong pressure now is being brought to bear upon the president and Secretary Bryan to give the Constitutionalists an opportunity to compose the situation through the support of this country.

Attitude One of Waiting. Reports that the president was preparing to recognize the beligerents of the Constitutionalists are based chiefly upon the friendly disposition toward them that has arisen among administration officials since Huerta's repudiation of the 5 per cent duty which the president will not take any action until Attorney-General McReynolds shall have "settled" the question by an opinion which he is preparing and which he will send primarily to the State Department, although it is intended ultimately for the president.

Underwood Opposes Repeal. It is understood that the Attorney-General will assist the opinion of Commissioner Folk for repeal, Chairman Underwood, of the Ways and Means Committee of the House, is determined in his opposition to repeal, and his committee stands behind him.

Demand Against Tampering With Discount Is Vigorous.

MANY PROTESTS BEING RECEIVED

President Waits the Opinion of Attorney-General McReynolds, Which, It Is Understood, Will Be for Repeal—Underwood Opposes Action.

Washington, October 16.—The demand that Congress shall not tamper with the 5 per cent discount provision of the new tariff law found vigorous expression in a statement by Senator Martine of New Jersey, in the Senate today. The New Jersey senator, voting a strong Americanism, urges Congress to abrogate treaties if they interfere with the exercise of right of Congress to favor American shipping.

On the ground that the Hay-Panncote treaty with Great Britain interferes with too many American rights, at least so claimed by Great Britain, Senator Martine urged the Senate to recommend the repeal or abrogation of that convention. He told the Senate he had received many protests that the 5 per cent rebate provision of the new tariff law was a violation of that treaty.

Underwood Opposes Repeal. It is understood that the Attorney-General will assist the opinion of Commissioner Folk for repeal, Chairman Underwood, of the Ways and Means Committee of the House, is determined in his opposition to repeal, and his committee stands behind him.

PRESIDENT TAKES HAND IN CURRENCY BILL SITUATION

Inquires of Doubtful Senators Prospects for Legislation.

HIS CONFERENCE IS SATISFACTORY

Reiterates Confidence That Measure Will Be Passed Before December Session, but Thinks His Presence Is Required, and Cancels Plan to Leave Washington.

Washington, October 16.—President Wilson took a hand in the situation in the Senate Banking and Currency Committee today, personally inquiring of Senators Hitchcock, Reed and O'Gorman, the only three Democratic Senators whose attitude has been a matter of doubt to the administration just what were the prospects for currency legislation during the present session of Congress.

Later the President described his individual conference with the three Senators as satisfactory and reiterated his confidence that the measure would be passed by the Senate before the December session. He determined, however, that while the situation was improving daily, his constant presence in Washington is required, and cancelled his plan to go to-morrow, with Secretary of the Navy Daniels and other members of the Cabinet, to witness target practice of the Atlantic fleet off the Virginia Capes.

Mr. Wilson told the Senators that he had been asked by Representative Underwood what the House should do as to recess, since members were growing restless under the delay. All three senators assured the President they favored as early a report as was consistent with careful study of the House bill.

Support of Republicans. Senator O'Gorman declared that if the bill was not made a party measure but was so framed that some Republicans could support it, there would be less debate in the Senate, and the measure could be passed at this session.

Not Partisan Measure. According to Senator Hitchcock, the President does not desire the currency bill to be made a partisan measure, and would welcome Republican support.

Expecting Early Action. Raleigh, N. C., October 16.—Senator Mc Simmons, chairman of the Senate Finance Committee, paid his first visit to Raleigh today in nearly a year, in the meantime, having been re-elected for six years.

Find Nothing Suspicious. Philadelphia, October 16.—The schooner Woodward, Abrahams, which was intercepted off the Delaware Capes yesterday and towed to this port today by the revenue cutter Seneca for an examination of her cargo, was cleared by eight customs inspectors and nothing was found aboard her to warrant suspicion that she was carrying merchandise to be smuggled into the United States.

Philadelphia, October 16.—The appalling yearly loss by fire in this country is only one of many manifestations of a spirit of wastefulness which has become an ingrained part of American thought and habit, declared William C. Albany, N. Y., October 15.—By the overwhelming vote of 33 to 13 and 43 to 14, William Sulzer was this afternoon convicted by the high court of impeachment on three counts. These charged him with falsifying his contribution list, committing perjury in swearing to it and seeking to suppress evidence against himself.

Court Shows Mercy. By an unanimous vote in secret session to deprive him of his right to hold office of public trust in the future. This mercifully spares to him his bar certificate and such a political future as he may be able to make for himself.

Four More Counts. There remain four counts to vote upon to-morrow before the impeachment comes up. On the third count charging bribery the Governor was unanimously acquitted. Of the others diverting campaign funds will be considered seriously.

Like Business Session. More like a business session of the Senate than the removal of an officer of the Governor of a great State was the open session in which the four votes were taken, three of which assured Mr. Sulzer's political ruin.
