

SERIOUS DANGER OF CAR SHORTAGE

Corporation Commission Issues Warning to Railroads and Shippers.

ALL URGED TO CO-OPERATE

Movement of Crops Strains Transportation Companies. Duty of Carriers.

Co-operation of shippers and railway lines will be required to prevent a serious car shortage, according to a formal statement issued yesterday by the State Corporation Commission. The circular, which explains itself, follows in full:

"The movement of crops at this season is a strain upon the railroad, and informal complaints to this commission indicate that the failure of transportation facilities, known as 'car shortage,' has again appeared.

"The commission, therefore, urges on carriers and shippers that proper attention to methods of loading, unloading, moving and promptly returning for use the equipment now available will aid materially in making the present supply of cars sufficient for all purposes.

"The commission urges shippers to co-operate to secure the prompt and full loading of cars and their prompt release. Consignees have no right to hold cars for storage purposes, and should release cars before the expiration of the free time if practicable. The general public interest requires that there should be no unnecessary detention of cars.

"But the efforts of shippers will be of no avail unless the carriers take the necessary steps to eliminate all delays chargeable to them.

"The failure of car supply is for the most part due to failure of car movement.

"The congestion of terminals is the ever-present feature at times of such failure.

"Where It Hurts Shipper. Delay by carriers in removing cars after they have been unloaded and placing them where needed, and slow movement in transit, prevent shippers from obtaining cars promptly.

"The methods of operation of terminals and of the lines are under the control of the carriers.

"Company material should also be unloaded with the same dispatch that is required of shippers.

"Some railroads have a reasonably adequate equipment for their business. Others fall short of their public obligation in providing equipment, and prefer to pay a low per diem, and use largely the equipment of other roads.

"The per diem is fixed by the American Railway Association, and is, therefore, under the control of the carriers.

"At this season of the year, the per diem should be higher. Instead of 50 cents it should be \$1, in order to insure prompt return of equipment to the owning road.

"The commission is moved to issue this circular by its desire to save both carriers and shippers from the loss occasioned by failure of car supply, and by its knowledge that measures such as here suggested have operated in past seasons to save all concerned from heavy losses.

"The Interstate Commerce Commission and some State commissions have issued circulars in substance the same as this, and it is to be hoped that there will be response in co-operative effort, both by shippers and carriers."

NATIONAL GUARD IS READY FOR WAR

North Carolinians Eager to Do Their Share in Event of Trouble.

POE STUDIES RACE PROBLEM

Expects to See His Plan Go Through in Spite of Opposition in Senate.

Raleigh, N. C., November 13.—Adjutant-General Laurence W. Young, of the North Carolina National Guard, says practically every company of the North Carolina guard has expressed to him officially its readiness, and, indeed, its eagerness, to take up service if there is trouble with Mexico that requires the calling out of the troops. General Young says the companies, officers and men are ready to go right into service, and want to go out on the very first call.

Race Problem Investigation. The executive committee of the North Carolina committee of rural race problems has been called by President Clarence Poe to meet in Shelby next month at the same time that the State Farmers' Union meets there. President Poe says he never knew a new idea to grow faster than this idea of setting aside some rural neighborhoods exclusively for white ownership. "Please note," said Mr. Poe, "that voluntary white segregation by people who want it is rather different from compulsory segregation of negroes by people who don't want it. Some people are constantly confounding one with the other."

Great headway was made, Mr. Page says, during the last Legislature. The House of Representatives, headed chiefly of farmers, almost unanimously voted for a special commission to investigate the subject and suggest needed legislation to the General Assembly, and while opposition, chiefly of city lawyers, defeated the measure in the Senate by two votes, the majority of the farmers are in earnest, and will push the plan to success sooner or later.

Miss Flora Creech, deputy collector, office service; salary, \$1,000.

Bryce Little, deputy collector, duty of messenger, file clerk and personal stenography; salary, \$900.

Charters Issued. The Connelly Knitting Mill Company, of Connelly Springs, was chartered to-day with \$100,000 capital authorized and \$11,000 subscribed by B. D. Mill, E. J. Hutson and others, for manufacturing cotton yarns, operating one or more knitting mills, also flouring mills and other manufacturing plants.

Another charter is to the Tenley Furniture Company, of Goldsboro. Capital: \$25,000 authorized and \$6,000 subscribed by W. V. Williams, M. H. Henley and others.

Governor Returns. Governor Craig returned this morning from Henderson, where he went to attend the wedding of Miss Genevieve Cooper, daughter of Mr. and Mrs. D. Y. Cooper, and Claude D. Smith, of Greenville, S. C., last night.

Fail to Give Bond. J. W. Syles has been lodged in Wake jail to answer the charge of practicing dentistry in the Knightsdale neighborhood without license. He claims that what dental work he does is not charged for and that he has done such work at intervals for the past forty years. He is from Pilot Mountain.

YOUR HAIR MAY BE YOUR FORTUNE

Beautiful hair has made the fortune of many a woman, by adding charm and loveliness to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful, with it you will be at least pretty.

To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking away the dull harshness and stringiness, softening and polishing every hair in your head, and making it soft, silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony Laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Polk Miller Drug Co., 834 East Main Street, Richmond, Va. RIVAL FACTIONS WORK ALL DAY ON CURRENCY BILL

(Continued From First Page.)

split came. They will insist upon four reserve banks, publicly owned and controlled, and the redemption of the notes issued, whether at the treasury or by the reserve banks, in gold only. Upon other questions they probably will not differ substantially from the Democrats. These five Republicans and Mr. Hitchcock will join in a common report.

At the session Saturday the Democrats will ask the Republicans to agree with them on as much of the bill as possible in a joint report. In any effort to bring some of them over to a few of the essentials as demanded by the administration, there will be no haste in reporting the bill. The next week will be devoted to a last effort to "get together."

In the Senate consideration of the bill will proceed at once, just as if the close of the special session by limitation of time was not upon the Congress, and the regular session must be called the first Monday in December.

Predictions were made by Senators to-day that the currency bill will not be enacted into law until well into February.

To prevent disease— resist disease germs

SMALLPOX is prevented by vaccination — the injection of vaccine. DIPHTHERIA is prevented by the injection of anti-toxin. These enable the body to produce substances which prevent the growth of smallpox and diphtheria germs in the blood. There are many other diseases, nearly, if not quite as dangerous, and far more common — typhoid fever, the grippe, bronchitis, pneumonia, catarrh, rheumatism, and a score of others — that can be prevented less painfully and more easily by making the body strong to resist germ infection.

Olive Oil Emulsion

(With Hypophosphites)

Is designed for the prevention as well as the relief of disease — by enabling the body to overcome the germs. It, at the same time, strengthens and tones the nerves, nourishes the blood, puts the entire system into a proper healthy condition to combat and successfully resist disease.

Every person not in perfect health has incipient germs of some distressing ailment in his or her system. Cold weather, over-work, excesses of any kind, are liable to bring about just the conditions under which those latent disease germs will get the upper hand, and put you on your back "down sick."

You who are run-down, tired-out, nervous — You who, though not sick enough to give up, still don't feel good — You who are apparently well, and want to stay well — Take home a bottle of Rexall Olive Oil Emulsion to-day, and use it as a means to get well and keep well.

Rexall Olive Oil Emulsion is a real nerve-food tonic. In this it is different from most other so-called "tonics" which either have no food value and do nothing more than temporarily stimulate you, leaving you in a worse condition than before or, having food value, still are so unpleasant to take that many people can't keep them down.

Rexall Olive Oil Emulsion is pleasant to take. The Hypophosphites it contains tone the nerves. The pure Olive Oil nourishes both nerves and blood. Rexall Olive Oil Emulsion strengthens you, puts snap and ginger and vitality into your system. It makes you feel better and stronger. It improves your digestion and your bowel action.

It contains no alcohol nor any dangerous or habit forming drugs. It is guaranteed to be just as represented above — to do all that is claimed above — to satisfy you in every way, or your money back without quibble or question. Enough for full two weeks' treatment, \$1.00.

Sold only at The Rexall Stores — the World's greatest Drug Stores — and always with a full guarantee of complete satisfaction, or your money back.

MATTER NOT SETTLED ON CONVENTION FLOOR

Daughters Refer Proposition to Establish Chair of Southern History in Peabody Institute.

New Orleans, November 12.—Whether the United Daughters of the Confederacy would contribute \$50,000 to establish a chair of Southern history in the Peabody Institute for training the teachers was a snag on which the convention hung for a confusing half-hour to-day. It was impossible to settle the matter on the convention floor, and through a compromise the matter was put into the hands of a special committee.

In her report for the committee on education, Miss Mary B. Poppenheim, chairman, recommended that the proposal to raise the \$50,000 be abandoned, as so much moment work had been undertaken. The recommendation brought strenuous protest. It was with difficulty that President-General White kept a semblance of order, and even then many women were talking at one time. During this confusion motions to adjourn were made, but they were not put to vote.

The Peabody incident broke in upon a day of routine work. Many committees and officers read their reports, and Mrs. C. B. Tate, the treasurer-general, planned the delegates by reporting that there is \$12,000 in the treasury. Other reports showed the organization in good condition and growing.

Giving a prize for the best essay on the Confederacy has met with great favor, and after it was announced that Miss Hortense Herman, of Baltimore, had won the 1913 prize of \$100 for her essay on the "Bank and File of the Confederacy," it was unanimously voted to offer the same prize for next year's contest.

From all appearances only two candidates will be nominated for the office of president-general. It is said that many of the delegates are leaning toward Mrs. Daisy McLaurin Stevens, of Mississippi, in her race against Mrs. X. D. Eller, of Virginia. It is said that this is because the Virginia delegation is anxious to return Mrs. C. B. Tate as treasurer-general, and many do not believe two general officers should be elected from the same State.

That the Daughters want only policies that concern their own organization was evidenced again to-day, when the minutes of yesterday's meeting was read. When the secretary noted that the convention had refused to receive greetings from a suffragist convention also meeting in New Orleans, a cheer broke out in the convention hall.

Social features continue to take much time of the delegates. To-night they were entertained at the French opera. Mrs. Thomas M. Owen, of Montgomery, Ala., president-general of the Women's Auxiliary to the Southern Commercial Congress, addressed the convention on what her organization is doing to have some of the ports at the Panama Canal named for Southern heroes. By resolution, the Daughters heartily endorsed the plan, and later a resolution was adopted which provided that each division president of the Daughters urge her representative in Congress to further the proposal.

A singular honor was bestowed upon Mrs. L. H. Raines, who to-day resigned her position as custodian-general of crosses of honor. She was elected to the office of referee of crosses of honor for a life term. This office was created for her largely as a testimonial of her work in the former office. She reported that the organization has bestowed 78,761 crosses of honor, in the seven years she held the office.

TRAIN HITS CART, KILLING RIDERS

Confederate Veteran and Friend Badly Mangled in Accident.

[Special to The Times-Dispatch.] North Emporia, Va., November 12.—Late this afternoon a northbound train of the Atlantic Coast Line Railroad, at a crossing near the corporate limits of the town, killed Eugene Spratley and Luca Tomlinson. A two-horse wagon, in which they were riding, was completely demolished, the team escaping unharmed. Mr. Spratley was a Confederate veteran. He is survived by a brother, William Spratley, who is an inmate of the Confederate Soldiers Home at Richmond. Mr. Tomlinson was unmarried, and resided with his father about ten miles from Emporia.

TWO BOYS BADLY MANGLED BY CAR

Pony Throws Them on Track. Motorman and Conductor Placed Under Arrest.

[Special to The Times-Dispatch.] Salem, Va., November 13.—Gordon Hix, aged fourteen, son of Mr. and Mrs. H. Winston Hix, and Berry Crawford, aged eleven, son of Mr. and Mrs. Walter Crawford, were instantly killed at 4:45 o'clock this afternoon by an electric car. The boys were riding a pony, which threw them in front of the car. Both bodies were mangled beyond recognition, and the pony was killed also. The conductor and motorman in charge of the car were placed under arrest. Both are deeply distressed over the accident. Both boys were members of prominent families, and the tragedy caused great excitement.
