

PRESBYTERIANS ERECT FIREPROOF BUILDING

Publication Committee Moving Into New Concrete Home on Sixth Street.

BUSINESS HAS GROWN RAPIDLY

Branch of Church's Activity Doubles Investment in Real Estate, and Is Enabled to Equip Itself for Larger Work.

While carpenters are still busy with hammer and saw on the interior work, the Presbyterian Committee of Publication has begun to move into its new five-story building on Sixth Street between Main and Franklin Streets. By the time the big structure is fully completed, the immense stock of books and periodicals will be installed, and the enormous business of the concern will be carried on without interruption. The contractors will turn the building over to the owners on November 1.

COINCIDENT WITH THE FORMAL OCCUPANCY OF THE BUILDING, THE COMMITTEE WILL ADD NEW DEPARTMENTS TO ITS BUSINESS, AND WILL INCREASE ITS NUMBER OF PAPERS FROM FOURTEEN TO TWENTY-ONE. WITH ITS NEW FACILITIES FOR HANDLING ITS PRODUCTS, IT IS BELIEVED THAT THE COMMITTEE WILL, IN A FEW YEARS, DOUBLE ITS OUTPUT. ITS YEARLY SALES HAVE INCREASED TENFOLD IN THE PAST DECADE, AND FURTHER ADVANCES ARE CONFIDENTLY EXPECTED.

LARGEST PATRON OF RICHMOND POST-OFFICE

It is hard to realize the enormous business that is being done by the Presbyterian Church through its committee on publications. Some idea of its enormity may be gained by the fact that the committee is probably the largest patron of the Richmond post-office. Its papers alone have a monthly circulation of more than 1,000,000 copies, while they form only a part of the big business.

TRAINING SCHOOL ON FOURTH FLOOR

On the second floor will be the retail and mail-order book department. It will have the largest stock in the State of Virginia. The third floor will be given over to a new department devoted entirely to books and pamphlets issued by the committee. This stock will consist of theological works, books of sermons, missionary textbooks and tracts for free circulation. These tracts are devotional, doctrinal and evangelical, and number more than 100,000 volumes a year.

GROWTH OF BUSINESS HAS BEEN PHENOMENAL

The bulk of the business is done with church workers. The committee specializes on books and materials of special interest to church and Sunday school workers, but carries current literature of the better class, eliminating sensational and off-color fiction.

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While If Your Bladder Is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sore, inflamed and sluggish. When your kidneys get sluggish and clog you must relieve them. Like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue in coat, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, watery acids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate of soda, and is the best remedy for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life savor for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

New Fireproof Presbyterian Building

Arm of church's activity now moving into new home on Sixth Street near Main, designed to meet its rapidly growing business.

fiscal years ending April 1. The tabulation follows:

1903	\$43,587	1904	\$92,201
1905	\$105,307	1906	\$116,951
1907	\$129,000	1908	\$146,054
1909	\$160,224	1910	\$164,057
1911	\$185,962	1912	\$202,046
1913	\$214,539	1914	\$227,475

REAL ESTATE HAS MORE FILAN DOUBLED IN VALUE

The committee first began its work in 1861, and was burned out at the evacuation of Richmond. Three years later it purchased its first building, located on the site of the present American National Bank Building. This property was sold in 1903, and the building now occupied was then erected.

In the substantial advance in values of real estate, the committee more than doubled its investment on the property at Sixth and Grace Streets, which it has sold to Miller & Rhoads for a sum sufficient to enable it to modern fireproof quarters.

R. E. Magill, formerly of Nashville, Tenn., took charge of the executive end of the business, and has been the active head of the business since 1903. The committee is elected each year by the General Assembly of the Presbyterian Church, South.

Cralle at "Campbellton," has gone to her home at Rainwood. Miss Carrie Norris, of Lively, was visiting in Heathsville this week. Mrs. Tense De Shields, of Washington, is visiting her aunt, Mrs. L. Hundley, at her home near Nokomis. Miss Junice Boggs, of Warsaw, is spending this month with her sister, Mrs. C. R. Hill, near Nokomis.

spend several months with relatives and friends near Oakland and in other parts of the Northern Neck. J. W. Welch and Thomas Beris, of Downington, are visiting the latter's brother in New Jersey.

Ernest Harding recently visited his mother, Mrs. Judith Harding, of Wisconsin. Mrs. J. W. Anderson has returned from a very pleasant visit to her daughter, Mrs. Charles Thomas, at Merry Point.

Dr. Osler on Tuberculosis

SIR WILLIAM OSLER, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, and now Regius Professor of Medicine at Oxford, says, in his "Practice of Medicine" (1892), on page 249: "The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. * * * In the granulation products and associated pneumonia a scar-tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alone should the term healing be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and it seems reasonable to assume that the success of Eckman's Alternative in this and allied throat and bronchial affections is due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated by the average person. Widespread and continued use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial in such cases, unless some other form of treatment already is succeeding. Eckman's Alternative contains no opiates, narcotics or habit-forming drugs. Therefore, it is safe to take. We make no promises concerning it, any more than reputable physicians give promises with their prescriptions, but we know of many cases in which it HAS HELPED. Your druggist has it or can get it, or you can order direct.

Eckman Laboratory Philadelphia.
