Criminal Violation of Antitrust Law Charged Against Twenty Present or Former Officials.

SEVERAL TO CLAIM IMMUNITY Action Is Outcome of Inquiry Into Road's Affairs, Which Has Been in Progress Before Federal Grand Jury for Several Weeks.

NEW YORK, November 2.—Within a few hours after the handing down to-day of Federal grand jury indictments, accusing twenty present or former directors and the former general counsel of the New York, New Haven and Hartford Railroad of criminal violation of the Sherman antitrust law, four defendants entered pleas of not guilty in Federal Court and were released under bond. It was reported to-night that several of those indicted would claim immunity, on the ground that they appeared as witnesses in the Interstate Commerce Commission's investigation of the New Haven's affairs.

The indictments to-day were the outcome of a grand jury inquiry which has been in progress for several weeks. Charles S. Mellen, former president of the New Haven, and principal witness in this inquiry, was not indicted. A list of officers and former directors mentioned as "conspirators." The late J. P. Morgan is named in this bill as one of the conspirators.

George F. Baker, rated in recent years as leading financial power of Wall Street, was named as one of the country's best-known attorneys, and Charles M. Pratt, a Standard Oil director, appeared personally in court to enter their pleas. George MacCollister Miller, who is eighty-two years old, was represented by his son. Their bail was fixed at \$5,000 each.

George F. Baker is chairman of the First National Bank of New York, one of the wealthiest men in the United States, and, until recently, a director in more than sixty railroads and industrial corporations.

Henry K. McHarg is a director in nine other railroads and industrial corporations.

Thomas De Witt Cuyler is one of the wealthiest men in Philadelphia, and has large banking and railroad interests.

Robert W. Taft, of Providence, R. I., is a director of several other New England corporations, and Royal C. Taft, who was mentioned in the list of conspirators not indicted, was a former chief of the State of Rhode Island. Mr. Taft died in 1912.

William Skinner, of Holyoke, Mass., has large interests in New England manufacturing enterprises and in other railroad corporations and insurance companies.

DEPARTMENT OF JUSTICE EXPECTS BITTER FIGHT WASHINGTON, November 2.—No body in the Department of Justice believes the attempts to try directors of the New Haven Railroad for criminal conspiracy in restraint of trade will be successful without a bitter fight. There is every intention on the part of officials to get conviction if possible. Special counsel has been retained, and the Attorney-General probably will give personal attention to the developments of the case.

During the year or more the New Haven has occupied the attention of official Washington, it has figured in spectacular speeches in Congress and in stirring testimony before the Interstate Commerce Commission.

MAIL SURPRISED AT NEWS OF HIS INDICTMENT NORFOLK, November 2.—Theodore N. Vall, president of the American Telephone and Telegraph Company, who is here recovering from slight injuries received in a fall at Cape Henry Saturday, declined to discuss his indictment. He seemed surprised when informed of it.

NEGRO BOY SAYS HE DIDN'T KNOW GUN WAS LOADED

Samuel Vaughn Instantly Killed by Weapon Discharged by Anderson Bagby.

CORONER HOLDS INQUEST Fifteen-Year-Old Negro Is Held for Trial Before Magistrate Sunday in Henrico County—No Evidence of Intent to Kill.

Samuel Vaughn, a seventeen-year-old colored youth, who lived on the Williamsburg Road, was instantly sent to his death at noon Saturday, when fifteen-year-old Anderson Bagby, also colored, leveled a single-barrel shotgun at him and blew the top of his head completely off with a load of buckshot. The youth says he did not know the gun was loaded. Bagby's father surrendered him to the authorities shortly after the killing, and the boy is being held in the Henrico County Jail until Sunday. He will be given a preliminary hearing this morning at 11 o'clock before Magistrate H. S. Sunday.

An inquest was conducted yesterday by County Coroner J. E. Bright at the County Courthouse. The coroner's jury found that Vaughn came to his death from gunshot wounds inflicted by Bagby, and, while the youth who fired the shot was not present, the killing was accidental. It will be in court before he will be released. From statements made yesterday, it appears certain that the youth entertained no ill will toward the boy he killed, and just before he fired upon him he had pointed the gun at another youth, but did not pull the trigger on that occasion.

CAME OVER WITH OLD SHOTGUN IN HANDS Vaughn, with a younger brother, is said to have been at work whitewashing the walls in a room at his home, when Bagby, who lived at some distance away, came over to see the old shotgun in his hand. He entered the room and talked with the Vaughn brothers. He is said to have pointed the gun at the younger brother, but when Vaughn boy, who told him the gun in another direction, as he was afraid it might be loaded. Bagby then leveled the weapon at the older brother, who was standing in a chair at the time. When Bagby pulled the trigger a load of buckshot crashed into Vaughn's forehead just above the eyes, tearing away the upper portion of his skull and scattering his brains upon the floor. Several negroes were soon on the scene.

When Bagby's father, Griffin Bagby, arrived and saw what had happened, he surrendered his son to the officer T. W. Seay, who had the boy locked up in the County Jail. Bagby protests that he did not know the gun was loaded, and that he had merely seen the gun in the hands of the two boys. The Bagby and Vaughn families are neighbors and reside on the Williamsburg Road, between the city limits and Seven Pines.

Henry B. Cullen, traveling passenger agent of the Chesapeake and Ohio Railway, returned to Richmond yesterday from an extended visit through the West and a general tour of the exposition sites at San Francisco and San Diego. He reported last night that he was astonished at the remarkable progress which had been made in preparing the exposition for the grand openings on January 1, 1915, and was of the opinion that the gates at San Diego would be opened in less than two weeks without detracting from the exhibition in any way. During his Westward tour, he observed the forty-second annual convention of the American Association of Traveling Passenger Agents, which was held at San Francisco, where resolutions, commending the exposition to the American public as institutions of educational, scientific and artistic merit, were adopted.

The two policemen boarded the car at Seventh and Broad Streets and went with it to the end of the road, where Michaels was placed under arrest. NO TRACE OF VANN Steamship Brandon Is Searched on Arrival Here from Norfolk.

Having received information that Napoleon E. Vann, wanted in Oklahoma for murder, had made a thrilling escape from three policemen in Norfolk, and was a passenger on the Brandon, of the Old Dominion Steamship Company, Detective-Sergeant Wiley and several uniformed men searched the boat when she docked Sunday morning. They found no sign of Vann, and he believed that the police were hoaxed.

Vann was in Norfolk three weeks ago, and was caught in the most conspicuous manner by Charles C. Cope, Commonwealth's Attorney of Onslow county, Okla. But Vann knocked Cope down, picked up his pistol, and escaped, running through the Lexington Hotel and thence down on Can Street. He knocked over a barrel of apples in his flight, and his pursuers stopped to pick up the fruit.

NEIGHBORS FIGHT SALE OF CHURCH TO NEGROES

Citizens' Protective Committee Issues Statement of Protest Against Proposed Action.

WOULD PROTECT WHITE SECTION Case Is Set for Hearing Before Judge Scott in City Circuit Court To-Day, but May Not Be Reached—Oppose Purchase of Uptown Property.

In a statement concerning the proposed sale of the First Baptist Church to negroes, issued last night by a committee styling themselves the Citizens' Protective Committee, it is asserted that a house-to-house canvass of the homes on Leigh Street between Fourth and Fifth Streets, showed every house on the block to be occupied by white persons and all of them owned by whites with one exception. This canvass was made in July, after a number of representative citizens had appeared before the Ordinance Committee of the Council and argued the case, with the result that the committee changed its decision in favor of overriding the segregation ordinance, and is said to be true at the present time.

The statement issued last night characterizes as entirely wrong the statements made some time ago, in which it is said that the neighborhood had become a colored one. The committee reports that there has been but little change in the vicinity within the last ten years, that it has always been one of the most desirable sections of the city, that the high school, the former Capitol of the Confederacy, the Methodist Episcopal Church, and other buildings of public importance and the presence of many business men and workers within its boundaries, would warrant the enforcement of the segregation ordinance and to prevent the segregation of the church property to negroes.

SAY NEGROES WOULD PAY "TRAIL" WHITES "The trustees would pay the trail because negroes will pay more than white purchasers. To gain a few more dollars by the sale of the church property, the trustees are willing to cause the sacrifice of hundreds of thousands of dollars' worth of private and public property in the city, and that is a statement continues by saying that this is one of the most convenient sections of the city, that the high school, the former Capitol of the Confederacy, the Methodist Episcopal Church, and other buildings of public importance and the presence of many business men and workers within its boundaries, would warrant the enforcement of the segregation ordinance and to prevent the segregation of the church property to negroes.

On the other hand, it is stated that if Immanuel is sold and Calvary Baptist Church is purchased, the indebtedness of the church will be more than doubled. It is pointed out that church will be sold for less than it is worth, and that it is situated within half a block of four Baptist churches already existing in the neighborhood, and that the change in the church's location would leave many members without a convenient place of worship. Many of these members are colored, and it is said, and several are credited with saying they would prefer seeing the church in its present location to seeing negroes and the membership moved far uptown.

A case is scheduled to come before the City Circuit Court to-day, for application of the board of trustees to negroes. It is expected that there is some doubt as to whether it will be reached to-day.

The Citizens' Protective Committee, which gave out the statement last night, is composed of the following: M. Salomonsky, Joseph E. Folker, M. Woolfolk and A. L. Vonderheer.

VIVID DESCRIPTION OF HORRORS OF WAR Frederick Fenimore Frankel, Who Served With Austrians, Visiting Relatives Here.

Graphic stories of life in camp and death along the firing line were told last night by Frederick Fenimore Frankel, who served a month last summer in the Austrian army. Mr. Frankel is visiting relatives here. He is a native Austrian, but had lived for years in the United States, before he returned to his native soil last May on a visit.

When the war broke out Mr. Frankel was in Budapest, Hungary. Soon he was obliged to go with the troops to the front. He saw active service from July 29 to August 27, but received an honorable discharge from the army when he succeeded in establishing the fact that he is an American citizen by naturalization. He lost little time in hurrying from the trouble zones when he got his discharge, and on September 17 arrived safely at New York.

He was with the Austrians in the fighting at Lemberg, and for a time was stationed along the French border near Alsace. His descriptions of the horrors of war are vivid.

The second alarm was from Broad Street, where fire broke out in the elevator shaft of the Troy Laundry, in which the fire amounted to \$20 was done. FRIDAY DAY OF SPECIAL PRAYER Five-Hour Service to Be Held at First Baptist Church—Services Are Held in Shops and at Colleges Throughout City.

Reports from the twenty-four Baptist churches engaged in the city-wide evangelistic campaign were read yesterday morning at the union meeting in First Baptist Church. Taken together, the reports show that 436 conversions resulted from the first week's work. Pine Street, Fulton and Venable Streets Churches have received 150 into fellowship, while First Baptist Church has taken in forty. Those in charge of the campaign anticipate greater results than was attained in Roanoke recently when 1,200 conversions were converted.

The congregation present at the union meeting at the First Baptist Church yesterday was nearly twice as large as that present one week ago, and with the prospect of encouraging services in all of the churches throughout this week the workers are led to believe that the auditorium will be filled at the morning meeting before the close of the week. Extra meetings are also being held at Smithfield Business College, Richmond College and Hartshorn Memorial College, for colored women.

EVANGELIST ANDERSON SPEAKS ON "GOD'S LOVE" Speaking upon the theme, "God's Love," at the union gathering of the Baptist forces, Evangelist L. C. Anderson declared John 13:16 to be the highest mountain peak among the various sayings of the Bible. He explained the vast difference between liking and loving one's fellow-men, and said that the love of all of our likes and dislikes is love.

Evangelist Lamb will continue his lectures on "Kingdom Citizenship" at the Personal Workers' Conference this morning at 9:30 o'clock. Lewis M. Roper, pastor of the First Baptist Church, Petersburg, will be the speaker at the inspirational hour to-day, having as his subject "The Kingdom of God is Within You."

A WARNING TO MANY Some Interesting Facts About Kidney Troubles

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1913, in the State of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclosure ten cents and they will gladly forward it to you by Registered Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00.—Advertisement.
