Attention, Farmer:

Why remain in the North and stay in doors six months in the year consuming what you raise during the other six months? Go South where you can work out of doors every month in the year, and where you are producing something the year round. If you are a stock raiser you know your stock are now "eating their heads off" and, besides have to be protected from the rigors of winter by expensive shelter. Cost of production determines place of production, and Alabama and Florida can produce beef and sheep cheaper than any other state, and must become the center of a great industry already begun. Economical stock feeding requires the combination of both flesh-forming and fat-forming foods in certain proportions. Alabama and Florida contain millions of acres of unutilized cheap range, and these lands when cultivated produce in abundance the velvet bean and cassava, the first a flesh producer, and the latter a fat producer, and they are the cheapest and best fattening materials known to the world. BIG WATERSPOUT

Falls on a Park Full of Pleasure Seekers With Awful Results.

LIVES LOST IN THE FLOOD

Big Dam Gives Way, Allowing Great Wall of Water to Sweep into Valley—People Fled to Hills—Catastrophe Near Greensburg, Pa.

Pittsburg, July 6.—A telephone message from Jeannette, received at midnight, says from 50 to 75 men, women and children perished by the cloudburst at Oakford park. The majority were drowned or their lives beaten out against rocks in Brush creek, but quite a number were electrocuted. At least 800 persons were at the park seeking relief from the heat.

Greensburg, Pa., July 6.—A waterspout of immense proportions, striking in the vicinity of Oakford Park Sunday afternoon at 4 o'clock, created a flood that caused great loss of life and property. It is known that at least twenty persons lost their lives, and rumors place the number of dead at more than 100, but up until a late hour last night only three or four bodies had been recovered, having been washed to banks of the little creek that runs parallel with the park.

At 3 o'clock rain began to fall in torrents in the vicinity of the park and spread over a territory covering probably ten miles.

Warning Given.

A half hour later the evident cloudburst occurred. The waters in the lake north of Oakford park began to swell and Manager James McGrath, believing that there was danger of a final break in the great walls of the dam, hurried among the crowds of pleasure-seekers who had gathered under the roofs of the park buildings, in line of the water should the banks break, and warned them to run to the nearby hills. A half hour after the buildings had been cleared of the people the waters mounted the wall of the dam, and water to the depth of five feet flowed over the entire length of 400 feet of the wall. The park, or ravine, studded with buildings, the merry-go-round, the laughing gallery and other amusement places were twisted about and were knocked from their foundations. The rain continued to fall in awful torrents and about 4 o'clock forty feet of the wall gave way with an awful crash. The flood beat down the ravine with a roar that was heard for two miles. A half mile down, at the junction of the Greensburg & Jeannette and the park car lines, the car barns are located. Beyond were located the small waiting-room and on the track was standing a car laden with people. The flood struck the waiting-room, containing probably a dozen persons. A number of them escaped, but there is no one positive how many were lost. The street car was caught and swept into the creek. A number of the people in the car jumped off and there are conflicting stories as to the number of persons who were carried with the car. It is believed that fully ten persons, who were in the car, were drowned.

Death Separated Them.

Standing on the platform near the waiting-room there were a man and wife, whose names have not been learned. When the flood came the husband escaped, but the wife was carried away.

The park is patronized by the people of this town and Jeannette, and when the fact was announced that the dam had given away and the rumor said that from 200 to 300 people were drowned, excitement knew no bounds.

An army of searchers is headed by Manager McGrath, who is doing everything to allay the suffering of the

A HELPING HAND

Is Gladly Extended by an Alma Citizen.

There are many enthusiastic citizens in Alma prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

Veteran Samuel J. Currence, of River street, says: "I had considerable difficulty with my back and kidneys for ten years. Six years ago I went hunting; the weather was very disagreeable, cold and wet; I caught an awful cold, it settled in my kidneys, and I was laid up for three months. I was in terrible bad shape. I paid one doctor over a hundred dollars for that stage of sickness. The kidney secretions acted too frequent, at different times contained blood, and the burning and scalding sensation was almost unbearable. Often I had to get up fifteen or twenty times a night, for I could lie only a few minutes at a time. When I saw Doan's Kidney Pills advertised I made up my mind to try them, and got a box at Bivins & Rhodes' drug store. They proved to be the most effective remedy I ever used. They relieved the backache and checked the urinary difficulties to a very great extent. My wife had kidney trouble also for a good many years. She used Doan's Kidney Pills and received very beneficial results. I have recommended Doan's Kidney Pills to a number of people. The remedy does all that is claimed for it."

HOW HEALTH IS GAINED

The story of a great deal of the unhappiness of women is a story of lost health. Women wonder how it is that little by little the form loses plumpness, the cheeks grow hollow and sallow, and they feel tired and worn-out all the time. In a large proportion of cases when women are weak, run-down and falling off in flesh and looks, the root of the trouble can be traced to womanly diseases which undermine the general health. The proof of this is that women who have been cured of this fatal womanly disease by the use of Dr. Pierce's Favorite Prescription have recovered their general health, gained in flesh and in appearance.

Dr. Pierce's Favorite Prescription cures the womanly diseases which sap the general health. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I suffered for three years with ovarian trouble," writes Mrs. Anna Quinn (Treasurer Woman's Athletic Club), of 503 Sycamore St., Milwaukee, Wis. "The treatment I took did not do me a particle of good, until a good neighbor who had been using Dr. Pierce's Favorite Prescription advised me to give it a trial. The next day took my first dose, and it was my first step toward recovery. In nine weeks I was a different woman; my flesh which had been flabby became firm, complexion clear and my eyes bright. It was simply an indication of the great change within from pain and suffering to health and happiness."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

anxious persons who are awaiting some tidings of missing friends.

The scene there last night was heart-rending. The wailing of mothers, who have certainly lost little ones, is pitiful. Many of those who were first reported missing from Greensburg turned up.

John Plagens of Detroit were raised to the priesthood at pontifical high mass held at St. Peter and Paul's cathedral Sunday morning. The solemn and impressive ordination services were in accordance with the ritual of the Roman Catholic church, and were performed by Bishop John S. Foley. There were many priests of the city present to participate in the service. Special music was rendered.

LATE NEWS IN BRIEF.

Loaded Cars Burned.—Sunday sixty-five loaded cars, the transfer house and a number of smaller buildings, the property of the B. & O. railroad, were destroyed by fire at Chicago Junction, Ohio. The loss is estimated at \$200,000.

Killed by His Son.—I. A. Moore, secretary of the city of Dallas, Tex., was shot and almost instantly killed Sunday evening by his son Ernest, aged 22 years. Moore, it is alleged, had been drinking and had attacked his younger son. The other son, Ernest, was remonstrating with his father, who turned upon him, when the son fired the fatal shot.

Many Were Hurt.—Twenty-five persons were injured Sunday by two trolley cars, filled with people, crashing together on the steep hill near the entrance to Chestnut Hill park, in Philadelphia. The two cars were going down the hill when the rear car got beyond the control of the motorman and dashed into the forward car, and both were badly wrecked.

A Fatal Duel.—J. J. Condon, a railroad contractor of Knoxville, Tenn., was killed at Crawford, Tenn., Sunday night. Condon was engaged in railroad construction. Hearing a disturbance in the commissary, he demanded the cause. A drunken miner turned on him and emptied a load of buckshot in his body. Condon seized a Winchester and shot his assailant, fatally wounding him, but not until after the latter had fired a second shot, which killed Condon.

WHO KILLED HIM?

Mysterious Murder Near Town of Vicksburg.

BODY FOUND NEAR RAILROAD

Indications of Terrible Struggle—Stabbed Many Times—Believed Man Was Killed by Tramps—Other Accidents and Fatalities.

Vicksburg, Mich., July 7.—The remains of a man, supposed from a name found upon his clothing, to be Michael Kayner of Pittsburg, Pa., were found in a pool of water by the side of the Grand Rapids & Indiana railroad, about six miles north of this village, by section men working on the line of the road. The ground about the place gave every indication of a terrific struggle, and if, as some are inclined to believe, he was thrown from a train, one or more of his assailants must have been dragged to the ground with him. He was stabbed many times, most of the knife wounds being in the neck.

Officers were notified and came from Kalamazoo at once, and are investigating. There is little to be learned. From present clues, the dead man is thought to have boarded a northbound freight train for the purpose of stealing a ride from this place to Kalamazoo or Grand Rapids. It is thought that, as usual, some desperate tramps may have been aboard and sought to rob him. Whether the whole party left the train, or some of them, including the victim, were thrown off in the struggle, is a matter of conjecture.

The dead man was about 35 years of age. It is thought he was here Sunday, but that is not certain.

Lansing, Mich., July 7.—Charles Elder, who has spent some time in the Michigan asylum at Kalamazoo, made three ineffectual attempts to hang himself in the city jail, where he was confined for drunkenness. Elder frequently finds himself in the lockup and as frequently attempts to kill himself. Just at present he is at the city hospital, having collapsed at the depot as the sheriff was about to transfer him to the county jail.

Menominee, Mich., July 7.—Hanging in the woodshed at the rear of her home, the body of Mrs. Matilda Delvoux was found. In her clothes a note was discovered, written on a leaf torn from a grocery book, saying: "I want you to give all my clothes and furniture to my parents for me. I cannot live any more the way I am." The act was caused by despondency over ill-health.

South Haven, Mich., July 7.—During a scuffle with R. T. Hennon, on the pier here, Henry H. Davidson of 342 Flourney street, Chicago, was pushed into the river and drowned in the presence of 2,000 persons. A letter signed Agnes Harrison, 3302 Cottage Grove, with visiting cards, were found in his clothing.

Bay City, Mich., July 7.—Charles Monahan was out on the river in his gasoline wench when he met with a terrible accident. He entered the cabin and lighted a match, when an explosion followed, the flames burning his face and arms in a shocking manner. Gasoline had leaked from a can and a gas had formed unnoticed.

Menominee, Mich., July 7.—Tuftle Drinkwine, aged 22, was accidentally shot in the chest and almost instantly killed by a revolver in the hands of Henry Junke. Junke was showing the weapon, which he thought was not loaded, when it exploded.

Wires Put to Double Use.

Detroit, Mich., July 7.—The Michigan Central, after a period of experimenting, has adopted for every day use in its business—and it is the first railroad in the United States to do so—the telegraph, an instrument whereby a company can use its telegraph wires for both telegraphing and telephoning without the one service interfering in the least with the other. The railroad has the double service in operation between Detroit and St. Thomas, 111 miles; between Chicago and Michigan City, and as promptly as it can get the instruments will install the service over the entire system.

Horse Kick Proved Fatal.

Port Huron, Mich., July 7.—Joseph W. Avery is dead from injuries received from being kicked by a horse. He has a number of fine horses on his farm in Grant township, and while cleaning one of them was kicked. He was not found for several hours. Mr. Avery was a member of the St. Clair county bar and was judge of probate from 1881 to 1889.

His Wound Proved Fatal.

Detroit, Mich., July 6.—James Moore, the popular tenor singer, died Saturday from the effects of a bullet wound inflicted by his brother-in-law, George W. Parker. The latter, who is now confined at the Central police station, must face a murder charge, and Superintendent of Police Downey says that a warrant will be sworn out charging him with the crime. The prisoner exhibited no emotion and expressed no regret when told of the fatal consequence of his act. On the other hand, it is evident that his family feel that he ought to suffer the penalty of his crime.

DRIVEN OUT OF TOWN.

Miners at Linton, Ind., Attack Negro Waiters.

Linton, Ind., July 7.—The appearance of eight Terre Haute negroes in Linton Monday afternoon was the cause of a demonstration in which the men narrowly escaped with their lives. Alex. Sanderson, a Terre Haute caterer, was employed to serve the banquet at the institution of a new lodge of the Elks. He took his cook and waiters with him, and while the degree work in the hall was being conducted by the staff of the Terre Haute lodge, several hundred miners assembled in the street and threatened to dynamite the hall unless the negroes were sent out of town.

The eight colored men were hurried out on cab and driven to Jasonville, where they were put on the train for Terre Haute. Six policemen hung on the carriages and beat back the crowd while the negroes were being driven out of town.

THREE WERE KILLED.

Toy Pistol Cap Factory Blew Up in Chicago.

Chicago, July 7.—Three persons were instantly killed and several injured, one fatally, in an explosion last night, which wrecked a factory in South Chicago avenue, where caps for toy pistols were manufactured. The three persons killed were mangled so that only parts of their bodies were found.

The dead: Thomas Hazelhurst, Irving Sanford, Charles Hazelhurst.

The explosion was caused by concussion, according to the management of the factory. It is believed one of the men must have dropped a bundle of the caps, which were uncut and on broad sheets of paper. The explosion broke all the windows for blocks in the vicinity.

Stood by His Flags.

Detroit, Mich., July 6.—When George Footitt, a street car motorman, started out of the barns Saturday morning he had two small flags flying from the front of his car. He was ordered by the line superintendent to take down the flags, but refused, and when he completed his run took his personal belongings and left the barns. Footitt is an Englishman by birth and has been in the service of the company for twelve years.

Married in Public.

Eaton Rapids, Mich., July 6.—A feature of the fourth of July celebration here was the marriage, on the bandstand, of William Brookhouse and Viola Abbott.

Deported Syrian Has Chance.

Bay City, Mich., July 7.—The attorneys for John Johns, the Syrian ordered deported from this country because he has the consumption, have received a letter from the immigration commissioner at Montreal saying the matter has been given attention and that the case will be reopened at Ellis Island, where the boy is now.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me."
