FOR OVER SIXTY YEARS

This country has been blessed with great prosperity, varied at intervals by panics after which each time business was better. During all this time we have had on the market the finest stock food in the world; Harvell's Condition Powders. The best horse, cattle, sheep, hog and poultry condition powder ever offered for sale. Every particle has a medicinal value. Sold every where at 25c. per package.

J. F. Shear, Beech, Mich., writes: "I have used your Harvell's Condition Powders for over ten years, and have always found them to be just what my horses and cattle needed when out of sorts. They always bring back their appetite. My stock show the results. Since feeding Harvell's Condition Powders to our poultry they have not been troubled with roup or cholera and we get lots of eggs."
