The bean market has been looking up lately, a raise in price of about twenty cents a bushel having brought out a good deal of the crop which had been stored in the farmers' barns waiting for a betterment in the market.

It is announced by the Secretary of the Michigan Bean Jobbers' Association, Mr. W. P. Cash, of Riverdale, that there will be a special meeting of the Michigan bean men in Detroit the first part of July to determine upon an improved method for grading beans which will be used in the buying in the future.

GET RUNAWAY THIEF

Sheriff Rowell, Deputy Sheriff Ennis, and Frank Convis in Chase

THIEF MEMBER OF MINSTRELS

Had Stolen Suit Case Full of Clothes from Pal But Didn't Get Away With It

The central part of Gratiot county was alive with searching parties for a thief who had stolen a suitcase full of clothes Wednesday of last week. Finally, after many hours chase, Sheriff Rowell, Deputy-Sheriff Ennis, and Frank Convis, with the aid of Glen Ballard of the M. A. C. football squad and other University long distance men, together with a posse of farmers, managed to run the man down and capture him without a struggle.

The story is one of the kind that is expected from the hard life of a traveling tent aggregation. Wilber Collins, a negro, and another man, whose name could not be learned, had formed a friendship and were partners in their work. Both were stake drivers with the All-white Minstrels which visited this part of the country recently. Wednesday the show was at Ithaca and while there the prisoner made off with a suitcase filled with his pal's clothes and left it at the store of Brown and Davis with word that he would call for it in a short time.

MRS. GEORGE WEEKS DEAD

One of the saddest deaths of recent years occurred last Thursday in the University hospital at Ann Arbor when Mrs. George Weeks of Ithaca passed away.

The home stretch was begun when Frank Convis and Deputy-Sheriff Ennis circled a section in a machine and Ennis left the machine and walked, Convis continuing his way in the machine. As he did so the man raised his head over a fence to watch the departing car and the Deputy nabbed him. He was taken to Ithaca and brought before Justice Gidley. He pleaded guilty and was sentenced to a one hundred dollar fine or sixty days in the Detroit House of Correction for larceny. He was unable to produce the wherewithal to procure his release and Friday morning the Sheriff took him to Detroit for his summer's vacation. Sheriff Rowell conceded the prisoner a better sprinter than himself, hence took no chances and used the shackles on his man.

LINDLEY IS HONORED.

Adelbert Lindley of Lupton, Michigan, a member of the graduating class of 1911 of Alma college has been highly honored in being awarded a scholarship in Columbia University. Scholarships in that institution are exceedingly rare and much valued. While but four scholarships of the nature of that received by Mr. Lindley were offered there were about one thousand applications. From this alone it can be seen that the Alma graduate was very fortunate in receiving it. However, he deserves it as his standings in his studies while at Alma have been top-notch while at the same time he has carried a great deal of extra work, being on tests, and the staff of the college paper, and has always been very active in Y. M. C. A. work. In addition to this he has supported himself all the time he was attending the college. Lindley is without doubt one of the most capable and energetic men Alma has ever had the pleasure of having. He goes to Columbia next year to study law.

The civil ceremony necessary in Mexico was performed in the afternoon by the Jefe Politico and the religious ceremony by the Congregational minister in the evening. The wedding took place at the home of a friend of Miss Brock's, a Miss Bradley. Two brothers of the bride, W. E. and Arthur Brock were present.

BIRDS I HAVE SEEN

By Roy Eckert.

Once as my chum and I were going through the woods we came upon a song sparrow that fluttered just ahead of us in the grass. We caught it and when it was free it flew away. I have heard of quail doing this to draw you away from their nest so this must have been what this bird was doing.

PLAYED WITH MATCHES

A number of boys playing circus on north State street Saturday morning had a tent made of burlap. One of the youngsters who had formed the dangerous habit of playing with matches scratched one and hung it from him. It caught in the burlap and set the tent afire, some men who were passing by managed to put the fire out before it had done any serious damage.

NEW TRAIN SERVICE

Eighteen Passenger Trains a Day Through Alma

ADDITIONAL MOTOR SERVICE

The Ann Arbor Puts on Two Night Trains and an Additional Motor Car

Do you want to get out of the city? Walk over to the Union Station and in a few minutes there will be a train for you. Eighteen trains a day out of the city, and it might be added, eighteen into it as well is the passenger service now given Alma by the Ann Arbor and Pere Marquette railroads.

The motor cars put on recently by the Ann Arbor have proved themselves a paying proposition. They have been patronized very liberally since their first run, each car being crowded as a general thing; their fast time, cleanliness, frequent stops and general comfort are evidently much appreciated.
