## STUDEBAKER

The Longer Life at Lesser Cost That Studebaker Insures.

Judged solely on what you yourselves can see—on the grace of design and the elegance of finish, the speed and power and smooth, velvety running of the car—this Studebaker Light SIX stands up beside cars priced hundreds of dollars higher.

But judge it on the HIDDEN values, the in-built quality that makes for long life, the safety and certainty of operation that come to you in this SIX—"because it's a Studebaker," and you can find no car at any price that is a better "buy."

For the simple reason that "—because it's a Studebaker"—because this SIX carries a name that for more than 60 years has stood as a GUARANTEE of quality to millions of people, Studebaker spares no expense, no effort to build the HIGHEST quality into every detail. To make it a car that will cost less to run and from the first casting for the motor to the assembling of the FULL-floating rear axle, Studebaker has always in mind that ideal of SERVICE and SATISFACTION.
