Edward Johnson, at various times pitcher for the Alma independent and college baseball teams who has been spending two weeks on his father's hayfields near Yale, as a substitute pitcher, returned to Alma, Sunday evening—glad to take up his baseball pitching duties.

Frank Gray nearly lost the use of his right hand when a gasoline stove exploded in his restaurant, on East Superior st., Friday. When he threw the stove out of doors the burning oil ran over his hands injuring them very badly. He was fortunate in not having suffered greater injuries from the explosion of the treacherous liquid.

Mr. and Mrs. Thomas Clark returned from a six weeks' trip to the West last Wednesday. Tom says that he "took in" everything worth "taking in" and loves Michigan all the better for it. He added further that Yankees with a sprinkling of English, Irish, German and Swedes were far more preferable as neighbors than Mexicans, Japanese and human mongrels.

Charles Murphy was recently asked by the editor of the Michigan Sportsman, to furnish a picture which would be used as the cover picture on the outing number of the magazine. He was also asked to furnish pictures from which engravings might be made for Telephony. Mr. Murphy has been most successful in this sort of work and his pictures are in big demand for magazine illustration.

For The Travelers

Gentlemen's Traveling Bags

In Black and Tan, Seal Grains and French Box Calf at \$8.50, \$10 to \$20

Suit Cases

In Fibre and Matting at 69c to \$1.50
Genuine Leather Cases at \$5.00

We Are Always Ready to Show You

All the care, study and experience and all that they cost does not show, but when you have found out that

The colors do not fade
The stitches hold
The buttons stay on
The buttonholes do not rip, or
The garment lose its original comfortable fitting proportions,
Then you'll appreciate those hidden qualities that were given to you when you bought

ARROW SHIRTS

Call and see the

**NEW STUDEBAKER
"FOUR" at \$885**

We cannot adequately describe this car and so we are forced to fall back on the old, time-worn "see it with your own eyes." However, "seeing it" will be surprising, we know. FOR IT HAS GREATLY INCREASED POWER!

The new motor, enlarged to 3 7-8 inches in bore and displaying notable improvement in design, develops 40-45 horse power. More power for that unexpected twist in the hill, for the quick getaway in city traffic, for steady mile-eating speed on the open road.

IT HAS INCREASED CAPACITY AND COMFORT!
The bodies of the new cars are larger than ever, longer and roomier every where. Doors open wider. Cushions are deeper and softer and built up on longer coil springs—wider, too. Driver's seat is divided. And in the tonneau are two extra seats that fold down into recesses in the floor, completely disappearing when not in use, by means of which the car can speedily be made into a most commodious 7-passenger car.

It is not only the best car that Studebaker ever built—but one of the best values any maker ever offered at any price. Any man who intends to buy a car at any price, will make a grave mistake if he fails to see this new car that represents the best efforts and the price economies of one of the world's largest producers of motor cars.

At "Scattergoods" Jewelry Store
The Latest Friendship Link Bracelets

ALL THE RANGE ENORMOUS SELLER

A girl starts a bracelet by exchanging a friendship link with another girl friend. Each girl's initials are engraved on links. She wears the link engraved and additional links around her wrist as she receives them by slipping a narrow piece of black ribbon (see cut below) through opened end spaces of links, tying ribbon, forming temporary bracelet. When girl has enough links she takes them to the jeweler to do the attaching, forming a permanent piece of jewelry. The more friends a girl has the greater number bracelets she will wear.
