

# THE ALMA RECORD.

VOL. XXXVIII—No. 27

ALMA, MICHIGAN, THURSDAY, AFTERNOON, OCTOBER 5, 1916.

WHOLE NUMBER 1959

## BIG RACES FOR NEXT WEEK

### Alma Driving Club to Stage Fine Matinee on the Local Course.

## WILL BE A TWO-DAY AFFAIR

### Best Horses in the State Will be Here Next Thursday and Friday.

Horse racing of the superior kind is that which will be seen at the Alma Driving club's race track north of the town on Thursday and Friday afternoon of next week, October 12th and 13th.

The local club is planning on the biggest fall meeting ever held in this section of the state of Michigan and is sparing no pains to secure the best possible features for the local track. The lover of horse racing will see some of the best horses in the state in action, horses from some of the biggest tracks in the state as well as several of the local horses.

It is a certainty that many horses will be here from the big races in Saginaw, Grand Rapids and other of the larger Michigan cities. Races are being staged in these places this week and with the close of the races in those cities the horses will be shipped to Alma for the big fall meeting here next week.

The local horsemen, who have some fine horse flesh, are planning on getting their horses into the affair in some of the races at least, and those who have been following the work of these horses will appreciate the chance to see them in action, racing against some of the horses from the larger cities of Michigan.

## START CAMPAIGN SOON

### Alma Plant of the Michigan Sugar Company is Ready.

The Alma plant of the Michigan Sugar company will start its annual campaign, probably about the middle of this month, provided that beets come in rapidly enough, so that the company will be able to continue through, once the run is started.

If light rains should continue for a time the factory may not open until after the middle of the month, as such rains would greatly aid in the development of the beets and the farmers would be loath to pull their beets if the weather conditions are right. Heavy rains at this time would hurt the crop and would also result in a later opening of the plant because of the conditions of the roads for hauling beets, making it unable for the company to get beets as rapidly as they were being used.

The beet crop this season is reported as fair in some places and light in others, due to the lack of rains during the summer months when moisture was most needed for a good healthy growth in the beets. This probably will mean that the tonnage will be considerably shorter than has been the case in past years, and the plants of the various companies in Michigan would have a shorter run this fall.

On the T. S. & M. Michigan Sugar company and the Holland-St. Louis Sugar company are combining their weigh stations this year, and Mr. Saville has been appointed manager over the weigh stations on this line.

## GO TO AGRICULTURAL COLLEGE

Last spring the county Y. M. C. A. secretary with the help of leaders and other men, interested over 100 boys in Agricultural Club work. With the exception of a very few, these boys have gone on and raised their griffen or were of some crop. In spite of the wet spring and dry summer most of them have good crops.

The plan was to take every boy to the agricultural college for a day's trip, who gave him crop good attention and filled out his report and write-up blank. Arrangements are being made to take this trip Saturday, October 14th, leaving Pompano at 8:00 o'clock standard time, all the autos from the other parts of the county starting early enough to reach Pompano about 7:45 a. m., and from there all will go on together through St. Johns and Lansing to the college, expecting to arrive at 10 o'clock.

The state club leader, Mr. Linderman, is arranging the day's program for the boys and an enjoyable and profitable day is expected.

The boys are nearly all pleased with their efforts and results this year and those that are not satisfied are going to try to do better next year and all are hoping for a better season.

## MARRIED YESTERDAY

### Lord Gargett, Prominent Alma Man, Weds Former College Girl.

Ford Gargett of this city was united in marriage yesterday near Mt. Clemens to Miss Emily Slocum, a former student of Alma college, the marriage taking place at the home of the bride's parents.

Mr. Gargett is well known in Alma, having resided in this city all of his life. He has always been prominent among the younger set of the city and has been held in high esteem by his many friends. Mr. Gargett is the son of Mr. and Mrs. George Gargett, living on Gratiot avenue. The young man is holding an excellent position with the Republic Motor Truck Company, Incorporated, of this city, being assistant to M. L. Holmes, manager of the sales department.

Mrs. Ford Gargett is also well known in Alma, through having attended Alma college during the past two years, where she was taking a kindergarten course. She graduated from the department last June. It was while attending Alma college that Miss Slocum and Mr. Gargett first met, and the romance which has ended in marriage, first began.

Mr. and Mrs. George Gargett of this city, parents of the groom, were in attendance at the wedding.

## COLLEGE WILL OPEN SEASON ON SATURDAY

### Will Play the Michigan State Normal at Ypsilanti—A Hard Game Expected.

On Saturday of this week the Alma college football team will open the 1916 season, playing the strong Ypsilanti Normal at Ypsilanti, and the Michigan Normal and Cream teams are looking forward to a brilliant victory over the Teachers.

Last Saturday Coach Helmer's brigade stacked up in a friendly bout with a bunch of scrubs and old foot ballers from the Republic, and using the old army game rolled up a score of 66 to 0, in short quarters, just by way of showing what could be done. The varsity did not extend itself to any great extent in rolling up this huge sized score either, having plenty of reserve power if it had been needed.

Averaging nearly 175 pounds and with nearly a team of veteran college players, Alma has a team this year that should play hard football and come through with victories in the majority of its games. A few new men will get into action probably on Saturday and these fellows are young giants, who could make nearly any team in the state. This latter list may include Baraboo and Ed. Foote of Grand Lodge, Holston of Calumet, Sullivan of Goldwater, and Hoolihan of Mt. Pleasant, a new man at Alma, but a man in college football.

While the lineup for the opening game has not been given out by the Alma men, it is expected that Richards and Ay. Foote will be found at the ends, with French and Johnston or Spooner at the tackles, Miller and Baraboo will probably play the guard jobs, with McAuley between them at center. There is a possibility that Captain Johnston will start at quarter, and again it may be Sullivan or Holston. Should Johnston make the quarterback job, one half will be filled by Ed. Foote, Sullivan or Holston with Hoolihan at the other. Fitch will be found at his old full-back position.

Malcolm Smith, star quarterback last year, and rated as one of the best in the state college ranks, is again out in a Mason and Cream suit and M. L. A. prospects are picking up as a result. Smith will not play in any games before the M. L. A. season starts the last of the month, as Helmer particularly wants the youngsters in shape for the games that make the Michigan college title.

## WHERE ARE MY CHILDREN?—Idle-hour, Monday.

## WHERE ARE MY CHILDREN?—Idle-hour, Monday.

## COUNCIL VOTES TAXES

### City Will Raise Nearly Fifty Dollars and by Taxation This Year.

At a special meeting of the common council of the city of Alma held last week Friday evening, it was voted to raise \$44,822.85 for the city taxes which will be levied this fall.

It was also voted at the same meeting to raise \$25,500.00 for the annual school tax for the city of Alma. This is \$100 more than was raised last year for the school fund.

These taxes will be laid over the entire city, which has an assessed valuation of \$3,091,500.00 as follows: First ward, \$840,475 in real estate and \$311,590 in personal property; second ward, \$858,600 in real estate and \$110,920 in personal property; third ward, \$273,600 in real estate and \$64,620 in personal property; fourth ward, \$386,270 in real estate and \$256,720 in personal property.

## WEATHER SUMMARY

The weather summary for September as reported by observer P. M. Smith of this city, gives a mean temperature of 61 degrees, with a maximum of 91 on the 12th and a minimum of 28 on the 30th. 1.39 inches of rain fell during the month, the greatest amount in one day being .4 on the 29th. There were twelve clear days and eight cloudy days.

## REPUBLIC TRUCK STARTS BIG TOUR

### New Light Delivery Truck Long Tour Overland to California.

## WILL GET EXTRAORDINARY TEST

### Started on Its Journey This Afternoon and Ends Trip in December.

Trans-continental automobile tours are a familiar thing nowadays, but now we have the trans-continental motor truck tour, started today by the Republic Motor Truck Company, Incorporated, of this city, which this afternoon started one of the new light delivery trucks overland to California, on a tour that is expected to answer all questions about the Republic Dispatch, the new Republic truck.

The new delivery truck "Republic Dispatch" built by the Republic Motor Truck Company, Inc., is on its way from Alma, Michigan, to Los Angeles, Cal., by a somewhat zig-zagged route that will total 3700 miles.

The truck, fully decorated, left the factory this afternoon, accompanied on its way out by the Republic factory band of 22 pieces and cheered by seemingly the entire population of Alma where "Every works for the Republic."

This truck is being driven by Lester Peyer who, in company with H. L. Dewey, factory representative, will take it the entire overland trip, and will deliver it to Mr. Peyer's father, D. E. Peyer, the Los Angeles dealer. They expect to reach Los Angeles December 10th.

Much of the Lincoln highway will be followed, but a Republic route has been laid out to include as many cities having Republic dealers as possible.

The trip takes the truck through Grand Rapids, Chicago, and down to St. Louis; then back north to Des Moines, Iowa; then west by way of Des Moines, Omaha, Kansas City, Topeka, Pueblo, Pike's Peak, Denver, Cheyenne, Ogden, Salt Lake City, Reno, Carson City, Sacramento to San Francisco; then down the coast to Los Angeles. Altogether 50 cities will be visited.

Much interest has been aroused by the announcement of the new model, and the trip is expected to answer all questions. The internal gear drive and other features are illustrated at a glance by diagram and illustrations, displayed on the truck.

Republic Dispatch, priced at \$750, complete with canopy top, electric lights, everything, has a capacity for 1500 pounds. It is truck construction throughout—not a converted chassis. Like its four famous big brother Republics it is a nickel steel truck, with internal gear drive. Its powerful motor is especially interesting. It is the original design of Republic engineers after five years' experimentation on the light truck problem. It runs equally well on distillate or gasoline.

The truck is furnished with either canopy top or stylish steel panel top, and is adapted to all needs of a thousand and one lines of light delivery.

Enormous building operations are in progress at the Republic plant. A big factory is being added for the production of the Republic Dispatch which will be built this year.

## BOLD RECEPTION

About seventy-five young people attended the third annual reception given by the Epworth league to the new college and high school students in the parlors of the Methodist church Wednesday evening.

After the crowd had gathered they were requested to exemplify their skill in writing by putting their names, and what they were commonly called, on the blackboard, the outcome was interesting. The evening being chilly their right hand was then clothed in a paper sack for a mitten, then they were conducted to the rooms below where they were invited to show their Methodist tendency by a handshake, the object being to see who could shake hands the greatest number of times without losing the mitten. After some hilarity they came to the realization that kindergarten was in session. The pupils numbered nine, ranging in age from five to eight, that is judging from the clothes they apparently wore, but we really believe they were old enough to vote.

Owing to the fact that several of the young men neglected to complete their list before coming to the reception it became necessary to appoint a corps of lady barbers to finish the job, and from the looks of the boys' faces and the enjoyment of the on-lookers the barbers were fairly profuse. They were then given a treat in the shape of a vocal solo by Donald Smith and a reading by Miss Addie Snyder. The young people were then given a chance to describe themselves and tell why they were not married, and from some of the reasons given one thinks someone is not at home when opportunity knocks. After an excellent luncheon the crowd departed for home all reporting a good time.

## MARY WHEELER ADDITION

### City Council Approved of New Plat at Tuesday Night Session.

On Tuesday evening of this week at the regular meeting of the city council, another new addition, which has been platted, was approved and is known as the Mary Wheeler addition.

The new addition is south and east of the Alma plant of the Michigan Sugar company, and contains thirty-nine lots. It faces on both Grover avenue and Ely street. Three new streets are added to those of the city through the new addition, the streets running north and south. They are known as Sharrow, Wheeler and Adams avenues.

## ITHACA HIGH WAS TRIMMED VERY NICELY

### Orange and Black Smothered Old Rivals, Scoring Twenty-Six Points.

Using a variety of plays from the old army game to the brilliant passing of the new game, the Alma high school football team last week Friday in the first and last quarters, non brought home a 26 to 0 victory over Alma's ancient rivals.

Alma displayed her best football of the day in the first quarter when the locals crossed the Ithaca line for three touchdowns. Early in the game Alma carried the ball neatly to the goal, and being held, Campbell tried a dropkick which failed and Ithaca took the ball, but was forced to punt. Alma then marched back down the field and by a scorching line attack, in which Campbell, Howe, Smith and Hopkins featured, the ball was carried over, Howe getting the touchdown. Smith kicked goal, Alma immediately after the next kickoff Alma was back over the Ithaca goal, a brilliant pass, Smith to Howe for thirty yards, doing the trick. The try at goal was made by Smith. Shortly before the close of the quarter, Smith again slapped a pass down towards the goal, and standing on the goal line, Hershberger pulled the ball out of Ithaca's clutches and scored the third touchdown. The try at goal failed.

Ithaca braced and held Alma in good shape during the second and third quarters and a couple of times threatened the Alma goal, but could not muster the punch to send the oval over.

In the fourth quarter Alma again made a brilliant showing, outclassing Ithaca. One fumble behind the goal post a touchdown. Again Alma marched down and tried a dropkick, which hit the crossbar on the goal and bounced back. Later in the game, a forward pass, Smith to Richards, for twenty yards, gave the last touchdown.

The locals played a fine game throughout, Smith, the new quarterback, Campbell and Howe, featuring in the heavy work. Bliss was the shining light for Ithaca.

The work of Coach Kimball is just beginning to manifest itself, and now his team is rounding into shape rapidly, and he has every promise of having a fast but light machine.

The lineup shows who aided in Ithaca's defeat with the exception of the coach's name.

Ithaca	Pos	Alma
Sackett	.....	Richards
Rayburn	.....	Boyd
Hick	.....	Melder
Pein	.....	Wharton
Miller	.....	Savoy
Feabody	.....	Greenhoe
Kiss	.....	Hershberger
W. McCall	.....	Smith
R. McCall	.....	Howe
Watson	.....	Campbell
Loman	.....	Bliss
McCall	.....	Hopkins
Touchdowns	.....	Howe
Hershberger	.....	Richards

Goals from touchdowns, Smith 2. Time of quarters 15 and 12 minutes. Referee, Helmer; umpire, Johnson.

## WHERE ARE MY CHILDREN?—Idle-hour, Monday.

## WHERE ARE MY CHILDREN?—Idle-hour, Monday.

## MARRIED IN FLINT

### Alma Young People Slip One Over on Their Friends Here.

Last week Monday, Miss Ivah Spaulding and Ralph Goggin of this place slipped quietly out of the city and went to Flint, where they were united in marriage just as quietly, and it was several days before the news of the marriage began to be noised around among the friends of the young people.

Both young people have resided in Alma for years, where they have been held in high esteem by a large circle of friends, who are now offering congratulations to the "newlyweds," and wishing them a long and prosperous life. Both are graduates of Alma high school. Mr. Goggin after leaving high school, studied law at the University of Michigan and the Detroit college of law. He is just starting to practice his profession.

Mr. and Mrs. Goggin have not yet decided definitely where they will make their home, but the many friends of the popular couple hope to see them remain in Alma.

Mrs. Ralph Goggin is the daughter of Mr. and Mrs. Charles Spaulding of this city, and Ralph Goggin is the son of Mr. and Mrs. Daniel Goggin.

## GEORGE WILLARD HAS PASSED AWAY

### Aged Alma Resident was a Veteran of War Between North and South.

## HE WAS A PIONEER CITIZEN

### Honored Member of the Masonic Lodge for Nearly a Half Century.

George Willard, pioneer citizen of this city, and a veteran of the great struggle between north and south, a half century ago, is dead, having passed away at 8:00 o'clock this morning on the lounge of his grandson, Harrie Willard, on Cedar street. Mr. Willard was 85 years of age.

George Willard was born in Windsor, New Hampshire, May 2nd, 1831, and at an early age moved to New York. On February 23rd, 1852 he was united in marriage to Miss Henrietta Kempf of Cleveland, New York, and to this union eight children were born, three of whom survive.

With the outbreak of the strife between north and south, Mr. Willard enlisted and served throughout the war. During the struggle he was a member of company H, 13th regiment and company I, 6th regiment of the New York heavy artillery. With the close of the war he received an honorable discharge. He was a member of Meyer Post G. A. R. No. 142.

In 1859 he moved to Alma, Gratiot county, Michigan, with his family, and since has made this place his home. During the time that he had lived here he had held many various political offices, received from Republican votes, he having been a staunch member of this political party since its organization.

Six years ago, his wife, Henrietta, died and since that time Mr. Willard has made his home with his son, Howard, and his grandson, Harrie, here in Alma.

Mr. Willard is survived by three sons, Howard of Alma, Fred of Pasco, Washington, and Charles of Spokane, Washington, by several grand children, and other relatives.

The funeral will be held from the home of Harrie Willard, his grandson, at 2:00 o'clock on Sunday afternoon, and services by the Masonic lodge of which Mr. Willard had been a member for forty-four years.

## BROWNLOW IS RETURNED HERE

Rev. Thomas G. R. Brownlow will return to Alma for another year, following the appointments made at the annual Michigan conference of the Methodist Episcopal church, held in Grand Rapids the first of the week. Rev. T. G. R. Brownlow has been pastor of the First Methodist Episcopal church in this city for several years and his congregation has repeatedly asked to have him returned with each annual conference.

REV. T. G. R. BROWNLOW

## HIT BY AN AUTO

### Lad on Wheel Struck by Automobile and Injured.

Alger Vogt, the son of Ed. Vogt, living on Hayes avenue, was struck by an automobile Tuesday morning near the race bridge on East Superior street, and after being struck fell to the pavement and was run over by the auto, sustaining painful injuries.

The lad was taken to a doctor's office at once by the driver of the automobile, Mr. Giles of the Republic, whose injuries were dressed after which he was moved to his home. It was at first feared that the lad was suffering from internal injuries, but it later developed that this was not the case. He was painfully bruised however, by being run over, and also from his fall from his bicycle to the pavement, and will be laid up for several days.

## FIRE TUESDAY EVENING

### Department Called to Berman & Sons Where a Blaze had Started.

On Tuesday evening of this week the fire department was called to the back yard of Berman & Sons, where a fire had started in the building, possibly from a cigar or cigarette stub, left around where men had been taking paper during the day.

By the time that the department arrived on the scene a good fire was burning, plenty of loose paper giving the flames a fine chance to get on their work. Considerable woodwork in the sheds was burnt, or just for starting to burn, and it seemed that the department was in for a fine time, but three streams of water, quickly brought the fire under control and in a short time it was nearly subdued, except for a smoldering in the various piles of paper in the sheds. This paper had to be pulled out, turned over, and soaked with water to finally extinguish the fire, making the job a rather long one.

The loss from the fire will not be very large, it is thought, as much work on the part of the department soaked everything in sight that was burnable. The chief of the department said that the loss would be in the neighborhood of \$150.00, fully covered by insurance.

## ST. LOUIS WOMAN WAS HURT SUNDAY

### Shot Fired Through Hotel Door Sent Glass Flying into a Woman's Neck.

Franchising a couple of revolvers, a St. Louis woman on Sunday evening had a number of St. Louis residents terrified for a short time, but finally was subdued and placed in a hospital, but not before she had a serious wound, from which glass flew and struck Lillian Garver, proprietress of the Exchange hotel, in the neck, inflicting some bad wounds.

It seems from the various accounts that have been told that the foreigner had received, a few weeks ago, a letter purporting to be from the "Blackhand" and threatening Mr. Foreigner, hence the walking arsenal, consisting of two revolvers, loaded, and ready for action. Brooding over the fate threatened in the "Blackhand" letter the foreigner is said to have become demented.

According to one story he sought the hotel on Sunday evening to stay over night, it being safer than around the P. M. section cars. Evidently he had been refused admission to the hotel and left. Afterwards he noticed Lillian Garver, the proprietress, in the lobby with her back to the doorway and pulled out a revolver and let fly. He hit the window and missed Lillian Garver, but flying glass struck her in the neck and inflicting some severe wounds. She is expected to recover.

After threatening divers things, including the doing of terrible things to Deputy Martin of that city, who was called to arrest the stranger, he was taken in tow and finally lodged in the St. Louis jail, after which the sister was breathed easier and was able to sleep that night.

The foreigner is said to have been a member of the P. M. Marquette section gang which was working in Alma for some time, leaving Alma the gang went to St. Louis where it has been working since.

## INDIANA HOME FOLKS

"Indiana Home Folks," a play of every day life in a southern Indiana town, will be presented at the Wright opera house, Friday, October 20th, under the auspices of the Ladies' Aid society of the Presbyterian church. The play deals with characters we see every day, and their counterparts may be found in almost any town between the Ohio river and the great ocean, though the dialect is that of the Hoosier.

To see this comedy is like being given a peep into the privacy of our neighbor's homes and one almost feels that he is intruding, or eavesdropping—looking through the keyhole, or the window shutters.

The comedy is a pungent satire on the pretty hum-drum existence we live, and our neighbors live—just human life. It was a Frenchman who became so discouraged with life, because he said it was going to bed and getting up, just buttoning and unbuttoning. The story of "Indiana Home Folks" is told in the things we do, and the things we say every day. The two characters who break from the bounds of conventionality—the man and the woman—stand out from the others like a beacon light. The play is clean, and wholesome throughout, suggesting such dramas as "Shore Acres" and "Way Down East."

## BIG TEMPERANCE MEETING

On Sunday evening, October 8th, there will be a big temperance meeting at Wright opera house, several of the Alma churches joining hands for the meeting, and no evening services will be held in these churches. Local speakers will address the meeting, including several prominent Alma business men. This meeting is one of the opening guns in the big dry campaign which is just starting in Gratiot in the interests of state-wide prohibition. The meeting will start at 7:30.

## THEY DISSOLVE PARTNERSHIP

### William A. Bahike and Jas. A. Greene Cease their Business Connection.

## WILL OPEN SEPARATE OFFICES

### Law Firm was Organized Less Than a Year Ago, When Greene Came to Alma.

With the first of October, the law firm of Bahike & Greene, which has been existing in Alma for nearly a year, was dissolved by mutual consent, the dissolution coming through the behest of Attorney James A. Greene, that perhaps he could do better by himself.

A most friendly feeling follows the dissolution of the firm, and for a time at least Attorney James A. Greene will be found in the office of the late firm, which has been retained by Attorney William A. Bahike, the older member of the late organization. Later Mr. Greene will locate in the Tollys block where he has secured suitable offices. During the past month's life of the firm it has handled a great amount of work in all classes of the law business and was one of the best known firms in the county of Gratiot.

Attorney William A. Bahike, the senior member of the firm, has been an attorney in Alma for upwards of thirty years and has enjoyed an enviable reputation among the lawyers of the county. Not only has Mr. Bahike held an enviable reputation as a lawyer here, but he has gained a fine reputation as a booster of civic affairs.

A president of the Alma board of trade during its early years, he aided greatly in the building up of the small struggling village out of which has come the bustling Alma of today. He was responsible for the organization of the Alma State Savings Bank, has been mayor of the city, was postmaster during the Cleveland administration and was one of the first of Gratiot's farmers to introduce scientific farming into this section of the state.

Attorney James A. Greene is a later comer into the ranks of Alma's professional and business men, but from the first he has been making himself a factor in city affairs and has gained a host of friends here. Before coming to Alma Attorney Greene held the position of assistant attorney general of Michigan, under Attorney General Grant Fellows. Before this Attorney Greene was twice elected prosecutor of Livingston county, where he gained the recognition which gained for him the state appointment.

## PLAY OWOSSO SATURDAY

### Alma High Will Stack Up Against a Strong Elven Here.

The Owosso high school football team, last year considered as one of the strongest high school aggregations in the state, will meet the Alma high school team on Davis field on Saturday afternoon at 3:00.

The Owosso team is probably not quite as strong as last, but is still strong enough to make the orange and black team go to the limit to win. The Owossoans have a team composed of several veterans and to date have been putting up a fine brand of football.

Coach Kimball's warriors are showing themselves to be a worthy team since their first game at St. Louis, and are playing together in fine shape and are the makings of a good machine. Last week's victory over Ithaca has put the locals in a fighting mood and they believe that they can give the down states a hard battle for the honors in the coming struggle.

The game will be a good one, and lovers of the sport will find it one well worth attending, as there is bound to be something doing all the time.

## WHERE ARE MY CHILDREN?—Idle-hour, Monday.

## WHERE ARE MY CHILDREN?—Idle-hour, Monday.

## MORE FOR CIGARS

A number of local cigar dealers hit by higher prices in the tobacco market have made a slight raise in the price of cigars, and hereafter, for a time at least, the six-for-a-quarter proposition in cigars will be a thing of the past. All five cent cigars will be sold straight in the future, that is five for a quarter. It is expected that with the present wholesale prices of cigars that all local dealers will come to the five for a quarter idea. Merchants all over the state are taking it up, owing to the higher wholesale prices.

## MELVIN IS MANAGER

Linton Melvin, a junior in Alma college, and perhaps better known as "Cauky" was elected athletic manager of Alma college athletics last week to succeed Errol Stafford, who failed to return to college this fall. Melvin is somewhat of an athlete himself, having been a member of the Alma college basketball team last year, which was runner up for the Michigan Intercollegiate championship.
