Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. An Old Man's Stomach. As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain poison, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.
