Swelling Under the Eyes, Grayish White or Waxy Color of the Skin Denotes Nephritis or Inflammation of the Kidneys.

A slight degree of kidney trouble affects the mind and body, neuritis, (inflammation of the nerves), causes mental disease in two ways: Through changes in the walls of the blood vessels and through poisonous changes in the blood. Creatin, uric acid and potassium salts, commonly produced in kidney disease, irritate the lining of the arteries.

San-Yak is the remedy that does actual curative daily work. It prevents the accumulation from which so many people suffer thereby keeping the arteries soft and flexible and gives good sleep. No better proof could be had than from the following letters:

Mrs. Jennie Toole, Celina, Ohio, (Grandmother of Fred, county treasurer). She is 90 years old and was subject to a great deal of nervousness, high blood pressure, stuff and dizziness at the times, but after taking San-Yak is again in normal health, being able to do her own household and social work. She writes with a smile with most of the young folks.

J. B. White, ex-chief of police of Marion, Ind., and recently proprietor of the Hotel Detroit, states as follows:

"SAN-YAK, you I know that medicine. I used four bottles when I was in Boston, Mich. I was subject to short breath, heart, kidney, bladder and liver troubles, had blood, I am pleased to have an opportunity to recommend San-Yak to my friends. It is a wonderful medicine and its claims are true. Yours very truly, J. B. WHITE."

P. A. Kellgren, 280 Second Street, Harbor, Mich., says: "San-Yak cured me of paralysis of five years standing. I had had action of the kidneys, bladder and liver for many years. The hardening of the arteries has disappeared. People of advanced years should use San-Yak for health and a longer life of activity and usefulness."

Dr. J. J. Weil, the eminent children's specialist, Millbury, Mich., says: "This is to certify that I have prescribed San-Yak for a bad case of stomach trouble and I am glad to say that it helped more than my expectation. I can cheerfully recommend it to anyone afflicted. One teaspoonful in glass of water half-hour before breakfast was all antiseptic and tonic for the stomach, bowels and kidneys. I have tried all kinds."

"Of late years I have been troubled with my heart. Upon being examined the doctors told me it was bad, but I was not to be troubled with it. I tried San-Yak and it did me good. I am now very happy. I have taken several bottles and am not troubled one bit with my heart. My blood pressure is now down normal. It is also a very good tonic, for I now feel the best I have felt for several years."—T. J. Farr, R. F. D. 2, Benton Harbor, Mich.

"I have been troubled with my kidneys and bladder and had rheumatism in my knees so that I could barely stand. I spent a lot of money on a lot of useless remedies and with doctors for the past two or three years. Finally tried San-Yak. I have taken one bottle. Am not troubled with kidney or bladder and my rheumatism has left me entirely. I am feeling 100 per cent better and am now able to go to work. I will recommend San-Yak to anyone."—Albert Blazek, Solus, Mich.
