A New OilPull The 12-20

- Guaranteed kerosene burner. Oil Cooled. Two-cylinder, heavy-duty motor. Two speeds. Enclosed gears. Low platform—short turning. Hyatt Roller Bearings. Patented shifting device for belt work.

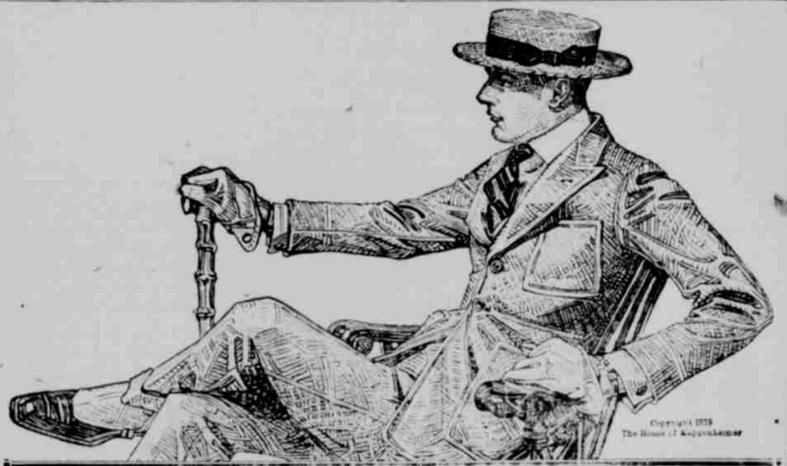

HERE'S the latest size of the famous oil burning, oil cooled OilPull tractor—small in size but big in power and capacity for work.

It's the same OilPull of course—just a smaller edition of the good old standby that pioneered the industry ten years ago and has been in the lead ever since. Some improvements have been made, naturally, but that proved long life, economy and continuous service are built right into the 12-20. She will "stand the gaff" and cut down fuel bills and operating costs just the same as the larger sizes. And of course the 12-20 carries the OilPull written guarantee to successfully burn all grades of kerosene, under all conditions and at all loads to its full rated power.

The 12-20 is an all-purpose tractor for the average size farm. It will pull three 14-inch bottoms under ordinary conditions, operate a 22-inch cylinder threshers fully equipped, pull two eight-foot binders and handle all other kinds of drawbar and belt work within its capacity.

The 12-20 OilPull easily leads the field in the small tractor class.

THE HOUSE OF KUPPENHEIMER CLOTHES

A Single Fact is Worth a Shipload of Argument

NO matter how much a store may talk about its splendid fixtures, its pleasing service, and its high quality of merchandise, it fails utterly unless these arguments are backed by solid facts.

It is the "facts" about this store of men's fine wear that bring our customers back season after season. "Facts" that they have realized in quality of fabric, style and fine tailoring to be found in the

that we sell, and the satisfaction that comes from other articles of apparel standing just as high in their own particular field. "Facts" that our customers recognize about our high type of service—courtesy, completeness of stocks, honest values.

It is the "facts" about our store that have established us as leaders in this city and community. "Facts" that increase the volume of our business, month by month and year by year. Leading suits at leading values—
