

To the Housewife Proud of Her Baking

Even if you haven't in the past been able to satisfy your family with baker's bread, we want you to try Pan-Dandy.

For we use just as pure ingredients as you would yourself—selected flour and tested milk—and we bake in modern sanitary ovens.

Pan-Dandy Bread

Try just one loaf of Pan-Dandy. Eat some yourself and let the family have it.

See if, at last, here isn't a bread that even you can be satisfied with. Pan-Dandy is the regular size. Big-Dandy—more than twice as large—is the economical size for larger families.

The genuine one sold at all good grocers, bears the Pan Dandy label.

THE MODEL BAKERY

VESTABURG ITEMS

By Special Correspondent

Clarence Caris spent Friday in Grand Rapids.

Mr. and Mrs. Bart Laughlin and daughter of Saginaw returned to their home Monday after spending several days here with her parents, Mr. and Mrs. William Eavy.

Mr. and Mrs. William Puffer have gone to Edmore to work in the canning factory.

Superintendent Harold Freeman, who has been spending his vacation out of town, returned here Saturday and on Monday took charge of his duties in the Vestaburg school.

Mr. and Mrs. Emory Howard were in Grand Rapids Friday.

Mrs. James McGilivray left Monday for a week's visit at Elkton and Almont.

Mr. and Mrs. Thomas Caris and Daniel Caris who have been visiting relatives at Portage and Bowling Green, Ohio, returned here Saturday.

Mr. and Mrs. Frank Murphy, who have been spending several weeks in Toledo at the home of the latter's parents, Mr. and Mrs. John Hartman, returned home Wednesday and on Friday went to Trufant where the former will be in charge of his duties as Superintendent of the Trufant high school.

A. J. Vance of Ithaca was a Sunday visitor at the home of his daughter, Mrs. Charles Marlin.

Mrs. William Caris and son, Audley, who have been visiting at Toledo, Portage and Bowling Green, Ohio, and Lansing, returned home Monday.

Mr. and Mrs. Thomas Medlock of Grand Rapids were in Vestaburg on Tuesday.

Mrs. Ellen Shores entertained over Sunday her children, Clarence Shores and family of Flint, Mr. and Mrs. Arthur Shores, Mr. and Mrs. William Parks and Thomas Shores of Alma and Mr. and Mrs. Stanley Kelley and Willis Shores of Edmore.

Mr. and Mrs. W. W. Mallory and daughter of Blanchard were Sunday visitors at the home of the former's uncle, Willard Mallory.

Mr. and Mrs. Clarence Shores and children of Flint, who have been visiting relatives here returned home Monday accompanied by the former's mother, Mrs. Ellen Shores.

M. J. Briggs went to Alma to work Monday.

Mr. and Mrs. Vern Cook and daughters of Edmore were Sunday visitors of her parents, Mr. and Mrs. M. J. Briggs, and the aunt, Mrs. R. J. Bartlett. They were accompanied home by Mrs. Bartlett who will remain several days.

Mrs. Jane Hartman, who was called to Ionia to assist in caring for her granddaughter who is sick, returned home Monday.

Mr. and Mrs. Dewitt Murtaugh entertained at their home Sunday, August 31, a dinner party of forty three relatives and friends, in honor of their son, Buhl Rhodes, who has just returned from overseas service. A bounteous dinner was served. The table was decorated with flowers, flags and lanterns. The day was enjoyably spent with music and relating of overseas experiences by the guest of honor, who has been in the service 26 months, one year and two months of which were spent overseas. Relatives present from out of town were Mr. and Mrs. Bert Taft and children, and Mr. and Mrs. Leonard Putnam of Alma.

Despondency.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

Cynicism.

We are reminded that resentment, doubt and cynicism are so easily mistaken for the wisdom of disillusionment that there is double reason to guard against them. Many a hurt soul fancied it is growing wise in the ways of the world when in truth it is only growing hard and bitter. An acquaintance with mankind does not mean merely learning humanity's seamy side and being on guard against it. A wider study will bring a far different and more hopeful knowledge.

Had Origin in America.

There has been much controversy over the song, "The Red, White and Blue," but the logical conclusion is that the English adapted their words from the American song, which was written by Thomas A. Becket, an Englishman, after he had made America his home. Before this song was written, in 1840, no similar version was known in England.

Rich Silver Coins.

In the republic of Honduras the silver currency was for years minted from Sovero hallion. This nearly all were contains a certain proportion of gold, which used not to be separated before it went to the mint; so the Honduran silver coins prior to 1911 generally contain a certain proportion of gold.

Cleaning Wallpaper.

To clean and polish wallpaper, add two tablespoonfuls of ammonia to half a pailful of water and wash the walls down with a flannel dipped in this. Take half a pailful of water and add two tablespoonfuls of turpentine. Wash the walls a second time with this and wipe as dry as possible.

GRENADES TO HELP INDUSTRIAL CONCERN EMPLOYES TO SAVE

Government Savings Societies to Be Formed in 100,000 Plants of District to Aid Uncle Sam's Finances.

A fairly generous proportion of the 15,000,000 hand grenades owned by the War Department of the United States when the armistice was signed are to pass into the hands of America's industrial army through the Government Savings Societies of America's industrial organizations. They will be used as savings banks.

Already 20,000 of the country's industrial organizations, those in which Government Savings Societies already flourish, have been "lined up" for distribution. At least 100,000 will be included when the work is in full swing.

The hand grenades are the genuine articles, just the same hand grenades as those with which the Yanks did such deadly execution in Europe. The only difference, in outward appearance, is that a money slot has been cut through the shrapnel casing forming the body of the grenade. Inside, the explosive chamber has been cleared and a removable screw substituted for the base of the casing. In place of the high explosives so carefully developed by American army experts the grenades, as banks, hold one hundred dimes or one hundred pennies—the shrapnel of the United States treasury. Acquisition of a hand grenade bank will become possible to any United States worker by following the simple plan outlined by Harry Edwards Clay, manager of the Industrial Division of the War Loan Organization, Seventh Federal Reserve District, who has the distribution in charge.

The industrial worker, eager to possess one of these remarkable war souvenirs, has only to purchase, through the secretary of the War Savings Society of his particular plant, factory or organization, three War Savings Stamps at a single time or one War Savings Stamp a month for three consecutive months. The grenade bank then will become his, being received through the Government Savings Society for the industrial organization of which he is a part. Thereafter it may be used for personal and private savings, as well as for money in course of accumulation for further War Savings Stamps purchase or as a beginning toward requirement of one of the newer Treasury Savings Certificates now issued in denominations of \$100 and \$1,000.

NEW SAVINGS CERTIFICATES

\$100 and \$1,000 Government Securities Are Available in September for \$84 and \$840 Respectively.

Treasury Savings Certificates in denominations of \$100 and \$1,000 are being distributed throughout the five states of the Seventh Federal Reserve district. They may be bought during the month of September for \$84 and \$840 respectively. These new government securities are in reality discount bonds. They will mature January 1, 1924, and are issued only in registered form to insure them against theft or loss. The same rate of interest is paid as for War Savings stamps, namely 4 per cent compounded quarterly. War Savings Stamps of the 1919 issue may be exchanged for the Treasury certificates.

The Treasury Savings Certificates are offered to the public at any post office of the first or second class and at incorporated banks and trust companies which are agents for the sale of 1919 War Savings Stamps. The name of each purchaser will be inscribed on every certificate, the registration records being kept at the Treasury department in Washington, D. C. Each month the new certificates will increase in price. They began in July at \$83 for the \$100 certificate and at \$836 for the one which will be worth \$1,000 when it matures. Thus the income increase is twenty cents a month for the smaller certificate and two dollars a month for the other. They are tax free except inheritance, surtaxes, war profits and excess profit taxes.

A SAFE STOCK FOR ALL

SING A SONG OF SAVINGS STAMPS

Sing a song of Savings stamps. The cost of living's high. But have you counted all the things These Savings stamps will buy?

They help to take that summer trip. Or buy some fussy clothes. How many things they'll help to get. Goodness only knows!

Just What She Needed

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of headache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

Willard STORAGE BATTERY

Service First Advice Second Sales Third

There's our policy in a nutshell.

First—When the customer comes in, find out what HE wants. Give him satisfaction at the lowest charge consistent with a good, thorough job.

Second—Tell him how to prevent battery trouble. We're not anxious to repair his battery, except to make it last longer.

Third—When he really needs a new battery we want him to buy it from us, naturally, and to buy a Willard with Threaded Rubber Insulation—because that battery will last longer and give him less occasion for expense on repairs than any other battery he can buy.

Come in and find out the wonderful service records of Willard Batteries with Threaded Rubber Insulation.

Introducing La Merit

PERLE-KISS Bouquet

A Perfume as Delightfully Enchanting as the Sun-Kissed Rosebuds of Early June.

A Perfume Noted for its Remarkable Odor. A breath from an Old-fashioned Garden. It is an odor chosen by the most discriminating ladies of the land by reason of its pleasing, lasting fragrance—bringing a touch of refinement to the like. Perle Kiss may be had in Extract, Toilet Water, Face Powder, Talcum, Creams, Soap, Shampoo and Lotions. Extract, \$2.00 per ounce. Toilet Water 75c and \$1.25 bottles.

Perle Kiss Liquid Shampoo

A scientific preparation that cleanses quickly, softens the hair, leaves it free, leaving the hair soft, silky and fragrant. Preserves the hair. Its use is more convenient and requires less time to properly cleanse than with the most expensive soap.

Perle Kiss Rose Cream

A delightful creamy lotion that softens and protects the skin from the inclemencies of all kinds of weather. Its application after morning, bathing, or other outdoor pleasures will keep the skin white and soft. Contains enough antiseptic properties to heal chaps, sunburns and skin blemishes. Leaving the skin daintily perfumed with Perle Kiss.

Model K-50

Buick Sedan for Seven

THE BUICK Model K-Six-50 four-door Sedan is the latest development in closed car design. The front seat, instead of being divided, is full width, giving additional roominess to passengers and providing an extra brace to the body which adds considerably to its stability.

The latest type of cowl and side lamps, tilting steering wheel and satin finished interior trimmings are featured in this Sedan. The lining is done in rich plush, without binding. Altered lines and low-hung body give added grace to the exterior without sacrificing head-room. The main compartment accommodates two disappearing seats, which are built for genuine comfort.

Silk shades on rollers afford privacy or shut out a too ardent sun. Ventilation is controlled by the adjustable windows and windshield, the door windows being fitted with patent handles for raising or lowering them. Suitable lights give interior illumination. Lowered seats give greater riding comfort.
