

THE ALMA RECORD.

VOL. XXI.—NO. 39

ALMA, MICHIGAN, THURSDAY AFTERNOON, DECEMBER 25, 1919

WHOLE NUMBER 2127

AMERICAN LEGION HOLDS BANQUET

Many Former Service Men Attended Fine Function Held at Republic Thursday.

GOOD SPEAKERS PRESENT

Another Banquet Promised Soon with National and State Legion Officers Present.

The American Legion banquet held last Thursday evening, December 18, in the Republic cafeteria, was a highly successful event, over one hundred and fifty members of the legion and a large number of business men attending the function.

The room was prettily decorated with the National colors, and the tables beautifully decorated with flags, the entire setting being a high credit to Mr. John C. Tulley, manager of the Republic cafeteria.

The outside speakers for the evening were G. B. Nutter of the Columbus (Ohio) Post No. 1, and Dr. E. T. Wilson of Owosso. Mr. Nutter gave a very interesting address on what the Legion is doing in his city in regard to I. W. W.'ism and the other radical movements. Dr. Wilson, who is a soldier of the old school, having served for three years in the Philippines during the Spanish-American war, also served for two years in the World war. He told many highly interesting stories of his experiences and also told just what the American Legion stood for.

The other speakers of the evening were William A. Bahlke, Alma attorney; Post Chaplain, Fr. Mulvey, and Vice Commander Donald Smith, all of whom gave some interesting addresses.

The officers of the George Myers Post No. 132 have received advice that some time in the near future state and national officers of the organization will be in Alma, and at that time another banquet will be given, at which time the post will endeavor to have as many business men present as possible, as the officers of the post desire to give everyone a chance to hear Col. Gassner and Col. Wilson, both of whom are gifted speakers.

Col. Gassner, state commander, was to have been present at the banquet last Thursday evening, but affairs pertaining to the bonus bills for former service men, and the attempt to re-organize the Michigan National Guard detained him in Washington, D. C.

GOOD TIME

New Yorkers Come Here for Good Time and They Have It.

Two New Yorkers, L. N. Durberstein and William Crosswell, came to Alma last week seeking a good time, and they found it, to the tune of ten days in the county jail, and the prospect ahead of them of facing another charge as a result of their short sojourn in Alma.

The two men were coming to Alma last week and on the train between St. Louis and this city, met two women, a Bessie Stephenson of St. Louis and Gladys Rice of this city, whom they invited to have supper with them.

The supper was had at the Chinese restaurant here, and when it came time to pay the bill, the New Yorkers objected to a bill of \$4.40, and left the restaurant, after leaving two dollars to pay for the four meals.

The following day, the proprietor of the restaurant had a warrant sworn out for them beating a board bill, and Durberstein, Crosswell and the Stephenson woman were given ten days each in the county jail. The Rice girl, who was with them was confined in the detention rooms of the county jail, and it is expected that she will shortly be sent to Adrian, to the girls' reform school.

It is said that more warrants will be out within a few days to show the New Yorkers the way that Alma shows people a good time. It is alleged that the two men got the women to stay over night with them at a local hotel. The warrants are expected to be in the hands of the officers and will greet them, when they are released from their ten day sentence.

SMALL FIRE

Fire Monday Morning Caused Small Damage to Double House.

A double house at 218 West Superior street, was the scene of a small fire Monday morning which it is said, was caused by defective wiring.

The fire had a good start by the time the fire department reached the scene, and it was due to the fine work of the department that a serious blaze was averted. Two streams of water were quickly playing on the flames from the most advantageous points, and it was only a matter of a few minutes before it had been extinguished by the firemen.

The fire, which was entirely confined to the back part of the building, caused a loss of only a few hundred dollars to the structure. Most of the household goods were removed and the loss from this source will be surprisingly small.

NEARLY READY

Work on Plant of Northern Wheel Company Has Been Delayed.

Failure of some material to arrive as soon as expected, coupled with the cold weather of the past ten days has held up the work on the construction of the plant of the Northern Wheel company, and it is expected that it will be about two weeks yet before Henry H. Soule, contractor, turns the building over to the officials of the company.

Glass for the windows has been one of the most important things that has been delayed, but the shipment has been located and will be here yet this week, and it will only be a short time before the panes have been put in place.

The heating plant has been finished and immediately after Christmas the construction of the smoke stack will be started, and it is expected that this will take only a few days to complete.

Some of the machinery has been installed and the rest has already been received as the work permits, and it is certain that new Alma industry will shortly be in operation.

SECOND OF LYCEUM NUMBERS IS GIVEN

"The Messiah" at Presbyterian Church Was Musical Treat Impressive to Audience.

The second number of the Lyceum course, Handel's "Messiah," was given by the Alma College Choral Society assisted by outside soloists, under the direction of Prof. Hosmer, Wednesday evening, December 17, at the Presbyterian church. The soloists and chorus were accompanied by Miss Grace Roberts at the organ and Miss Hazel D. Crosby at the piano.

The rendering of this great oratorio is always appropriate to the Christmas season, dealing as it does with the prophecy of the coming of Christ and its fulfillment. Although written so many years ago, it still lives, a work of inspiration which can never die.

The soloists were Mr. Wm. Wheeler of the University School of Music of Ann Arbor, Miss Helen Clark Moore of Wells College, soprano, and Miss Leora Doolittle of Central Michigan Normal, Mt. Pleasant, contralto. Although the entire program met with the approval of the audience probably the parts most enjoyed were the two solos, "He Shall Feed His Flock," sung by Miss Doolittle, and "Thou Shalt Break Them," sung by Mr. Wheeler; and the celebrated Hallelujah Chorus sung by the Choral Society directed by Prof. Hosmer in his usual inspiring manner.

MACCABEES INITIATE

Thirty-two New Members Initiated into the Alma Hive.

Last Friday, December 19, was one of the biggest days in the history of the Alma hive of the Lady Maccabees, thirty-two members being initiated into the hive.

The hives of St. Louis, Riverdale and Elwell had been invited to take part in the work as was Great Lady Commander, Frances E. Burns of St. Louis. Over one hundred Maccabees from the four hives were present for the picnic dinner at noon.

The meeting was called to order at 1:30 by Great Lady Commander Frances E. Burns, and after the initiation of the thirty-two candidates, Mrs. Burns gave an address along the line of fraternal insurance, which was of considerable interest and was enjoyed by all who were present.

THE MIRACLE MAN

"The Miracle Man," which played at the Idlehour the first three days of the week, is one of the strongest pictures that has ever been shown here, and has proven a big hit with the hundreds of Alma people who saw it. While intensely interesting, it contains a great moral lesson, that cannot but make those who see it think.

A private show was given last Saturday by the Idlehour management to a select few in the city, that they might pass upon the merits of the picture, and all were loud in their praises of it.

ADAMS DEAD

Leet Adams, Former Well Known Alma Resident Died Sunday.

Leet Adams, former resident of this city, died at his home two miles west of Alma early Sunday morning at the age of 77 years.

Mr. Adams had been ill for some months, and for the past few weeks little hopes had been entertained for his recovery, as he was gradually weakening. He is survived by his wife and one daughter.

Mr. Adams had been a resident of Alma for a number of years, and for some time had been in the employ of The Republic Motor Truck Company, Inc. of this city. He was well known in Alma and has a wide circle of friends here.

The funeral was held from the late home Tuesday afternoon, Rev. Matthew Duffey of the Methodist Episcopal church officiating, and interment was made in Riverside cemetery.

Rolls, buns, and cream bread at the Model Bakery.—24-4.

THE CHRISTMAS TRADE WAS GOOD

Merchants of Alma Have All Enjoyed a Good Business This Year.

NEW RECORDS ESTABLISHED

Only a Very Few Houses in Alma Have Failed to Report Best Business in History.

Alma merchants generally are reporting a fine trade for the Christmas holidays, which indicates that Alma people have money, and are willing to spend it for good useful presents.

When questioned as to their holiday trade the merchants of the city have invariably stated that the Christmas business this year has exceeded anything that they have heretofore enjoyed. This has been particularly true of the stores that have been featuring staple goods during the holiday season.

There are a very few business places in the city that have estimated that their business has been about on a par with last year, but these are exceptions.

On the whole there is no question but that the trade has been by far the best ever enjoyed in this city by the Alma merchants.

The fact that the stores, which have been featuring staple goods for the greater part, have enjoyed their best business this year, leads to the belief that the people of Alma and vicinity, while seemingly having plenty of money, were wisely investing in presents that they believed their friends and relatives to be in need of.

OPENS WELL

Christmas Savings Club at Alma State Savings Bank Starts Fine.

The Christmas Savings Club for the coming year at the Alma State Savings Bank has made a fine start, a large number of Alma people having already taken memberships, with a view of saving funds for the next holiday period, a year hence.

While the club opened on December 15, it has not yet been closed and such Alma people as are desirous of saving on a weekly plan, after the manner in which many purchased Liberty bonds, may still avail themselves of the opportunities that are being offered by the club, it was stated yesterday by Karl R. Adams, cashier.

The memberships that have so far gone in for the Christmas Savings Club for the ensuing year, makes it very evident that the fifth year of the operation of the club at this bank, will see it exceed all past records in the amount of funds deposited by Alma people.

LIBERALIZES INSURANCE

Elastic Provisions Make Reinstatement Easy to Former Service Men.

To liberalize the conditions under which our former soldiers, sailors and marines may reinstate lapsed or cancelled insurance carried with the Bureau of War Risk Insurance, Washington, D. C., new and important rulings have been made by Director R. G. Cholmeley-Jones, with the approval of the Secretary of the Treasury.

Former service men have eighteen months from the date of their discharge within which to reinstate their insurance upon these conditions:

- If discharged more than three months, the applicant must state in his application that he is in as good health as when discharged, no physical examination being necessary. If discharged less than three months, he need not make a formal application nor a statement of health. In either case, he will be required to pay only two months' premiums on the amount of insurance to be reinstated. One of the two premiums required to be paid covers the month of grace during which his insurance remained in force; the other premium is for the current month in which reinstatement becomes effective. Premiums for the months between are not required. A man whose insurance lapsed in January, 1919, and was reinstated in December, 1919, would pay only the January, 1919, premium (the month of grace, when he was protected) and the December or current premium.

Check or money order should be made payable to the Treasurer of the United States and, with the application, sent to the Premium Receipt Section, Bureau of War Risk, Washington, D. C.

FINISH RUN

The annual campaign at the Alma plant of the Michigan Sugar company is rapidly coming to a close, and another week will see it practically ended. The last beets were sliced early Monday morning, the slicing being completed at 4 a. m. of that day. It will take several days yet to finish the making of the sugar, but it is probable that the entire run will have been finished by New Year's. Figures as to the tonnage of beets cut, the tons of sugar made, the coal and other material used, are expected to be available within the course of the next two weeks.

GET INCREASE

Alma School Board Gives Teachers A Raise in Pay.

At a recent meeting of the Alma school board, teachers' wages were increased. High school teachers and grade principals were given an increase of one hundred dollars per year, and the grade teachers an increase of fifty dollars. In doing this the board took into consideration the fact that the cost of living has greatly increased since the making of contracts, and as a consequence the wage was too low to provide maintenance.

Alma has a very efficient corps of teachers, who are loyal to their work and we think the board not only acted justly and wisely in giving this increase but that they showed their determination to keep Alma schools in the lead.

It has become generally recognized the country over that the wages of teachers are ridiculously low, considering the very necessary and important work they are called upon to perform, and there is a movement, state and nation wide, to increase the pay of teachers to the level of other occupations. We are pleased to see that the city of Alma leads in this matter instead of bringing up the rear.

The education of the boys and girls is our most important task and it goes without saying that if we are to maintain the high standard of our schools, and fit the boys and girls for the great tasks and duties of American citizenship, we must have competent people to do it. We cannot hire well trained people for this work for a less wage than is paid for other occupations, and it is a fact in many cases that the unskilled, untrained man who digs in a ditch or builds fence draws a greater wage than the trained, skilled teacher who is devoting his time to making American citizens. The destiny of America depends upon the ideals of its citizens, and no other institution shares equally with the public school in the formation of ideals and the teaching of true Americanism.

THE CAROL SERVICE WAS VERY PLEASING.

Large Throng Gathered to Hear Pupils of Public Schools in Holiday Event.

The carol service which was given by the pupils of the Alma public schools on Thursday evening of last week was greatly enjoyed by the large audience that filled the high school auditorium to the doors and overflowed into the halls, many being obliged to leave without being able to get within hearing distance.

The hall was beautifully decorated to carry out the general idea of the service. The star of the East was represented by a large lighted star suspended over the stage which was banked with Christmas greens to form a background for the children of the various grades, and the high school chorus, who completely filled the large platform. The room was lighted by rows and clusters of candles which added greatly to the beauty of the decorations.

The program, arranged and directed by Miss Joan Sherman, music supervisor, brought out the story of the birth and youth of the Christ Child as the different groups of songs and stories emphasized the Annunciation, the Nativity, the Holy Night, the Mother and Child, the Flight into Egypt, and the Youth of Jesus.

This is the first time that such a carol service has been given by the pupils of the Alma public schools but the very fine presentation of such a subject cannot but leave a lasting impression upon the minds of those who gave it as well as those who had the opportunity of listening to it, and the great success of this service may well encourage its repetition next year.

The entire program moved along very smoothly with no noticeable flaws and reflected great credit upon the director and the various teachers who assisted her as well as upon those who gave it.

GAMBLING LID IS ON

Word went out over the county the latter part of last week from officials at Ithaca, to the effect that gambling, including even dice shaking for cigars must go by the boards. The orders, transmitted by deputy sheriffs, were promptly obeyed in this city at least, where only dice shaking for cigars has been indulged in for well over a year.

NAMED AS DEPUTY CLERK

Because the nature of her work frequently demands that she handle certain portions of the city clerk's duties, Mrs. Jessie Walford was named as deputy city clerk Tuesday evening by Carl E. Gallagher, clerk. The appointment was confirmed by the city commission.

PINE RIVER TAXPAYERS

I will be at Forest Hill Thursday, December 11, 18 and January 1, 1920, and at the first State Bank in Alma on Friday, December 12, 19, 26 and January 2 and at the Commercial Savings Bank in St. Louis on Saturday, December 13, 20, 27 and January 3, for the collection of taxes.

George N. Torwesey, Treasurer of Pine River.

COMMISSION IS SAVING MONEY

Reports by Manager Reynolds Indicate That Commission is Conserving Funds.

TELLS OF SIDEWALK WORK

New City Waterworks Has Also Been a Means of Saving Money for the City.

That the commission form of city government is more efficient than the old form that was in vogue in Alma for years, was made evident Tuesday evening when William E. Reynolds, city manager, gave a report on the construction of sidewalks here this last summer, showing a saving to the city of \$1,749.36, and another report on the waterworks, which shows an average saving to the city of \$414.13 per month in operation costs.

The report of the sidewalk construction which appears in the commission proceedings elsewhere in this issue, shows that during the summer 58,351.2 square feet of walk were constructed here, for which the property owners were charged at the rate of sixteen cents, or one-fourth cent less than last year for each square foot. Out of the amount secured from property owners, over and above the cost of the walk, when the city's share of forty per cent is added, is a balance of \$1,749.36, which will pay for the cost of the cuts and fills on property, which the city has paid in the past.

This not only represents a saving to the city, but also a good sum to the tax payers, because, in spite of the higher cost of material and labor, their walks cost one-fourth of a cent less per square foot than a year ago.

Some sidewalk was put in here this summer under contract labor, at a cost of seventeen cents, one cent more than that put in by Manager Reynolds, which again indicates the saving that Manager Reynolds was able to make for the city upon that which he put in.

The total amount of sidewalk constructed during the summer and fall was 86,197.75 square feet, 58,351.2 square feet of which was constructed by the city, and 27,846.55 square feet by contract work.

The report on the waterworks for August 15 to December 15 shows an average of 837,550 gallons of water pumped per day, the cost of which Manager Reynolds places at 1.9 cents per thousand. He has it that the waterworks has cost the city for operation, a total of \$1,912.90 for the four months.

During the previous four months, under operation of the leased private plant the cost of operation was \$3,569.47, making an average saving to the city with the new plant of \$414.13 per month.

LIONS CLUB

New Organization May Be Formed in Alma in Near Future.

A. W. Benedict, field secretary of the International Association of Lions Clubs has been in the city for several days with a view of forming a Lions Club in Alma.

The matter has been taken up with some of the business men of the city and it is said that it has been warmly greeted by them. The Lions Clubs act not only as a goodfellows' club, but as a civic body, social organization, an educational and religious booster and promoter of needed charities.

It is understood that active work in the formation of the Lions Club in this city will be started very soon after the holidays, and that a large number of the local business men will join the organization.

OPERATE UNDER DIFFICULTIES

Owing to the coal strike and the consequent confiscation of all the coal that was shipped to the Gratiot County Gas Company during the coal strike, the company is now completely out of gas coal. The company is making its gas from steam coal and enriching the gas heavily with oil. The steam coal produces less than one-third the gas that gas coal does, so that it necessitates the use of the concern's entire producing equipment to keep gas on for the various communities served. This method of making gas necessarily produces a gas that is sometimes very rich and at other times lean, but the company is doing its very best to keep the gas as uniform as possible. This state of affairs is likely to continue until Jan. 1st after which shipments of gas coal are expected to arrive.

MARRIED SATURDAY

Edward Woodrow of Rose City was united in marriage Saturday in Ithaca to Mrs. Bertha Erskin of Elwell. Mrs. Woodrow is a daughter of D. F. Abbott of Seville Center, and has resided in the northern part of the county for the greater part of her life. Mr. Woodrow is at present living in this city, where he is employed, but in the spring expects to go back to his farm at Rose City.

DeLuxe candies are the best. 77-4c

Circulation counts—we have it.

MRS. MEAD DEAD

Former Alma Woman Died in Mt. Pleasant Last Week.

Mrs. Frank Mead died at her home on South Franklin street Tuesday evening at 9:30, after a brief illness. Mrs. Mead was taken ill Sunday but was able to be on the couch and her condition was not considered serious. Tuesday she experienced difficulty in breathing but seemed relieved by treatment. She was taken up stairs to bed and shortly afterwards her husband went to the room and spoke to her. She did not answer and he was shocked to find her in a dying condition. She lived just a few minutes.

Mrs. Mead's maiden name was Carrie Youngs and her home was in Alma. She was 31 years of age and had been married seven or eight years. She leaves besides her husband, two small children. At the time of writing the funeral arrangements had yet not been made.—Mt. Pleasant Times.

Mrs. Mead was a daughter of the late Geo. Youngs of this city, a former contractor. Her mother and a brother, Burton Youngs, reside here at the present time.

CITY SUIT IS TO BE TRIED SOON

Case of City of Alma vs. A. R. Purcell Set as First Case of the February Term.

The motion for a continuance in the case of the City of Alma vs. A. R. Purcell, which was heard before Judge E. J. Moinet Thursday resulted in the case being set as the first to be heard at the February term of court.

As the case is far down in the list of those that are to be heard at the present term of court, and Judge Moinet said that it probably would be about February before it could be brought to trial, James G. Kress, city attorney, asked Attorney Clark, representing Purcell, if it would be agreeable to him to place the case as the first on the February term. The agreement was reached quickly, and the case will come up at that time, unless the unforeseen happens.

Under the agreement it will be the first case of the term, taking precedence over the criminal cases that usually are the first heard of a term of court.

FIRE INSPECTION

Fire Warden's Report to Commission Shows Good Results.

The report of Claude Struble, fire warden, on the results of his work of the past week, submitted to the city commission Tuesday evening, shows that 234 residences were inspected during the week.

Of these residences six were found to have defective chimneys and fourteen to have defective smoke pipes. Additional inspection showed that four of the chimneys were repaired and that twelve of the fourteen smoke pipes were taken care of by the owners during the week. Ten stoves were found without heat protecting boards beneath, and in each case a second inspection showed this matter remedied. Seven wood exposures were found, four of which have been taken care of.

MAN KILLED

S. Marks Killed When Auto Went Into Ditch South of Alma.

S. Marks, aged about 55 years, was killed either late last night or at an early hour this morning, about four miles south of Alma when his automobile went into a ditch, and was wrecked.

Just how the accident occurred is not known, as Mr. Marks was alone in the automobile, but it is thought that as he turned the automobile to get out of a rut, the car skidded on the icy road and went into the ditch. S. Marks is said to live a short distance south of Sumner.

FRANK HOPPE HERE

A large crowd thronged the Republic Billiard Hall Tuesday evening for the exhibition of billiards given by Frank Hoppe, a brother of the world's champion cue artist. Hoppe proved a champion entertainer, in his two hour exhibition in which he demonstrated some of the most difficult shots in the game.

TO ENFORCE ORDINANCE

It was decided Tuesday evening by the city commission to enforce the ordinance relative to the property owners cleaning snow from the sidewalks in front of their places. Where the snow is not cleaned off the city will clean the walks and charge the cost back to the taxers.

ANNUAL MEETING

The annual meeting of the stockholders of the Alma Savings & Loan Association will be held at the office of the Secretary over Chick's Shoe Store, Alma, Mich., on Monday evening, January 12, 1920, at 7:30 o'clock for the purpose of electing directors, and such other business as may properly come before the meeting.

At this meeting will be considered the recommendation of the Directors to increase the capital stock of the association to \$1,000,000 and to increase the number of directors to twelve.

Dated Dec. 24, 1919. 27-2-c

D. L. Johnson, Secretary.

TOUR OF PIKERS IS ANNOUNCED

Michigan Pike Association Trip Will Take Members Through Ontario and Michigan.

THIS CITY ON THE ROUTE

All Night Stop Will Be Made in Alma According to Present Plans for Trip.

The 1920 International Good Roads tour of the Michigan Pikes Association has been announced by G. Edward Biell, president of the Association, and the City of Alma appears on the itinerary of the trip, which will require fifteen days.

The tour, which comes in July, will be one of the most pretentious road boosting jaunts that has ever been attempted by the Michigan Pikes Association in its efforts to secure better roads. The trip, which will require more than two weeks, calls for four hundred and forty-five miles over Michigan roads and seven hundred and eight-five miles over the roads of the Province of Ontario in Canada.

As ten of the nights are to be spent under canvas, motor trucks with pneumatic tires will accompany the automobiles, and carry the tents and other camping equipment.

In Michigan almost the entire route of the tour will be over the proposed Center Line highway, which will bisect the state, as the road runs almost due north and south, going through this city, the Heart of Michigan. From Cheboygan south to Somerset, the trip, for the greater part will be over this road. From Somerset to Detroit the trip will be over the Detroit-Elkhart Lincoln highway.

In Ontario, for the greater part, the tour will be over the Great Northern highway, and in the upper peninsula of Michigan will be over the East Michigan Pike-Dixie highway. In all the tour will pass over seven established highways.

The "pikers" will be in Alma on the night of July 28, arriving here from the north. The night will be spent in Alma, and the following night in Jackson. The tour will be completed with the arrival in Detroit on July 30.

MEMORIAL

French Gov't Has Issued Memorial Booklet for Service Men.

The French Government has published a booklet, to be distributed as a memorial or souvenir to all officers and men who served with The American Expeditionary Force in France. This memorial will be distributed through the Army Recruiting Service, throughout the United States.

It is to be regretted that the supply of his booklet is so small that it cannot be distributed generally, for it contains abundant proof that France as a nation and the French as individuals appreciate in full measure the glorious record of American arms in the war on Prussianism. The memorial voices the feeling of France toward America and America's noble sons who were over there, not omitting those who gave their ALL for liberty. In an eloquent introduction, appears this high tribute to American soldiers:

"At the most critical moment of the struggle which had lasted for three years against German imperialism, you came as strong youths into a country where the young had perished. To the weeping you brought a smile, to those who had been despoiled your generosity restored hope, to the fatherless children you offered joy. The summing up of these recollections must remain an inspiration to you and to those who follow you, in all future efforts."

The memorial, in fact, is a history in tabloid form of America's participation in the war, beginning with Cantigny where the gallant 1st Division made history, to the attack on the heights of Sedan, just before the Armistice was granted. It concludes with this fine tribute to the American troops:

"At the time when you entered the war, with the French and British Armies at their maximum strength, all efforts to dispossess the enemy from his firmly entrenched position in Belgium and France had failed. Your brilliant dash, your uncalculating spirit of sacrifice, checked the onward movement of the adversary. Your great numbers made possible the final Allied offensive which forced the Germans first to retreat and then to capitulate. France will ever remember you and your intrepid Chief as the generous and heroic citizens of a great democracy, the Expeditionary Forces of a new and better world whose 'hope is in America.'"

In the Western Michigan Recruiting District, the American Legion will be asked to co-operate in the distribution of this memorial. It will also be distributed from all Army Recruiting Stations in the District, to all applicants who establish their identity as former officers or soldiers of the American Expeditionary Force.

Rye bread, Graham bread and Salt Rising bread can be had at the Model Bakery. Don't forget it.—24-4.
