**ARE YOU
 ONE OF THE 21?**

UNCLE SAM says
 that there are 121 fam-
 ilies for every 100 dwellings
 in this country today.

Think of the doubling-up,
 the dividing of families, the break-
 ing of home life, made necessary
 to give each person even a shelter.

Such a condition is a men-
 ace to the welfare of individuals,
 of communities and of the entire
 nation.

Most people who build must
 borrow at least part of the money,
 and loaning money for building
 homes is one of the safest of in-
 vestments.

*We shall be glad to
 talk it over
 with you any time*

ANOTHER ALMA CASE
 It Proves That There's A Way Out
 for Many Suffering Alma Folks.

Just another report of a case in Alma. Another typical case. Kidney ailments relieved in Alma with Doan's Kidney Pills.

C. W. Ainsley, 212 W. Center St., Alma, says: "Some six years ago my kidneys were in a pretty bad shape. It hurt me to stoop over and when working around and getting in different positions, sharp pains would dart all through my back. At times it hurt me to turn or move in bed. When I stooped over and raised up quickly, everything was blurred before me and sometimes, I got so dizzy that I could hardly see at all. My kidneys were weak and acted irregularly and the secretions were highly colored and very painful. I saw in the paper how many people used Doan's Kidney Pills with good results and I got a few boxes. Doan's cured me and I haven't been troubled for years."

**Flour Must Nourish
 Or It Is Not Flour**

The goal of scientific flour milling is to produce an article that first of all has 100% power of nutriment. Flour always has been—and, thanks to modern milling science, is now more so than ever—the staple food to build vigor and sustain human life.

Lily White

"The Flour the Best Cooks Use"

Look for the ROWENA trade-mark on the sack

is a flour containing the choicest selection of soft and hard wheat grown in America. Soft wheat improves the flour and color. It insures the baking of a good looking loaf of bread. The flour is correctly balanced to make as good bread as it does biscuits and pastry.

There is just enough hard wheat in LILY WHITE to make it the ideal all-around flour.

After being cleaned four times it is scoured three times, then actually washed, so that every bit of dirt is removed from the kernels of wheat.

When the wheat has gone through our "six-break system" it comes out uniformly granulated, perfect in color and fine in texture. We know, and countless thousands of users know, that everything baked from LILY WHITE is tender, white and deliciously flavored—and fully nourishes.

Prove LILY WHITE quality by trying a sack. You can use it for all purposes. It is guaranteed to give perfect satisfaction. At your dealer's.
