It Does all the Work Perfectly

The Mola Washer will wash your clothes beautifully clean in just a few minutes, and without wear and tear to your clothes whatsoever. The cylinder in a Mola revolves four times and then reverses, thereby causing more agitation, and which is the secret of clean washing.

The wringer swings and locks in any position, making it very convenient in small rooms.

These are only a few of the many features found in the Mola. Let us show you the rest.

THE THEATRE

Strand Theatre
"Shore Acres," the immortal stage play of New England life that made James A. Herne famous the world over, will be the feature attraction at the Strand theatre, Thursday and Friday of next week.

This unusual feature is a picturization of the celebrated stage drama which James A. Herne, wrote, produced, and starred in throughout the civilized world. It is a superb picture of rural life in a sleepy New England village on the coast of Maine, and introduces Alice Lake as a star in her first starring vehicle.

The management assures its patrons of unusual entertainment in this extraordinary feature which is a faithful picture of New England seacoast life, tense with stirring drama and tender pathos.

Serious Results from Colds.
Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say "I had a hard cold last winter." Why not take Chamberlain's Cough Remedy and cure your cold while you can.—72-4w.
