Creditor.

Bad Cold and Cough Cured by Chamberlain's Cough Remedy. Several years ago C. D. Glass, Gardiner, Me., contracted a severe cold and cough. He tried various medicines but instead of getting well he kept adding to it by contracting fresh colds. Nothing he had taken for it was of any permanent benefit until a druggist advised him to try Chamberlain's Cough Remedy. He says "I was completely cured by this remedy and have since always turned to it when I had a cold and soon find relief."—81-4

The AMERICAN LEGION

(Copy for This Department Supplied by National Headquarters of the American Legion.)

INCREASE FOR DISABLED MEN

Darrow Bill Enlarges Amount by \$20 a Month for Veterans While Taking Training. Another important victory in the American Legion's long fight for beneficial legislation in behalf of sick and disabled ex-service men is revealed in a telegram announcing passage of the bill, recently received at Legion national headquarters from Thomas W. Miller, chairman of the organization's national legislative committee in Washington.

The senate in a night session, according to the message, passed the measure as a rider to the deficiency appropriation bill, and as it previously had been passed by the house, it now awaits only the signature of the president to become a law.

The Darrow bill increases, by \$20 a month, the amount of money paid to disabled veterans of the world war while taking training under the direction of the federal board of vocational education.

This is the second time the Legion has obtained an increase for the mained heroes, having pushed through congress, last December, the Sweet bill, which raised the amount of compensation for them from \$30 to \$50 a month.

"The passage of the Darrow bill," said Lemuel Bolles, national adjutant of the Legion, "was largely due to the work done by Legionnaires who visited Washington in its interest. General published reports at that time indicated that the Legion representatives confined their activities solely to the pending fourfold optional compensation bill. Results show that the needs of the disabled men always have stood first on the Legion's program and the organization is going right on working for these unfortunates, irrespective of what congress may or may not see fit to do with the problems of ex-service men as a whole.

"The passage of the Darrow bill will give great impetus to the Legion's cooperative plan to assist the federal board in getting every eligible disabled man into training at once, as many had refrained from taking training because of the inadequate compensation heretofore allowed."

SHE MAKES THE MOST CALLS

American Legion Headquarters Switchboard Operator, Lula B. Vize, is Known as "Sunshine."

The girl who "calls" more people and gets "called" oftener than anyone else at national headquarters of the Legion is Miss Lula B. Vize of Indianapolis. She has charge of the telephone switchboard and a sort of general information bureau adjoining the offices of the national commander. She offers complete proof of the fact

lacy of the theory that red, or "titian" hair is indicative of a fiery temper. Her perpetually sunny disposition has earned for her the office sobriquet of "Sunshine." Married? you ask. Well, as some facetious "buddy" might say: "You tell 'em, concrete; we're too mortified!"

Accepts Men From All Branches. David W. Jameson Post No. 189, Philadelphia, which was originally started as a Chautauk Service post, has in accordance with the desires of the state and national conventions abandoned the unit basis of membership, and now includes men from all branches of the service.

Should Be a Holiday. Armistice day, November 11, should be a legal holiday throughout the United States, according to resolution adopted by the Great Falls Post No. 3, Great Falls, Mont. Copies of the resolution were forwarded to the Montana congressional delegation at Washington, signed by Charles Davidson, Aaron Singh and E. J. Fitzpatrick.

China and Malaya. Dr. C. C. Ross of New Orleans, the great authority on malaria, says that in this disease the dose of quinine for children less than one year old is one-twentieth of the adult dose, and from one to fifteen it is one-tenth of the adult dose.

Waterproof Fan. Among the many varieties of fans in use among the Japanese is one made of waterproof paper which can be dipped in water, and creates great coolness by evaporation.

Money spent with us buys not only good coal but satisfaction and reliability as well. Brown-Ward Co., phone 27.—601f.

LEGAL NOTICES

STATE OF MICHIGAN—The Probate Court for the County of Grafton.

In the matter of the estate of George F. Huffman, Deceased.

It is ordered, that the 17th day of January A. D. 1921, at two o'clock in the afternoon, at said probate office, be and is hereby appointed for hearing said petition.

STATE OF MICHIGAN—The Probate Court for the County of Grafton.

In the matter of the estate of Emma L. Roeder, Deceased.

It is ordered, that four months from this date be allowed for creditors to present their claims against said estate and that such claims will be paid out of said estate on Monday the 15th day of May, 1921, at 1:30 o'clock in the afternoon.
