Clarence Martin and Walter Robert are ill with smallpox.

The skating rink was closed last Saturday evening on account of the snow storm but will be open as usual next Saturday evening.

TWO GAMES

College Five Hits Foreign Courts Again This Week.

Flushed with the wonderful victory that came Saturday night in the thrilling fray against the Michigan State Normal's basket ball five, undefeated in the M. I. A. A. race up to that time Alma collegians will seek foreign courts again this week end, meeting Hillsdale College at Hillsdale on Friday, and the Ypsilanti Normals at Ypsilanti on Saturday, and while dope is against victories in two of the games, the confidence gained with the victory over the Green and White promises to make Alma a hard team to beat.

Hillsdale and Alma will be fighting to grab third place in the standings of the association, and Alma seemingly has a fine opportunity to win the place by defeating the Hillsdale outfit, and then dumping Ypsilanti's fighting bunch of Teachers. Even though Alma loses to Ypsilanti will have excellent prospects of finishing in third by dumping Hillsdale.

There can hardly be any better and more nourishing food than well made and well baked bread. Certainly with the present prices it is as cheap a food as one would care to eat regularly, no meal being complete without good bread. Your grocer sells Butter-Nut Bread and recommend it as being a bread of the highest grade. Buy Butter-Nut and get the best.—86-4w

ANNOUNCES

Their Appointment as Local Representatives OF THE

WONDERFUL RAY BATTERY

It is a pleasure to be able to offer you this remarkable storage battery. The RAY is sweeping the country by storm. Its wonderful showing in test performances has convinced people that the high cost of batteries and battery service is a thing of the past.

Notice the price of RAYS. They are as much as \$25 lower than widely advertised batteries which have not been able to compete with RAY performance. Bona fide tests have been made by engineering authorities (we have the records to show you) which prove the RAY to be three times as rugged as other widely known makes of much higher price.

Still further proof of RAY superiority is the fact that the factory presents to each purchaser a two-year UNCONDITIONAL guarantee. This is the broadest battery guarantee known.

Such a guarantee would not be possible if the RAY were not a remarkable electrical achievement. The reason why this battery is better is because of the famous "Lavier Formula Plates" found on no other battery. These plates are so tough and rugged that they will not wash down or disintegrate, even under excessive charge and discharge, yet they are so porous that the RAY is practically 100% efficient. In fact these plates are so durable that the electrolyte level may run below the tops of the plates so that the top portion becomes dry without doing any harm whatever to the battery.

Types	Prices
6-Volt 11-Plate	\$29
6-Volt 13-Plate	\$33
12-volt 7-Plate	\$39
