

Season Opens

November 10

A digest of the 1921 hunting laws shows the deer season this year will be from November 10 to November 30, inclusive, but the one-buck law will be in force. One male deer may be killed under the hunter's license and one male under the camp license. It will be unlawful to have deer in possession more than 30 days after the close of the season.

Girl Loses Hand—Marian Hecker, who has been employed in the ticket office of the Lyric theatre in Mt. Pleasant, met with a serious accident recently. Miss Hecker's home is in Harrison but while working here she has been boarding at the home of Guy Bacon. Henry Bacon has a motorcycle and Miss Hecker attempted to start the machine by pushing it in front of her. She fell and caught her left hand in the drive chain. Her hand was badly mutilated. She was taken to Dr. Pullen's office and Dr. Pullen and Dr. Baskerville did all that could be done to save the hand but all their efforts were ineffectual and the entire hand had to be amputated.

Record Enrollment—Ithaca schools started with the biggest high school enrollment in the entire history of the school. 252 were enrolled in the four upper grades and 340 in the nine lower grades. The exact number of foreign pupils has not yet been ascertained, but it is safe to say that in all grades it will not be less than 150 and will probably exceed this number.

Factory Is Assured—A meeting of the Washing Machine Company was held at the armory, Swartz Brothers being present and further explaining the conditions of removal. It was decided to go to it with increased energy and a new committee was appointed consisting of J. L. Barden, H. McCormack, Geo. Gollwitzer, Robert Russell, Rowland Crawford, J. N. McCall, F. Gibbs, Norton Gibbs, Fred VanBuschirk, J. B. Crawford, LaVergne Chapin, Clyde Hays, Chas. Yost and any others who were willing to serve.

Three or four committees are out at work with most satisfactory results so that, before night the \$25,000 necessary to make the project an assured success was all subscribed. The committee does not propose to stop here. There is still \$5,000 of stock allotted to Ithaca and all this will be sold before they hand in their lists.

Normal Opens Soon—A little over two weeks now and the Mt. Pleasant Normal will open again. All schools this year are making favorable reports on prospective students, and Central Normal is no exception. Conditions are improving generally, and with a gradual returning to normal there is no doubt that Central Normal will share in the increased prosperity which is predicted by nearly all others.

Gets Booze Makers—Sheriff Landon of Isabella county and others from his office dropped in on Floyd Parks and Percy Waite of Deerfield, who had just started the fire under their still and were preparing to make hooch. When they saw the officers they grabbed the still and tried to make way with it, but they were too slow. Later Joseph Konosuchi was arrested for hooch making.

Stickup Man Gets Dollar—Some bold, had highwayman, evidently an amateur and a local product, held up two parties last Wednesday night a short distance south east of the town. His two robberies netted him \$1.05. He has not been caught.

Conover, of Coldwater, deputy of the Grand Council of DeMolay, expects to be present to install the officers.

Kick About Road—People living north of St. Louis, says the St. Louis Leader, who signed petitions for three and one-half miles of gravel road, are wondering why the work has been held up. The petition was duly filed with the county road commissioners early in the summer and should have received attention ere this.
