

# ALMA FIVE GETS AN EVEN BREAK

**KAZOO WINS EASILY WITH ALMA WEAKENED BY LOSS OF CRITTENDEN.**

**OLIVET TROUNCED**

**CRIMSON FRAY A FREE-FOR-ALL BATTLE.**

Minus the services of Crittenden, one of the most reliable guards in the state, and Sorderstrom, a clever forward, the Alma College basketball team made a fine showing against Kalamazoo College's crack team on the Kazoo floor Friday night and on Saturday night in spite of the crippled condition of the five again slaughtered the Olivet cagers, this time on the Olivet floor, winning 39 to 14.

Against the great defense put up by Kalamazoo Friday evening Alma was able to do little, scoring only three field baskets during the entire fray, and lost 35 to 14. The Kalamazoo aggregation was going at its best, and with the Alma defense greatly weakened by the loss of the stellar work that Crittenden has shown all season, the Maroon and Cream was unable to hold the Celery City scoring machine in check as was done on the Alma floor in the previous contest when Kazoo just managed to emerge a winner. Kiker was the high scorer for the Alma elan against the Kalamazoo five, getting one field basket and eight fouls, for ten of the fourteen points.

The Olivet fray was more of a football contest than a basket ball game. Just once during the entire contest was a foul called, that coming when an Olivet man made what closely resembled the well known flying tackle of football. Officiating of this kind on the small Olivet floor made team work an impossibility and Coach Campbell sent his huskiest lineup against the Crimson with such good results that the Watson coached aggregation never had a look-in for the honors of the evening. Johnson, Wright, Shaver, Carty and Beam, the heavyweights of the Maroon and Cream squad, were sent into action against the Crimson, by reason of the smallness of the Olivet floor and they performed way above expectations. Johnson was the big part of the Alma scoring machine counting nine field baskets on the Crimson. Wright was second in the attack, getting six field baskets, the same number that he had in the fray here with Olivet.

## Play Greenville Here On Friday

The Alma high school basket ball team which defeated Greenville high at Greenville two weeks ago by a margin of two points, will meet the Greenville quintet on the local floor Friday and hopes around the school are that the local team will put over another victory on the fast Greenville cagers.

It is expected that the Alma outfit will be crippled for its game this week by the locals have every hope that on the home floor they can repeat the trick that they turned on the small Greenville court.

This fray will be the last home game of the season for the local team and if the Alma fans desire to get another look at an Alma basket ball team in action this year they will get their chance Friday night. The game promises to be a good one from start to finish and should prove a highly interesting fray from the standpoint of the fans.

**RESOLUTIONS OF RESPECT**  
Whereas: It has pleased the Great Creator of Heaven and Earth to remove from our midst our esteemed and worthy Brother Walter C. Mallory, and whereas, we deeply feel the loss of his love and companionship, therefore, he it resolved that Alma Lodge No. 244 F. & A. M. has sustained an irreparable break in one of the staunchest links of its chain.

Brother Mallory by his strict adherence to the principles of Masonry endeared himself to every member of the Fraternity and it is justly due him that we should not withhold from him the commendation which his virtues deserve.

Be it resolved that we sympathize with his bereaved family in their affliction; also with his friends in the loss of a just and upright citizen, who was a staunch believer in the Golden Rule.

Be it further resolved that a copy of these resolutions be mailed to the bereaved family and that the Great Lights and Charter of the Lodge be draped for a period of thirty days.

Alma Lodge No. 244 Free and Accepted Masons, Alma, Michigan. February 28, 1922.

Wallace Ambury, Stephen L. Bennett, Frank W. Stone, Committee.

**CARD OF THANKS**  
We wish to thank our friends and neighbors for their kind assistance during our recent bereavement. Julia E. Winchell and Son. 14—Stream of life

## Alma High School Notes

In special commemoration of Washington's birthday, the Rev. Mr. Anderson, of the Christian church, was the chapel guest last week. In his address he considered the two men—Lincoln and Washington—together and applied the characteristics of these two men to the life of every person and especially to the people of school age. He placed these two men as models for coming citizens to copy. His talk was decidedly worth while and interesting.

On Thursday afternoon, at 3:45, the Seniors gave a matinee performance of their play, "Stop Thief," for the school children. A very moderate rate of admission was charged so that the children could witness the same presentation as their parents on the following night without paying the regular price and witnessing the play at a more convenient time. The matinee served a double purpose, as it also enabled the cast to accustom themselves to a real audience. About seventy children turned out.

Thirty-three new books have been added to the library this week. The books are almost entirely reference volumes, the list containing quite a number of volumes of short stories for the English department. Several volumes have also been added to the science library.

On Wednesday evening the cast of the Senior play gathered together for an evening of recreation and recuperation after their period of hard toil. The affair was not luck and the entire bunch turned loose and enjoyed themselves. Dancing and every other conceivable mode of entertainment were resorted to before the affair reached its conclusion and the cast may now be able to settle back into the old conventional straits of study and recitation.

The French II class is staging another class program this week. The numbers are given in French and the rest of the class are supposed to figure out what it all about. This week's program consists of a short playlet, a French game of some kind (Miss McKenzie hastens to say it is not roulette), a report on the French attitude toward the armament conference, and a charade signifying the names of two French cities. These programs are very interesting and are an example of practical education, as practiced in the class room.

Arrangements are being made whereby the debating team will meet a team from the college on the Closed Shop question. The purpose of the clash will be to whip the high school team back into shape by a bit of practical platform work. Owing to the cancellation of both the St. Johns' and Big Rapids' debates, the team has had no debate since the meeting with Mt. Pleasant nearly five weeks ago. Regular training has been proceeding, however, and Alma expects to make a good showing in the elimination contest for the state championship.

### SEHTON

Mrs. J. E. Noll of Detroit was called here by the sickness of her brother, S. McWilliams, now a resident of Maple Rapids.

A. VanHeek's are moving to their own farm and Jason Garner will move to the Noll farm.

The Mesdames Wm. and Howard Pendell have been real sick at the home of their parents, Mr. and Mrs. H. H. McWilliams.

Mr. and Mrs. Joe Jarvis and daughter, Olive, of Brice, called at the John Jarvis home on Sunday.

Howard Pendell will move his family this week to the C. J. Chambers farm recently vacated by Mr. Dintaman, who purchased a farm near Vestaburg.

Those on the sick list are little Joe Wallace, the Andrew VanBulan and Glenn Wilcox families.

The community was shocked to learn of the death of little David Upham, youngest son of Mr. and Mrs. Anson Upham, which occurred Friday afternoon after but a few hours' sickness. Funeral was held Sunday from the home conducted by Rev. David Sowers. The baby was laid away beside the four other brothers who have gone on before in the past ten years. He leaves to mourn their loss his parents, two brothers and baby sister who is sick at this writing, and numbers of near relatives and friends. The school attended the funeral in a body and four boy friends acted as pall bearers.

The Betterment Club meets Tuesday, Feb. 28, at the home of Mr. and Mrs. Charles Wermuth and the Sethon L. A. S. meets Thursday at the home of Mrs. Calista Daniels in Carson City.

### Mrs. Snyder Found the Magic Word

Housecleaning is no longer a bug-a-boo with Mrs. Snyder. She found that the one word—Rub-No-More—means "Magic" during housecleaning.

And she found this all out at her grocers. Upon his shelves she saw some R. N. M. White Naptha S-fap alongside of a number of packages of Rub-No-More Washing Powder, Yellow Naptha Soap, Soap Flakes and Spotless Cleaners.

These reminded her of last Fall when she cleaned house with these products. As if by magic—her work was easier, more economical and all cleaning finished in less than half the usual time. Moral: "Let the Rub-No-More Elephants do your housecleaning."—advertisement.

## BATTERY MEN BEING CALLED

**COLLEGE PITCHING AND CATCHING CANDIDATES STARTING TO WORK.**

Candidates for places on teams in the big leagues will not get a much greater start than will the battery candidates for the Alma College baseball team who are being put to work this week by Coach Roy Campbell, to condition and harden up for a strenuous diamond season during which it is hoped that the Maroon and Cream may make a good showing.

The pitchers who are being started out this week are three in number, one veteran and two youngsters. Crittenden, the veteran, during his two previous baseball seasons at Alma College was one of the premier hurlers of the Michigan Intercollegiate, and Alma is expecting great things of the Howell lad this year. Catherman of Farmington, a freshman, who has a fine high school record as a hurler, is expected to show considerable stuff. Hickerson, a new comer to the college this semester, and who hails from Detroit Central High, was rated as a classy high school box artist, and is one of the three.

Three candidates for the catching job are also being put to work with the pitchers this week, aiding the hurlers in the limbering up process that is necessary. "Buddy" Ryan of C&O high, rated as a slugger in high school circles is one of these. Ryan is also a new comer to Alma College this semester. "Red" Carty, from Detroit Northern, has a good high school baseball record behind him, and will make a good fight for a place. Allen Dickie of Farmington, a graduate of Pontiac High, is the third backstop who is being put to work this week.

It is expected that as soon as the basket ball season is brought to a formal close the balance of the baseball squad will be called for the pre-season workouts in the old gymnasium. From all reports it is expected that there will be a number of candidates.

The baseball schedule is not yet entirely completed, although the Michi-

gan Intercollegiate games are arranged for. It is expected that the balance of the schedule will be settled within the next week or two.

## Mt. Pleasant Wins By Four Points

Mt. Pleasant High took a listless game from the Alma High basket ball team at Mt. Pleasant Saturday afternoon 19 to 15, neither team playing up to form during the game.

The Alma team did not get under way during the first half, putting up a poor exhibition and the Mt. Pleasant five which was also playing below form finished the half leading 9 to 5. At the start of the second half the Alma team rallied momentarily and before the Isabella County cagers could get a point in this half Alma ran into the lead 13 to 9. A freak basket for Mt. Pleasant started that team on the road and at the same time seemed to take the pep out of the Alma five, which made only two more points during the balance of the game.

### WILL ENTER TOURNAMENT

The Alma high school basket ball team which has so far won five contests from high schools and lost two to such schools will be entered in the basketball tournament at Mt. Pleasant Normal on March 16 and 17. Although the local five has lost two other frays in addition to those dropped to high school aggregations, they were to the strong Mt. Pleasant Normal Reserves, who are really out of high school class. If the locals win their final two games from Greenville and Ithaca they will have a record of seven victories and two defeats in their games with high school fives. It is believed that the cagers can make a good showing in the tournament.

Dust off the old desk. Put on a new desk blotter and see how much better you can work. You can get the blotter at the Record office.—advertisement

### COMING—To The Strand

#### 12-Sunshine Kiddies-12

OF MELODY LANE

Sunday—Monday—Tuesday

March 12-13-14

One of the most pleasing attractions ever offered in Alma.

**WHEREVER** you have linoleum, congoeum or oilcloth in your home, varnish it with Valspar. You will be delighted with the result. The Valspar will not only brighten it up, but will make it last a great deal longer because it will take much of the surface wear and absolutely prevent the penetration of moisture.

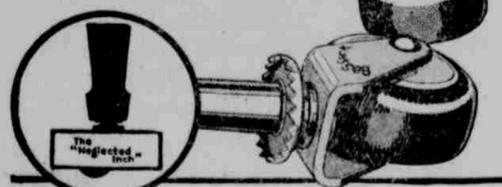

And beware of this: Don't be led into using any ordinary varnish on linoleum. You must have the washable, waterproof varnish that will not turn white—Valspar!

**THERE** is a simple way to eliminate the "Neglected Inch" from your household troubles. Use the right kind of casters and there will be no more scarred floors, torn rugs and wabby furniture.

We have in our stock of Bussick Casters the correct type for your every household need from the light Chippendale table to the heavy four-poster bed.

### Too Good to Trade

In two years my Essex has been driven more than 20,000 miles. I have refused good offers to trade it, because it is running so well, and seems perfectly good for another twenty or thirty thousand miles.

WILBUR F. BEALE,  
Pres., Manufacturers  
National Bank,  
Cambridge, Mass.

Not so long ago a household investigator talked to housekeepers in New York's famous Park Avenue residential district. She found that many of the most exclusive families had adapted spreads for bread like Brednut.

## for Progressive Housekeepers

A new food.

Smiles from your family. Smiles for your pocketbook.

**RECENTLY** a noted foreign writer paid this high compliment to American women. He said, in effect: "American women are the quickest in the world to adopt new worthy ideas. Their eyes and minds are ever wide open on any subject; social relations, civic improvement, national and international politics."

Our writer should have added that American women are especially quick to adopt any new, worthy food idea. For American women do lead the world in their intelligent reception of food betterments.

The women of Michigan are furnishing an outstanding example of this characteristic. Only a few months ago they were introduced to Brednut, the new spread for bread. Such a hearty welcome did they give this wholesome food that it was hard to keep up with orders.

Delightful Brednut Sandwiches Try Them!

Made from pasteurized milk and rich tropical nuts

Can you imagine a more delightful combination than this: pasteurized milk blended with rich tropical nuts—nuts brought from luxuriant far off islands?

Husbands comment on Brednut as a delicious new addition to the family table—a welcome new subtraction from the family expense.

Brednut is made under careful supervision; made in rooms of spotless white cleanliness. Brednut comes to you fresh from these perfect surroundings—uncolored—a pure white. With wholesome vegetable material which your grocer gives you, you can color your Brednut to a rich golden yellow.
