

PROSPECTUS OF THE ORANGE RATON, TO BE PUBLISHED IN HILLSBORO, N. C.

ABOUT the first of April, proximo, the undersigned will commence, in Hillsborough, N. C., the publication of a political journal to be called THE ORANGE RATON. To give some exposition of the principles it will advocate, and at the same time, to afford to those who may feel disposed to encourage our enterprise, an opportunity of procuring subscriptions, we issue this prospectus, based on a liberal and moderate Tariff for revenue, based on all national principles, and a strict construction of the constitution.

While the Raton will firmly and decidedly express and maintain its views, still it will treat, with all due respect, the opinions of those who differ from it, and will not indulge in any party spirit, or any of those characteristics so many partisan journals, and which has contributed to lessen, in a great degree, the power of the press—the cogency of argument being destroyed when thus associated.

Before closing this prospectus, we cannot forbear calling to the minds of all true Democrats, the fact that in this state there are few journals, and that the few that are published are generally of a low order, and that the few that are published are generally of a low order, and that the few that are published are generally of a low order.

THE RATON will be printed on a large double-medium sheet, at two dollars per annum, when payment is made in advance, or three dollars when payment is made in three installments, the first being made at the time of subscription, and the second and third at the expiration of the first and second years, respectively.

THE RATON will be printed on a large double-medium sheet, at two dollars per annum, when payment is made in advance, or three dollars when payment is made in three installments, the first being made at the time of subscription, and the second and third at the expiration of the first and second years, respectively.

THE THOROUGH BLOODED HORSE, SARPEDON.

A BEAUTIFUL dark bay, 10 years old this spring 15 hands high, of an excellent form, great muscular power, clean bone, sound constitution, good temper, and of a most desirable color, as will be seen by his pedigree, combining the best English racing with the best American quarter and half-mile stock, and whose pedigree is so easily estimated, that he will stand this season, commencing the first day of March and ending the 15th day of June, at Mrs. W. B. Bailey's in Granville, at Roseville, Wake, at Mrs. Nicholson's, Wake, Robert Guiley's, Johnston, at Smithfield, at Finch's Store, Johnston, and in the vicinity of Raleigh.

And will be let to mare at \$5 the single leap, payable at the time of service; \$10 the season, payable at the end thereof; and \$15 the insurance, payable when the mare is ascertained to be with foal, the property changed, or about to be removed from the State; with twenty-five dollars for the mare's expenses, and \$25 for the foal, if he will put the residue of the season for \$3 only. He will attend his stands regularly, unless prevented by sickness or other unavoidable accidents, or on public days in the neighborhood of his stands. I have directed the groom to take great care to prevent accidents, but I will not be responsible for any horse that may be injured.

SARPEDON was successful on the Turf in England, and stands in the first class of the imported stock in this country. His dam, independent of being hard to beat in a half-mile race, is apparently as sound as ever, with good eyes, although she has seen very hard service, and is 18 years old this spring. Her figure, proportion, power, and character are not exceeded by any horse I have ever seen. I have several certificates to prove that she has drawn on steep hills more than 6000 lbs., (the weight of the wagon included) at the fifth class, which surpasses even the English Draft-horse. She is quick, gentle, very spirited, true to her figure, proportion, power, and character. The qualities of her stock (Brimmer of Kentucky) are fleetness, power, durability and longevity.

Those wishing to rear carriage-horses particularly, would do well to try Sarpedon; as he is a fast trotter, and his colts are generally very fine. Those put to and are highly prized.

He has proved to be a sure foal-getter. Sarpedon and his dam, each buckles 18 hands in the girth. The latter is a shade darker.

SARPEDON was got by Sarpedon (Imported) at the cost of \$100—one of the best thoroughbred horses, whose performances on the turf are sufficiently known. His dam was got by Brimmer and he by Brimmer the celebrated quarter-horse, that was never beat in his life.

A VOLUNTARY WITNESS FOR JAYNE'S EXPECTORANT.

John Van Valkenburg, Esq., writes to Dr. Jayne, Sept. 28th, 1846, and expresses his high opinion of the efficacy of an Agency for the sale of your family Medicines, because I feel satisfied, that if I had not taken your Expectorant, I should before this day have been in my grave. In the month of August, 1845, I had a very severe attack of Typhus fever, which was attended with a very low stage of the Consumption. I finally concluded that I had the Consumption, and that I could live but a short time. I therefore determined to be my own physician. I sent to Catekill for half a dozen bottles of your Expectorant, and commenced taking it, and in less than twenty-four hours I had taken two bottles of it, I was restored to my usual health.

I sold two or three bottles of it to a lady in this place. She has told me within three weeks, that she believes it to be a good means of saving her life. If you think what I have stated, be so good as to publish your name as to liberty to do so.
