The Bismarck Tribune.

By M. H. JEWELL.

THE DAILY TRIBUNE. Published every afternoon, except Sunday, at Bismarck, North Dakota, is delivered by carrier to all parts of the city at 50 cents per month, or \$3 per year.

THE WEEKLY TRIBUNE. Eight pages, containing a summary of the news of the week—local and foreign—particular attention being paid to state news.

The Bismarck Tribune is the oldest newspaper in the state—established June 11, 1874. It has a wide circulation and is a desirable advertising medium.

This paper is on file with the BANNING ADVERTISING CO., Endicott Building, St. Paul, Minn., where subscribers, advertisers and others may examine it and where estimates will be given upon space for GENERAL ADVERTISING.

- NATIONAL REPUBLICAN TICKET. For President—WILLIAM M'KINLEY, of Ohio. For Vice President—THEO. ROOSEVELT, of New York. STATE TICKET. Presidential Electors—C. M. JOHNSON, Richland. A. M. TOPFHAGEN, Nelson. G. O. GULACK, McIntosh.

It is said that Hon. O. D. Comstock, candidate for attorney general on the republican ticket, is a man of fine literary attainments. His boyhood was spent on a farm in Minnesota and from the common schools he went to the Sank Center Academy and then to the university of Michigan at Ann Arbor.

Editor Nye of the Valley City Times-Record observes that the counties of Pembina, Walsh, Grand Forks, Traill, Cass and Richland gave the republican candidate for governor a majority of only 797 two years ago.

The prohibition central committee of the state is said not to be satisfied with the republican ticket, but would have been if Winship had been nominated for governor—and then comes that awful story of Pat Lyons' in the Forum—

Pat Lyons has a caustic communication in the Forum in which he takes occasion to refer to the fact that the

Winship headquarters at the Hotel Dacotah were well supplied with booze—bath tub half full of broken ice and—unlimited supply of liquors. Those who know Pat will readily understand how the Kidder county gentleman would appreciate the companionship of good fellows in headquarters thus sumptuously provided with liquid refreshments but it seems a little mean that Pat should say anything about it in print.

The booze merchants in Moorhead are enterprising and the Fargo people kick because they drive over from Moorhead with jag wagons and the owners of places personally solicit the farmers to go over to the other side of the river and see the menagerie.

The Valley City Times-Record publishes the populist ticket in the county and very properly heads it with the name of the candidate for coroner. About all the fusionists need this year is the coroner.

Forty-four democratic delegates went from Fargo to the state democratic convention at Grand Forks, which leads us to wonder where so many democrats came from in Cass county.

The Cass County Democrat has been changed in name to the Cass County Eye—which ought to enable the paper to see the error of its democratic ways.

HEARTBURN. When the quantity of food taken is too large or the quality too rich heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly; Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided.

SOME PRAIRIE BREEZES. THE HARMONIES. Whose heart is keyed to grief but hears The harsher melodies. The ears To blend with joy attuned wrong Find only discord in a song.

PROVE ALL THINGS. This Old, Old Command is Easy to Fulfill in This Vicinity. To win a wager an English Marquis stood on London bridge and offered for an hour British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer.

OUTRAGES RESENTED. Outrages of the Boxers in China Lead to Retaliation in Various Parts of the United States. Vengeance Taken in a Number of Cities on Chinese for the Crimes of Their Countrymen.

Camphor Gum, Ind., July 20.—The best people of this city have withdrawn their patronage from the laundry of Skun Chin, the Chinese wash expert. The mayor went to the laundry in person today and cashed in his certificate of deposit for a Sunday shirt, telling Skun quietly but firmly that as long as the Boxers were scalping American missionaries, just so long Skun would be denied the privilege of washing the mayor's extra shirt.

POOR APPETITE means disordered digestion, and if not promptly attended to will develop into chronic dyspepsia. Hostetter's Stomach Bitters will improve the appetite by strengthening the stomach, and prevent, as well as cure, indigestion, constipation, general debility, nervousness, sleeplessness, and all disorders arising from an impaired digestion.

HE HAD THE RIGHT NAME. A Dakota farmer, having raised a good crop, went to town for a little legal advice, and hunted for a lawyer. Stepping into an office, he enquired, "Are you a lawyer?" "Yes sir," replied the occupant; "what is your name," said the farmer. "My name is Derrick," replied the lawyer. "You are the man for me," said the farmer. "I want your help Mr. Derrick, about liftin' a mortgage off my farm." A derrick is a good thing to lift with, and if Joe Letter's name had been Derrick, he would probably done better a couple of years ago.

Eyewater, Maryland, July 20.—Some anti-Boxer surreptitiously placed a quart of nitric acid in a kettle of rice that Got Flee was boiling for dinner today, trusting to wreak vengeance for some of the Boxer outrages. Got ate the entire kettle of rice with no apparent effect, but when he resumed his laundry work his breath burned four large holes in the bosom of Chester de-Albert von Cholmondley's new dress shirt, rendering it impossible for Chester to lead the grand march at the Patriarch's ball that night.

Vaseline, Ky., July 20.—The hatred of the Chinese is increasing. So King, a Chinese laundryman, today found asafetida in a quart of pickled mice tails that he was saving for Christmas dinner. He estimates his loss at about fifty taels.

ALL ABOUT CALIFORNIA. A HANDSOME SERIES OF NEW AND USEFUL PUBLICATIONS. California is the natural paradise of the holiday maker. Its resources are inexhaustible, its invitation universal, and its resorts and attractions among the most noted in the world.

THE PACIFIC GROVE. "Pacific Grove" is the Chautauqua of the west, and this folder not only describes the pretty place itself, but gives a program of the religious and educational meetings, conventions, schools, etc., to be held there this summer.

Other publications are "Lake Tahoe," "Geysers and Lake County," "Yosemite," "Hotel del Monte," "Castle Crags," each brimful of information about the places named, and printed in the highest style of the art.

HOSTETTER'S STOMACH BITTERS. Sir Charles Dilke, in a paper read before the statistical society of London, declared that the normal cost of British armaments in time of peace is 60,000,000 pounds to the taxpayers of the United Kingdom, 20,000,000 pounds to India, and 1,750,000 pounds to the self-governing colonies.

WOMEN and especially mothers are most competent to appreciate the purity, sweetness, and delicacy of CUTICURA SOAP, and so discover new uses for it daily. Its remarkable emollient, cleansing, and purifying properties derived from CUTICURA, the great skin cure and preserver of emollients, warrant its use in preserving, purifying, and beautifying the complexion, hands, and hair, and in the form of washes and sootings for ulcerative weaknesses, annoying irritations and chafings, too free or offensive perspiration, and for many sanative purposes which readily suggest themselves. In many of the above conditions, gentle sootings with CUTICURA, will prove astonishingly beneficial.
