THE CITY WEATHER FORECAST.

Maximum temperature up to 3 o'clock today, 95; minimum temperature, 57. Fair tonight and Wednesday. Stationary temperature.

The high school team at Jamestown beat the Nashville Students at a ball game by a score of 22 to 21. It was a bum game.

Several large crews of Italians have been discharged along the line of the Northern Pacific and are returning east. Most of them live in Chicago.

The ladies of the Catholic church will hold a social at Grady's grove Thursday evening of this week. Ice cream and refreshments will be served.

The mum social to be given by the W. R. C. will be held at G. A. R. hall Tuesday, August 7. Everybody invited. Admission, including refreshments, 15 cents.

Some good grain is being harvested in northern Burleigh and McLean counties, but the extreme heat of the past few weeks has done much damage to grain even in this section where complete failures are not known.

The Northern Pacific was built to Bismarck in 1873—twenty-seven years ago. Those who have lived here over a quarter of a century will be pleased to learn that at least we are to have one of the finest station houses in the northwest.

Forum: A large force of steam-fitters and electricians were engaged nearly all day yesterday making the necessary attachments and changes incident to getting the new boiler ready for work, which has recently been added to the Fargo Edison Co. equipment. The new boiler will add about 30 per cent to the company's capacity. The work was done under the supervision of Ed Hughes, the general manager. Notwithstanding the many difficulties attending the changes of steam connections, switchboard, etc.,

SYRUP OF FIGS Acts Pleasantly and Promptly. Cleanses the System Gently and Effectually when bilious or costive. Presents in the most acceptable form the laxative principles of plants known to act most beneficially. TO GET ITS BENEFICIAL EFFECTS BUY THE GENUINE — MANFD. BY CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N.Y. For sale by druggists—price 50¢ per bottle.

Mr. Hughes had things so arranged that none of the company's customers were put to any inconvenience whatever—everybody had all the light and power they required. Steam from the new boiler will be used for the first time tonight. The foundation and fittings are ready for the installment of the new additional engine and dynamo, which is expected to arrive this week.

Jamestown Capital: Tom Hatton has returned from Bemidji, Minn., where he spent a week. The town has about 2,000 population and he was told it was very dull. Tom says he would like to see it when "dury"; he was in Brainerd and Bismarck in the early days and thinks he is a fair judge of a boom town. In one block in Bemidji there are 42 saloons and one bakery.

In this article on the Sheridan house appearing in another column a cut of the old building is used. No cut has yet been made from the perspective view of the new Sheridan—or whatever name may be chosen. The new hotel will be modern in every respect. The railroad company is sparing no expense in making it firstclass and it promises to equal any in the state. A more complete description of the new house will appear later on.

WHITECAPPED THE MAYOR.

BOWDEN IN WELLS COUNTY, KEEPS UP ITS REPUTATION AS A LIVELY TIME.

Bowdon, in Wells county, has been the scene of great excitement during the past week. Mayor Frank Lathrop seems to have excited the animosity of a number of citizens who decided one dark night to show their wrath, and with that intent in view held him up by the pompadour, cuffed his face with great force and violence, and left him bleeding on the gory field of combat. This hurt Mr. Lathrop's feelings, whose thirst for gore was whetted by seeing blood, and he straightway made for the county's dispensary of justice, located at Fessenden, and swore out warrants for four men, of whom Rev. Pettinger was one.

The sheriff arrested Rev. Pettinger and took him to Fessenden. At a hearing held there Mr. Lathrop and his witnesses could not give testimony against the preacher and he was discharged.

Mayor Lathrop and Rev. Pettinger had a scrap not long since in which Lathrop got the worst of it, and since then he has been anxious to get even.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY, Toledo, O. Sold by druggists, 75¢. Hall's family pills are the best.

THE BITTNER COMPANY

PLEASANT PERFORMANCE AT THE ATHENEUM LAST NIGHT BY THE BITTNER COMPANY.

A large audience at the Athenaeum last night witnessed the first performance of the Bittner Theatre company. It is safe to say that none went away dissatisfied. The performance throughout was clean, wholesome, laughable, well costumed and excellently presented. The company is superior to the average company that charges high prices of admission. "What Happened to Smith" is a farce in which there are many laughable situations and ludicrous incidents, bright dialogue and sprightly stage action. Mr. Bittner as Silas Smith was good. His manner is taking and his presentation of the delemmas in which a husband found himself because of a harmless joke could not fail to be laughable. Uncle John was another character that was delineated amusingly. Mrs. Bittner as Mrs. Smith and the other members of the company made up a well balanced cast, in a neat little play. The specialties were clean, entertaining and enjoyable. The company deserves a good house every night of the week, and certainly many of those present last night will not fail to see the company again. Tonight "East Lynn" will be presented and a well costumed and well staged presentation of the play is promised. If the standard of the play last night is maintained, there should be no doubt of a successful week for the company.

WHERE'S THE GAME WARDEN? Jamestown Capital: Reports from

ROYAL Baking Powder Absolutely Pure

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries appropriate to the season, Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corrosive acid, which taken in food means injury to health.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

the lake are that large quantities of small fish that should not be taken from the water now as they are too little, are being caught in the shallows near the shore and used for pickling. Steps to stop this waste of fish should be adopted.

THE BEST REMEDY FOR STOMACH AND BOWEL TROUBLES.

"I have been in the drug business for twelve years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by E. S. Beardsley.

DICK COPELAND FEEDING HIGH.

Williston Graphic: Otto Dahl has our thanks for a mess of green corn, the first of the season, raised on his ranch in Stony Creek district, three miles east of town.

The Graphic is under obligations to W. S. Dunn for a mess of new potatoes, the first we have seen in the city this season.

Messrs. Baker and Monroe will please accept the thanks of the Graphic force for the several nice messes of fish so generously furnished us.

Women Who have the Blues

Despondency in women is a mental condition directly traceable to some distinctly female ill. Well women don't have the blues, but comparatively few people understand that the right medicine will drive them away.

Lydia E. Pinkham's Vegetable Compound

overcomes the blues, because it is the safeguard of woman's health.

It regulates the entire female organism as nothing else does. When the dragging sensation and the backache go, the blues will go also.

Read the letters from women appearing in this paper—women who have tried it and know. There are a million such women.

OFFICIALS HERE.

Northern Pacific Officials Reach the City on Their Tour of Inspection of the Road.

Take a Trip Over the Bismarck, Washburn and Great Falls Road as Far as Wilton.

The special train carrying the officials of the Northern Pacific road reached the city shortly afternoon today. The officials started from St. Paul the latter part of last week. They made a trip to Duluth and the lakes, and then came westward, stopping at all principal points along the line. The trip will give the officials an idea of the work that has been done along the line, as well as enabling them to ascertain with some degree of accuracy as to the prospects for shipping during the fall and winter.

A telegram to General Traffic Manager Walker of the Washburn road this morning conveyed the news that the officials would like to make a trip over the Washburn road and this afternoon the members of the party made the trip as far as Wilton, accompanied by a number of prominent residents of the city.

The officials inspected the work being done on the Sheridan house, on which the company is expending \$20,000 to \$30,000 in fitting up a first class hotel. The work of moving was so far advanced that the officials were able to see the greater part of the building in place on the new site.

The party is composed of the following officials and guests of the road: C. S. Mellen, president; J. W. Kendrick, second vice president and general manager; J. M. Hannaford, third vice president and general traffic manager; S. L. Moore, general freight agent; Charles S. Fee, general ticket agent; A. J. Law, acting general superintendent, and Mr. Lovell, superintendent of motive power, all Northern Pacific officials. In addition to the foregoing E. A. Gay, private secretary to President Mellen, is with the party. The party is accompanied by a number of prominent eastern men, among whom are E. D. Adams, president of the Niagara Falls Power company and a director of the Northern Pacific road; George F. Baker, president of the First National Bank of New York; W. R. Potts, a prominent coal merchant of New York; Charles H. Godfrey, a retired banker of New York, and Gen. W. H. Seward, of the American Express company, a son of former Secretary Seward.

Another member of the party is Count Frederick William Grafzu Limburg Stirman, an eminent German nobleman, the representative of a number of German stockholders of the Northern Pacific railroad. Besides being interested in the railroad, it is understood that one of the missions of Count Stirman in the United States is to purchase a large number of cavalry horses for the German government. His father is Baron Stirman, well

known in German politics, and a member of the Reichstag.

HE COOLED THE SURGEONS.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on earth, and the best salve in the world. 25 cents a box. Sold by P. C. Remington, druggist.

DETAILS OF THE STORM.

Further reports from the Traill county storm show it to have been the most violent ever experienced. Farmers reported at Hillsboro live stock killed, granaries, barns and other out-buildings destroyed, and every growing thing laid low except the strongest trees. There was a cloud burst of hail and the downpour was so heavy that no one could see from one side of the street to the other while it lasted. Trains arrived and all windows broken in the coaches. The passengers report that the country through which they came was literally laid waste. Nearly every building in the path of the storm was destroyed. The loss of farm machinery is, perhaps, the biggest item in dollars and cents. Vehicles and machines of all kinds were picked up like chaff, and in many instances carried a thousand feet and thrown to the ground with great force completely wrecking them. Between Cando and Churchs Ferry there was a severe hail and wind storm Friday, also. Its path was three miles wide by twenty-five miles long. Crops are a total loss. South of Churchs Ferry there was still another storm, it path two miles wide by sixteen miles long. Everything which the storm hit is a total wreck. There isn't a head of wheat left standing.

When you want a modern, up-to-date physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Sample free at E. S. Beardsley's drug store.

Persons having magazines or books of any kind they desire to preserve should have them bound. The Tribune bindery can now handle all work of this nature.

Migratory Sheep.

In Spain there are some 10,000,000 of migratory sheep which every year travel as much as 200 miles from the plains to the "delectable mountains," where the shepherds feed them till the snows descend. These sheep are known as transhumantes, and their march, resting places and behavior are regulated by ancient and special laws and tribunals dating from the fourteenth century. At certain times no one is allowed to travel on the same route as the sheep, which have a right to graze on all open and common land on the way and for which a road 90 yards wide must be left on all enclosed and private property. The shepherds lead the flocks, the sheep follow, and the flocks are accompanied by mules carrying provisions and large dogs which act as guards against the wolves. The Merino sheep travel 400 miles to the mountains, and the total time spent on the migration there and back is 14 weeks.—Spectator.

HELD TO COURT.

LOUIS PRIMEAU IS HELD IN \$1,000 BONDS TO THE UNITED STATES GRAND JURY FOR AN ASSAULT.

Deputy Marshall Frank Donnelly returned last evening from Mandan where he brought Louis Primeau, who was arrested for an assault on D. R. Marshall, boss farmer at the Standing Rock agency. Marshall was stabbed with a knife in the back, but will recover. From the account of the injury, it appears that both men had been drinking. They were on a trip to the South Dakota line, and among the features of their return were several wrestling bouts. Both men got out of their wagons to engage in a bout, in which Marshall got a little the better of Primeau. After they had gotten back in the wagon to continue on their trip, Primeau drew a knife and stabbed Marshall in the back. At Mandan, he waived examination and was held in \$1,000 bail to the grand jury. H. R. Lyon and R. M. Tuttle furnishing bonds for his appearance.

Mr. Donnelly says the country about the agency is very dry, much more so than on the east side of the river. There is very little hay, and much of what little there was has been destroyed by fire. He thinks many of the Indians will have to dispose of their cattle, as they will not be able to get enough hay to feed them.

The post is very quiet. There is only a small guard of soldiers there, the others having gone west, en route to Manila. It is not known when the relieving company will arrive.

THE APPETITE OF A GOAT

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at P. C. Remington's drug store.

The Tammany Ice Trust is coining fever and thirst into such handsome profits that their mayor is receiving an annual dividend of \$35,000 on his stock. This is no political canard, for the democrats mayor confessed it under oath on the witness stand.

Twenty years of wonderful success is the record of the Keeley Cure for Drunkenness. Keeley Institute, 635 10th Street South, Minneapolis, Minn.

TRANSACTION YOUR BUSINESS.

Use telephone between Bismarck and Wilton. Call your man up and talk with him, or if you prefer to send a message, it will be handed with privacy and despatch.

Connections have been made with the Western Union Telegraph Co., and messages may be sent or received at Wilton or from all points reached by telegraph or cable lines.

Rates may be had on application at the telephone office at Wilton; the Western Union telegraph office at Bismarck, or by addressing Mr. E. H. Walker, traffic manager, B. W. & G. F. Ry., Bismarck, N. D.
