### What's in a Yawn.

At one of the clubs an old member, a clever chap, was being frightfully bored by his vis-a-vis at the table in the cafe one night, the latter individual being as dull as the former was bright. The talk was fast becoming unendurable, when the first named member chanced to observe a man at the other end of the dining room yawning in a manner that threatened to dislocate his jaws. "Look!" he exclaimed in desperation, "we are overheard!"

**Swan Saved Pigeon From Drowning.**  
 While some children were recently feeding the swans at the lake a pigeon alighted quite close to them and one of the boys attempted to capture it, but it flew off over the lake toward a swan and apparently was about to settle on its back, instead of which it closed its wings quite naturally and dropped into the water close in front of the swan and commenced to struggle.

The swan went to assist it, put its head under the water and lifted the drowning pigeon into the air. The latter then made almost a circuit of the lake, eventually resting on the island.

### BALD HEADS NOT WANTED.

Baldness is too Generally Considered A Sign of Advanced Age. A bald headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refused to take men over 35 years of age as new employees.

Almost 65 per cent of bald headed people may regain a good, healthy head of hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try the remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charges for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word or hesitate to put our remedy to actual test.

We want everyone in Bismarck, who is suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Bismarck, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular.
