### INFERENCES --- CONCLUSIONS

PINCHOT ENTERS INTO GENERAL DEFENSE OF THE FOREST SERVICE.

"Willful Deception of the President" is Charged During Course of the Hearing — Members of the Committee Become Weary of the Wrangling of Attorneys.

(By Associated Press.)

Washington, Mar. 5.—Gifford Pinchot concluded his part in the Ballinger-Pinchot inquiry today, and Jas. R. Garfield, former secretary of the interior and another prominent member of the Roosevelt "Tennis cabinet" took the stand. Garfield had only fairly started his testimony however, when adjournment was taken until Thursday.

Pinchot's story ended with a reiteration of the fact that he had little or no personal knowledge of the facts to which he called attention during the four days he was on the witness stand and with a general defense of the forest service. Pinchot

## GERMANS SEARCH FOR SOUTH POLE

MEMBER OF THE REGULAR ARMY WILL LEAD EXPEDITION TO THE SOUTH.

Half A Million Dollars Will Be Required to Make the Proposed Dash — Part of the Money Required Has Already Been Secured — Two Boats in Expedition.

(By Associated Press.)

Berlin, March 5.—A German south pole expedition, virtually has been arranged by Lieut. Filchner of the general staff of the army, under the auspices of the Geographical society. Filchner announced at a meeting of the society this evening that the expedition would start in October of this year, if necessary funds were forthcoming. He said it would take \$500,000 if two vessels were used, and \$250,000 if they confined themselves to one vessel.

The plan is to send a vessel with provisions over the route followed by Lieut. Shackleton and form a depot at the half way point to Shackleton's winter quarters. The regular expedition would start later from Weddell land, on the opposite side of the pole, and make a dash across in an endeavor to reach the depot.

Dr. Penck, chairman of the Geographical society, announced that an anonymous donor had given \$75,000 toward defraying the cost of the expedition, and Lieut. Filchner also had promised of a further \$15,000, and it was hoped that they would be able to send out two vessels in order to save time.

## BIG BUSINESS IN MOONSHINE OLEO

(By Associated Press.)

Washington, March 5.—War to the knife against the illicit coloring of oleomargarine, which is sold for butter, is being conducted by the internal revenue bureau. So prosperous has the practice grown, it is said that there is more "moonshine" oleo made today than whisky of that class.

A force of special agents is at work to discover frauds and punish the wrong doers. More recently they have been especially active in the middle west and their labors, officials say, have been operating in Pittsburg, Chicago, Louisville, Denver and St. Louis.

In Pittsburg four persons have been sent to the penitentiary and there and in other places the government has profited by agreeing to large compromises.

In Chicago, also recently Judge Landis sent a man to a long term in prison and imposed a heavy fine for violating the law.

## PHILADELPHIA IS TORN WITH RIOTS 75,000 MEN OUT

BIG DEMONSTRATION OF STRIKERS AND SYMPATHIZERS IN THE CITY.

### POLICE KEEP ORDER EASILY

INDEPENDENT SQUARE SAW A GATHERING OF TWENTY-FIVE THOUSAND.

Expected That More Men Will Go Out Monday — Strikers Will Not Call Out Unions Engaged in Furnishing the Necessities of Life to the Citizens.

(By Associated Press.)

Philadelphia, Mar. 5.—Disorder in many parts of the city marked the first day of Philadelphia's great sympathetic walkout of organized labor to back up the fight of the trolley men against the Philadelphia Rapid Transit Co. Nearly every section had its tale to tell of cars attacked of men assaulted by strikers or sympathizers, or of clashes with the police.

The scene of the most general disturbances shifted from heretofore turbulent Kensington district to very center of the city. The greatest trouble was experienced at Independence Square, where despite the announcement by the mayor that no demonstrations could be held on that historic ground, a crowd estimated at 25,000 persons gathered to participate in or watch the demonstration of organized labor. ## POLICEMAN GETS \$100 FOR BRAVERY

New York, March 5.—(Special.)—The physicians at the Norwegian hospital told John Krudop, a wealthy Brooklyn saloon keeper early this morning that he surely would die soon, and he asked that he might see Policeman Wm. B. Harris, who tried to protect his life on the morning of February 14. Krudop had been attacked in his saloon by an armed Italian. Harris hastily summoned, arrived an hour later.

"I made a brave fight, didn't I?" asked Krudop weakly, as he squeezed the bluecoat's hand.

"Yes, you did," said Harris. "You are the bravest man I ever saw."

"I called you here," Krudop went on, in order to tell you that I have left you one thousand dollars for your bravery."

Krudop died a few minutes later.

## 60 DEAD IN A CANADIAN SLIDE

ALL BURIED IN A SNOW SLIDE HAVE PERISHED IT IS STATED.

Four Hundred Yards of Track Buried Under Sixty Feet of Snow — Canadian Pacific Trains Are Making a Long Detour to Reach Their Destinations.

(By Associated Press.)

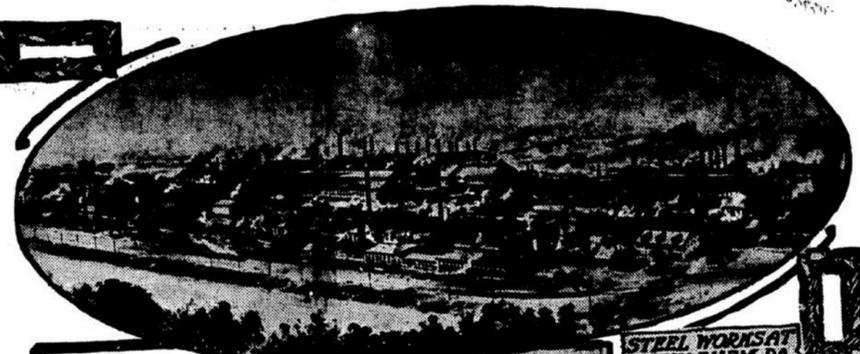

Vancouver, B. C., March 5.—Of the sixty-two Canadian Pacific trainmen, trackmen and laborers buried by an avalanche in Rogers Pass on the summit of the Selkirk range of the Rocky mountains early this morning, all are probably dead. Twenty-five white men and thirty-seven Japanese are thought to have perished. The bodies of only five have been recovered.

The Rescued.  
Roadmaster Frazer.  
Fireman Griffith.  
Conductor Buckley.  
Engineer Phillips.  
A Japanese.

The work of recovering the dead and opening the track is greatly impeded by the blizzard which is raging in the pass. There was another big slide of snow and rock this morning a mile east of the spot where the men were overwhelmed. It destroyed a portion of the snow shed and buried the track for four hundred yards to a depth of sixty feet. There were no victims in the last avalanche.

Today's east bound express left here as usual. Until the tracks have been cleared passenger traffic east and west bound will be handled via the Arrow Lake, Nelson and the Crow's Nest Pass railway.

## GREAT STEEL WORKS AT BETHLEHEM, PA., GUARDED BY MOUNTED CONSTABULARY

Bethlehem, Pa., Mar. 5.—(Special.)—The failure of the officials of the great local steel works, headed by Charles M. Schwab, to induce more than a few hundreds of their striking workmen to return to work was hailed as a victory by the strike leaders, although the officials of the company asserted that many more would return to work as soon as they were assured of sufficient police protection. They place great reliance

on the mounted state constabulary, who had made so good a record for efficiency in Philadelphia. The strikers are bitter against the constabulary, declaring that the fatal shooting of Joseph Szambo was unprovoked murder. Szambo was killed when a detachment of the state police dispersed a crowd, and the police say that he resisted an officer. Coroner Goben issued a John Doe warrant for the apprehension

of the policeman who shot Szambo. The Bethlehem Steel company's works employ about 10,000 men when running in full blast. They were shut down by the company as a measure of precaution after rioting occurred in the strike.

## ARMY OFFICER IS DISCHARGED

WAS TOO FRIENDLY WITH THE FILIPINO DAMSELS TO SUIT FRIENDS.

Barred Father of Sweetheart From the House — Order of Dismissal Has Been Approved By President Taft — Lieut. Thompson Appointed From Iowa.

(By Associated Press.)

Washington, Mar. 5.—First Lieut. George S. Thompson, of the Philippine scouts, has been dismissed from the army in disgrace, principally because of alleged improper conduct with Filipino women. He was appointed from Iowa.

Thompson was accompanied to the islands by his wife and children, who lived with him at Camp Daraga, Albay. While there, it was charged, a girl named Binacula so charmed the lieutenant that he forgot his family and his duties, appearing in his uniform in public with the girl and making merry "to the scandal and disgrace of the military service."

Later, it was alleged, the lieutenant extended the field of his revelries and took Misses Bictay, Dionisia and Gregoria into his friendship. On one occasion, according to the charges, he posted a guard at the door of a house in which he was with Binacula, the soldier having orders to prevent the father of the girl from entering. At other times he compelled enlisted men to furnish quarters and living accommodations with their families for Binacula.

The sentence of dismissal was approved by President Taft.

**BOWLING TOURNAMENT.**  
Detroit, Mar. 5.—New leaders in the singles and a tie for the lead in the two-men events were the results of the longest siege of the bowling yet scheduled in the tenth annual tournament of the American bowling congress.

Max Unger of Cleveland is new leader in singles—his score of 649 passing Geo. Oakley of Madison, Wis., who held first place for several days. In the two-men events Robert Zimmerman and Claude Campbell rolled 1,203 and went into a tie for first with Cook and Crewson of Sebring, Ohio.

## 14 YEAR OLD CRIME HAS BEEN UNEARTHED

Pittsburg, Pa., Mar. 5.—"This is the man that bound me and my wife and burned our feet until we told where we had hidden our money," said John Wagner, 80 years old, as he picked Frank Donahue out of a line of eight men at the Etna police station. "It is fourteen years ago," continued Wagner, "but I shall never forget his face."

Donahue was sent to jail to await trial for burglary. Two companions are serving terms in state prison for the crime, but Donahue fled and was captured upon his return to his home. As the prisoner was being led away the aged man wept and said:

"I have played that the guilty one would be captured because those men were responsible for my wife's death."

Two indictments charge first degree murder, in connection with the deaths of Colonel Swope and Chrisman Swope. Dr. Hyde is alleged to have given them strychnine tablets. One indictment accuses Hyde of manslaughter by bleeding Jas. M. Hunton, a cousin of Colonel Swope in neglectful duty.

## CARUSO STILL DEFIES MAFIA

GREAT TENOR IS NOT ALARMED AT THREATS OF THE BLACK HAND.

He Is Pulling Off Another Advertising Scheme Bigger and Better Than the Famous Monkey Cage Stunt—Declares Police Have Not the Right Men in Custody.

(By Associated Press.)

New York, Mar. 5.—Enrico Caruso, the tenor, does not believe that the police have the right men. He thinks that Antonio Masiani and Anonia Cincotti, who were arrested in Brooklyn late last night while picking up a decoy package of pretended ransom, are nothing but understrappers of a formable conspiracy directed in secret by men who use their brains and leave the buckshot and sawed-off shotguns to hirelings — "Base hirelings" says Caruso.

But Caruso is not dismayed. Pacing from room to room of his pink and white suite, and pausing between the bursts of declamation to blow kisses at the pink lilies that blushed from every stand and table, he smote his chest this afternoon and swore Corpo Di Bacco that nevertheless and notwithstanding he would still sing in Brooklyn.

"The blackhand scares me not" he shouted crescendo. "Caruso says 'Ha, ha' to the blackhand. Should they open fire on me in the theatre I will shoot them all down like flies. Caruso, he is always armed. Never is he without his revolver and his sword cane.

"For years I have received begging letters, but never before these deadly threats. To those who deserve an dare in need Caruso gives with both hands of his charities, but he will give only the steel and the bullet to the coward and the bandit.

"The stupid police do not know what it is that the signature to the letter—L. M. N. C. D. M.—means. It means 'La Mano Nero Compagnia Della Morte, the black hand company of death.'

"These prisoners are not the right men. Let them get more."

(By Associated Press.)

Washington, Mar. 5.—Dividing practically upon party lines, the senate at the close of the third session of the legislative day of March 3, today passed the administration postal savings bank bill.

Of the seventy-two votes cast, fifty were in favor of the bill and twenty-two against it. All the negatives votes were cast by democrats, even Mr. McNary, who had voted with republicans throughout consideration of the bill, in the end lining himself up with his own party. Senator Chamberlain of Oregon was the only democrat who stood with the republicans in favor of the bill.

As it goes to the house, the bill authorizes various money order postoffices to accept sums of one dol-

## LOUIS JAMES, ACTOR, DIED AT HELENA, MONT

Helena, Mont., March 5.—(Special.)—Louis James the actor, died here this morning in his apartments at the Grandon hotel. Death is the result of an attack of heart failure. He was stricken in his dressing room at the Helena theatre last night just before his performance of Henry VIII was to have begun. He was listening to an orchestral rehearsal when he suddenly collapsed and became unconscious. He was attended by Dr. William Treacy and was pronounced out of danger last night. During the night he rested easily, but upon awakening this morning was seized with a second attack and expired almost immediately. The body was embalmed by Coroner E. L. Flaherty this afternoon and was tonight shipped to St. Paul via the Northern Pacific railway, where it will be cremated in accordance with the actor's expressed wish, and the ashes taken to Kansas City, his former home.

## 100 MAY BE DEATH TOLL

LITTLE PROGRESS TOWARDS RECOVERY OF SNOW SLIDE VICTIMS.

Hundreds of Men and Much Equipment Being Used in Search for the Dead — Melting Snow Aids Work of Recovery — Coroner Estimates Dead at Over a Hundred.

(By Associated Press.)

Wellington, Wash., Mar. 5.—Slow progress was made today by men excavating Death Gorge where a Great Northern train was buried by an avalanche Tuesday and only a few bodies were brought out.

The weather was cold and snow fell. Rotary plows and hundreds of men are working night and day toward Wellington from both sides of the Cascades.

When the engines, with chains, cables and derricks arrive the ruins will be explored rapidly. Among the few bodies found today were those of Engineer B. F. Jarnigan and Fireman Harry C. Partridge of Bill-oxi, Miss.

Warm weather and rains have greatly reduced the quantity of snow in the mountains. Looking down from Wellington into the gorge where wrecked trains and sixty dead are buried, nothing is discernible except broken trees, the pilot of an engine, portions of two electric motors and fragments of a rotary plow.

Coroner Snyder who estimated the number of dead at more than a hundred believes that all the bodies will be recovered within a week.
