MANY ARE INTERESTED ONLY FIVE IN GOOD ROADS MEN ON JOB

PIERRE, March 21.—State Engineer Lea has returned from attendance at the good roads meetings at Sioux Falls, Madison and Arlington. He reports great interest in the road question all over the state, especially among the farmers who attend the good road meetings in large numbers, and are showing as much or more interest in the movement as are the town residents, and the engineer predicts that the farmer members of the next legislative session will not be opposed to the good roads move.

CYR WAS CLEARED OF BLAME FOR KILLING

BEMIDJI, Minn., March 21.—That George Cyr was justified in killing Paul Fournier at Quiring, this county, on Thursday, March 14, when he shot him to death, was the conclusion reached by a jury under Coroner Ibertson and Attorney Torrance. Cyr and Robert Logan, with whom Fournier lived, and several other witnesses were examined. It was said Fournier sought trouble with Cyr and had declared he would get a settlement with Cyr or kill both Cyr and his wife. County Attorney Torrance will probably hold a hearing next Saturday. Cyr is held in the county jail pending the outcome of the investigations by the county attorney.

EFFECTS OF FALL WAS CAUSE OF HIS DEATH

HURON, March 21.—James J. Gallagher died at the city hospital here this afternoon from the effects of a fall Sunday night, in which he received serious injuries to his head, causing concussion of the brain. Gallagher has been foreman of the C. & N. W. Pitsch gas plant in this city for some time past. Saturday night he fell down stairs at his rooming house here, striking on the back of his head and inflicting the serious injuries that today caused his death. He was a man between 25 and 30 years of age and had no relatives in this city. Mrs. Gallagher, his mother, lives in Palmer, Neb., and he has a sister, Mrs. Brady, in Maywood, Ill. Funeral arrangements have not as yet been made.

CIGARMAKER ARRESTED
MINNEAPOLIS, Minn., March 21.—Charged with failure to make proper revenue reports to the federal authorities, Michael McQuirk, a cigar manufacturer here, was placed under arrest by United States marshals from St. Paul and taken to St. Paul for arraignment. Recently federal authorities confiscated a large quantity of cigars found in the McQuirk factory.

BALDHEADS

More Women Are Bald Than Men, Says Authority.
This is a startling statement but it's true according to an article published in a standard magazine this year.
One thing is certain PARISIAN SAGE will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald. Ladies, look after your hair, destroy the dandruff germs with PARISIAN SAGE and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing, refined and agreeable hair dressing that can be obtained. Sold by Lenhart and druggists all over America for 50 cents.
"My hair was falling out and I was troubled with itching scalp. I received no benefit until I tried PARISIAN SAGE."—Mrs. George Thunders R. F. D. 5 Marshall Mich.

ONLY FIVE MEN ON JOB

No Disturbances Reported But Company in Dark as to Trouble

HIBBING, Minn., March 21.—Only five of the day crew employed at the Stevenson mine of the Corrigan-McKenzie company near here showed up for work this morning, the balance about seventy, failing to put in an appearance. The night shift of forty refused to go to work last night. The officers of the mining company are not disposed to take for publication and appear to be rather in the dark as to just what the men are kicking about, but the general report is the night shift claim if they work only five hours Saturday night they should be paid for eight hours. There is also a report that too much liquor indulged in by some of the men lately has caused more or less dissatisfaction. The men are all foreigners and it is difficult to get a clear statement from them.

Three Deputy Sheriffs
So far as known there has been no disorder, the men not going to work just keeping away. Acting under authority from Sheriff Meinung, Deputy Sheriff Little of Hibbing, today swore in three deputy sheriffs who are now at the property. All the saloons at the Stevenson have been closed. The company has issued orders for the men to get in their time if they do not intend going to work. Wild reports are current here about the mines at the Mississippi mine, at Keewatin, being disgruntled over some rule put into effect since the new eight-hour regulation because effective and threatening trouble, but this cannot be confirmed. The authorities will prevent any disturbance at the Stevenson but up to noon the deputy sheriffs had nothing to do. It is expected that the situation will be clarified in a few hours and that the night shift may nearly all report for work.

WOODSMAN WAS KILLED BY TRAIN

BEMIDJI, Minn., March 21.—With the left leg severed above the ankle, the right leg broken and the head badly lacerated, the body of O. Rice, a woodsman, was found at an early hour in the morning alongside the Great Northern tracks at a crossing in the west end of the city. The body was in charge of an eastbound freight train. Rice had been working for the J. Neils Lumber company in the vicinity of Cass Lake. He came to Bemidji early last evening from Cass Lake and was seen on the streets near the depot. It is believed he wandered onto the tracks in the west end of the city and was struck by a passing train and instantly killed. Rice had evidently been dead several hours. On the body was found a check for \$100 signed by A. Marshiko, Cass Lake, and \$35 in currency. It is said Rice was formerly a resident of Fargo. The body is being held by Coroner Ibertson pending further investigation of the cause of death.

WIELDED A KNIFE WHILE IN A POKER GAME

HIBBING, Minn., March 21.—Steve Capon is at a local hospital receiving treatment for knife wounds inflicted during a row over a poker game at the St. Paul location and Mike Katka is being sought on the charge of using the steel upon his adversary. Capon has an ugly wound in the back but it is not considered fatal. Just how the row developed is not known but it is understood the men became involved in an altercation over the comparative worth of two hands.

RULING ON USE OF SOUTH DAKOTA ROADS

PIERRE, March 21.—The state law department holds, on inquiry, that the unobstructed travel of a highway in this state for a period of twenty-one years or more makes such a legal highway under existing laws; but that while it is a legal highway, it is not of necessity a public highway upon which it would be legal to expend public funds. To give the road this character will be necessary to act upon it just as for the establishment of a public highway in any other case.

VOLIVA TO CLAIM MORE THAN DOWIE

CHICAGO, March 21.—Wilbur Glenn Voliva, son of an Indiana justice of the peace, who succeeded the late John Alexander Dowie as overseer of Zion City, Ill., will appear in a few weeks as Elijah III, it is reported. He also will call himself "The Messenger of the Covenant," it is said, which is more than Dowie who said he was Elijah II, ever claimed to be. Conferences lasting into the early hours of the morning are being held by the head Zionists this week. Voliva recently stated that he would make the most important announcement in the history of his cult. What it is to be he refused to say. But those close to the secrets of the colony say he is preparing to make the announcement regarding himself. In a sermon on March 10, Voliva spoke of "The Messenger of the Covenant," saying the messenger and Elijah III are one and that they will precede the second coming. Voliva is said to be planning to choose twelve apostles and to garb them and himself according to biblical traditions.

COURT HOLDS ALL ARE FELLOWSERVANTS

WASHINGTON, March 20.—The supreme court has decided that employees in a car repair department of a railroad are fellow servants of employees in the operating department, thereby excusing the employing railroad from liability for negligent injuries to the former class by the latter.
"The doctrine of fellow servant is established," said Justice Holmes "whatever may be thought of it."
He added that it was for congress to change the law, if bad; not for the courts.

PROPOSALS FOR SEED GRAIN BONDS
Sealed proposals will be received at the office of the County Auditor of Mountrail County, North Dakota, in the court house in the city of Stanley, in said county and state, up to the hour of 2 o'clock p. m., March 27th, 1912, for the sale of Mountrail County seed grain bonds, issued in pursuance to Chapter 210 of the Session Laws of the State of North Dakota, for 1909, entitled, "An act authorizing counties to issue bonds or warrants to procure seed grain for needy farmers, resident therein." Said bonds will be in denominations of five hundred dollars (\$500.00) due in two years from date of issue, and will bear interest at the rate of seven per cent per annum.
The Board of County Commissioners have authorized bonds to be issued to the amount of Twenty Thousand (\$20,000.00) Dollars to provide funds for the seed grain applications acted upon and allowed at, and prior to the date of the sale of said bonds.
Each bid to be accompanied by a certified check of One Thousand (\$1,000.00) Dollars, made payable to the chairman of the Board of County Commissioners as a guarantee to furnish the cash for bonds sold.
The Board of County Commissioners reserves the right to reject any or all bids.
Dated at Stanley, North Dakota, this 11th day of March, 1912.
W. C. GIBB,
County Auditor in and for Mountrail County, N. D.

SPECIAL TRAIN COMING TO BISMARCK FRIDAY

LARGE DELEGATION OF MANDAN ROOTERS WILL VISIT CAPITAL CITY.

Basket Ball Game at the Armory Friday Night Will Be Lively Contest Every Minute of Play.

Friday evening a special train from Mandan will arrive in Bismarck bearing the Mandan basket ball team, accompanied by nearly one hundred rooters. Mandan will meet Bismarck at the armory tomorrow night in the final struggle for supremacy for the season of 1911-12. The contest will be hard fought, and will be a fitting climax to the season's endeavors of both quintets.

There will be a social dance after the game and it is expected a large number of people will enjoy themselves.

The Mandan team is strong. Bismarck is crippled by the loss of Quilling, who is still nursing a broken hand which he received in the game at Washburn. But there will be some game—one well worth going to see.

MANY NORTH DAKOTANS LIVE AT PORTLAND

HAROLD C. BRADLEY RETURNS FROM TRIP TO THE PACIFIC COAST.

Capital City is Well Represented in Contingent of Former Flickertails Who Followed Greeley's Advice.

Horace Greeley must be popular with North Dakotans. His advice to "go west" has been very carefully heeded by many residents of this state, with the result that they have packed up their family lard and penates and fled themselves to the land kised by the silvery billows of the Pacific. Portland, Ore., is their favorite haunt, according to Attorney Harold C. Bradley, who returned to the city Wednesday morning. Mr. Bradley was called to his home near Portland on account of the serious illness of his father, who was somewhat improved in health, temporarily, when a message telling of the death of his law partner, W. F. Cochrane, summoned Mr. Bradley back to Bismarck.

At Portland he met Max Burley, formerly in the state land department here. Mr. Burley is now president of an abstract company. He also met Hensel E. Miller, formerly deputy commissioner of insurance. Mr. Miller is engaged in the insurance business at the Oregon metropolis. Judge Corliss and Hon. B. G. Skulason, formerly of Grand Forks, are practicing law there, and all of the leading cities in North Dakota are represented by large delegations of erstwhile citizens. The North Dakota club at Portland is one of the largest and most influential in the city.

NEW IMMIGRATION BILL
Congressmen to Frame Measure After Abandoning Others.

WASHINGTON, March 21.—The house immigration committee has abandoned consideration of the various measures before it for the regulation of immigration into the United States and has appointed a subcommittee to frame a measure that will prove acceptable to the house.

The chief stumbling block in the proposed legislation has been over the regulations to be imposed to test the literacy of the incoming alien. This will be the chief problem to be considered by the subcommittee, which is composed of Chairman Burnett of Alabama and Representatives Sabath of Illinois, Moore of Texas, Gardner of Massachusetts and Hayes of California.

"Usin' Tiz Gramma?"
"Yes, Harold, It Makes Grandma's Feet Feel Just Like Yours, Free from Tiredness, Aches and Corns!"

"Your papa and mamma, your grandpa and your grandmama all use TIZ, Harold. And you'll use it, too, when you get to be a man. That's what you'll never hurt, or get tired. That's why we all use TIZ."

There was all manner of disappointment at Granville because Jim Hill did not stop long enough in that town to make a short speech on his return to St. Paul from the northern part of this state.
