

# MRS. PANKHURST WILL CONSIDER IS DETERMINED MONEY REFORM

### If Necessary Will Break Prison Bars to Attend Meeting at Albert Hall

(By Associated Press.)  
LONDON, March 31.—"If I am not at the Albert Hall meeting on April 10 it will be because the authorities have discovered a way to keep me away by force, or because I am dead. There is absolutely no other course open," Mrs. Emmeline Pankhurst told a meeting of militant suffragettes this afternoon.  
The cheering was so hearty she was unable to proceed for five minutes. She said her conviction was certain in the trial on the charge of inciting persons to commit malicious damage to property which begins Wednesday. She said she would terminate her imprisonment at the earliest possible moment. "I hope to break the prison bars and be present at Albert Hall," she said, and concluded by saying she would be victorious, or die in the attempt.

### Will be Brought Before Congress Soon After Extra Session Starts

(By Associated Press.)  
WASHINGTON, March 31.—Currency reform will come informally to the attention of congress soon after it assembles next week, notwithstanding the efforts of President Wilson and the democratic leaders of the two houses to focus their attention upon the tariff during the early weeks of the extra session.

At least half a dozen currency bills will be ready for introduction when congress convenes, it is believed, and the appearance in their houses and senate will mark the beginning of a general discussion of financial reform.  
Most of the bills now being prepared represent the views of the individual members and will be introduced as individual bills. Senator Owens of Oklahoma and Representative Glass of Virginia are working upon measures which probably will be submitted first to the banking committees of the respective houses and made a basis for committee study.  
Senator Owens has not made public the details of his contemplated bill.  
Senator Weeks of Massachusetts will reintroduce his bill, drawn by the national monetary commission, providing for a national reserve association.

# CAIRO CITIZENS MORE HOPEFUL

(By Associated Press.)  
CAIRO, Ill., March 31.—Inhabitants of Cairo tonight renewed hope for the safety of their city. Before nightfall a strong current came up in the Ohio river, and this gave rise to the opinion that something had given way south of here, and this situation, which had been growing desperate, has been relieved.

The levee is holding strong, though the water has been creeping steadily upward. It is over a foot higher than at 4 o'clock yesterday. At 7 o'clock tonight the gauge stood 52.6-10. The water level is now higher than the most elevated street of Cairo.

Further up, at Bridge Junction, the water crept dangerously near the top of the levee, and thousands upon thousands of sacks of sand have been placed to hold it back. It was predicted tonight the river will go 56 feet.

Colonel Daniel Morley of the Seventh Regiment of Chicago, has taken charge of the troops. At Mounds, 12 miles above Cairo, hundreds of refugees arrived during the day. Most of them left Cairo in wagons, taking their trunks and household goods with them.

One levee broke at 2 o'clock, but the extent of the damage is unknown.

## BIRTHS

**A SON.**  
Born to Mr. and Mrs. William Savage, on Easter Sunday, a son; mother and babe are getting along nicely.

**BAND DANCE TONIGHT.**  
The members of the Boosters Band will give their annual dance tonight at the Armory, beginning at 9 o'clock with a short concert before the dancing commences. Everyone is invited and a full house should greet the boys as their earnest work is deserving the best support of the city and will result in a good musical organization for the summer concerts. Come tonight and bring a friend to the Armory dance by the bandboys.

# WORK BEGUN ON TRIBUNE BLOCK

### Contractor Has Started Work Remodeling Rooms in Second Story

Contractor John Larson put a crew of men at work Monday morning, tearing away the rear end of the Tribune block, preparatory to building the addition thereto, and making the other alterations which are to be made in the building.  
That part facing on Broadway will be extended to the alley line, and two spacious offices will be added in the rear of the Hoskins store, besides eight offices on the second floor. This work will be rushed to completion by the middle of the summer.  
Mr. Larson also advises the Tribune that he will commence work this week on the new school building at Steele, in which case he was the successful bidder this last winter. He also has several contracts which are about to be closed up, and which will be mentioned later.

# STREET PAVING IS FAVORED AT MINOT

(Special to the Tribune)  
MINOT, N. D., March 31.—The Commercial club has gone on record as strongly endorsing the proposition to pave Minot's business streets. Minot is the third city in size in the state, but the necessity for paving has never been so imperative as at Fargo and Grand Forks because of the nature of the soil. The time has arrived, however, when the business men are demanding the improvement and it is probable that as soon as the new members of the city commission assume their duties the matter will be given consideration and the chief year.

## ANNOUNCEMENT

The following is one of the many complimentary notices that we have received about "The Arrival of Kitty" which will be given here at the Bijou Theatre Friday, and Saturday, April 4 and 5:  
"It might interest you to know that the Commercial Club of Aberdeen, S. D., engaged "The Arrival of Kitty" to entertain the senators and representatives of our fair state at the banquet given in their honor in Aberdeen January 3, 1913.  
The following is what the Aberdeen Daily American has to say about the performance:  
"Following the banquet the city's guests left the confines of the Commercial club building and moved to the Bijou theatre, where M. H. Wilkes' Associated Players presented their musical farce, "The Arrival of Kitty."  
"The performance was a crowning success to the evening's program and

the work of the company proved them a company of finished artists. The play itself is one of the cleverest little farces on the circuit and the musical numbers added much to the piece.  
"Hal Johnson, the clever impersonator, is most adept at 'faking' the part of the pretty young actress and is probably one of the cleverest female impersonators on the theatrical circuit today. He takes a most handsome woman and looks every inch the part of the clever young actress he is supposed to be.  
"Miss Seymour, in the roll of the niece, was also very clever and carried herself with remarkable stage presence. R. J. Bentley, the old colonel, and Art Scott, as the bell boy, also provoked many laughs and acquitted themselves with considerable honor."  
Arrangements have been made whereby part of the receipts will be turned over for the benefit of the Flood Sufferers.  
Seats now on sale at Knibbles and Haney's drug store. Prices 75c and \$1.00.

# COL. TUTTLE HAS SAILED TO ORIENT

### After Spending Some Time in California Will Make Visit to Tropics

Our neighboring townsman, Col. W. P. Tuttle of Dawson, who has been spending some little time in California, has sailed on the steamship Korea for Honolulu in the Hawaiian Islands, for Yokohama, Kobe and Nagasaki in Japan, Shanghai, Hong Kong and Canton in China, and will probably take in Manila in the Philippines, enroute. Mr. Tuttle expects to return some time in June. This is in line with Mr. Tuttle's habits of life. He has always been a close student of conditions and or people, of all kinds of business interests and causes and results in economics and in politics. It was owing to these qualifications of his that The Tribune supported his candidacy for congress in the 1912 June primaries. Twenty years ago he made a very extensive trip through Mexico and visited every state in the United States but those which he has since covered. He also has visited all of the principal countries of Europe and now, with the same desire to study the conditions of all people and all things, he is on his way to the Orient. The Tribune is pleased to wish him a happy voyage and safe return.

**WILL MEET TONIGHT.**  
The A. O. U. W. will hold a regular meeting tonight - 7:30 o'clock at the K. P. hall and all members are requested to attend.

**FRANK EVERETS HAS BOUGHT THE STAR RESTAURANT.**  
And asks all his old friends to come in and bring their friends.

# LEVEE REPORTED TO HAVE BROKEN

(By Associated Press.)  
FRANKFORT, Ky., March 31.—Acting Adjutant General Ellis tonight received a message ascribed to the Mayor of Columbus, Ky., below Cairo, stating the levee there had broken. The wire communication failed before the details.

# HOTEL AT MOTT IS DAMAGED BY FIRE

(Special to The Tribune.)  
MOTT, N. D., March 31.—Fire which broke out in the Hotel Brown here tonight did damage to the extent of about \$500. The fire is supposed to have started from a defective flue in the main chimney and the damage was done to rooms on the second floor of the hotel.

# J. P. MORGAN ANSWERS CALL OF DEATH AT ROME YESTERDAY

(Continued from Page One.)

safed by members of the firm. The statement was made however that the business will be carried on undisturbed by surviving members.

Throughout the day equipages of all kinds drove up to Morgan's mansion and occupants left their cards of condolence. Henry P. Davidson, now a senior member of the Morgan firm, said with the exception of two dispatches, announcing the death of Morgan, he had received no word from Rome. He said there would be a family conference tomorrow at which details of the funeral will be arranged. The immediate effect on the machinery of Wall Street on account of Morgan's death is comparatively slight. On stock exchange the news from Rome had largely spent its force within 15 minutes after the opening of the market. Morgan's illness had prepared the financial district for the end, and every precaution had been taken to guard against a serious break in prices. Wall Streets relation with the head of the house of Morgan had been of such a large consequence for so many years, that news of his passing had made an enormous impression. From bankers, brokers and railroad and business men came tributes to the dead man, and from all over the world messages of condolence were received.

"Tell Me the Secret"

"How do you make such delicious muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them about as you do, only I use K C Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

# KC BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.
