

### Refuge of Dayton's Homeless Thousands, Head of Relief Work, and Flood Scene

Several thousand refugees from the flood at Dayton, Ohio, found safety at the works of the National Cash Register company. The factory is located on high ground and the flood did not reach it. John H. Patterson, president of the company, who heads the committee in charge of the relief work, threw his entire plant open for the housing of the homeless. Some reached the works in rowboats. The picture taken at London, Ohio, shows how many families used boats to escape from the rising waters, abandoning their homes to whatever fate the flood had in store.

### MASS MEETING HELD IN DUNN COUNTY

(Special to the Tribune) MANNING, N. D., March 31.—A mass meeting was held in the Spring Creek county to discuss the location of a townsite on the Northern Pacific survey up that creek. After some discussion as to the relative merits of two locations the one on Section 25 was adopted. Committees were named to secure new enterprises, a post-office and other needed institutions. The location is practically in the center of Dunn county and it is planned to make the location the county seat. Dunn Center was the name suggested.

### STATE NORMAL SCHOOL

At Valley City. Dr. Allen Hoben, associate professor of homiletics and pastoral duties at the University of Chicago divinity school, delivered a series of five lectures in the Normal auditorium beginning Sunday evening and closing Tuesday evening of last week. These lectures were delivered under the auspices of the Hazelton foundation and the speaker's general theme was "The Religious Education of Boys." Under this topic he spoke of the revival of idealism, biology and boy nature, religion and play, choosing a vocation and adolescence and boy nature. "This is a part of the country for idealism," said the speaker on Sunday evening, "where you are not crowded and jostled by neighbors or immediate want. You seem to have space for ideas. In the east with its crowded cities, the final product is not idealistic in the sense of being devoted to a cause. We must look to these parts of the country for future leadership."

### BURNED AND ITCHED BADLY

Burn Was Sore and Ulcerated. All Red and Inflamed. Suffered Terribly. Could Not Sleep for Two Weeks. Used Cuticura Soap and Ointment. Arm Healed Nicely.

539 Lincoln Park Blvd., Chicago, Ill.— "A year ago I received a very severe burn on my left arm. I caught cold in it and it was all sore and ulcerated. The sore was as large as a silver dollar. It was all red and inflamed and had pus running out of it. I suffered terribly from burning pain; could not sleep for two weeks it burned and itched so badly. I applied Cuticura Soap and Ointment as his recommendation. I then commenced using the Cuticura Soap and Ointment. I bathed the burned parts with Cuticura Soap and applied the Cuticura Ointment on a linen bandage. I got relief from the first and my arm healed nicely. I was soon able to be at work again. Had I used Cuticura Soap and Ointment at first I would have avoided four weeks of suffering." (Signed) Harry Junker, Mar. 9, 1912. If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair lustrous and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by an occasional light application of Cuticura Ointment. Sold throughout the world. Liberate sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

So said Prof. F. H. Seldon of the manual training department, in an address before the students here on last Saturday. Prof. Seldon attended the Philadelphia meeting and said it was the real object of the exhibit was to show the fundamentals, and the possibility of teaching them apart from any definite trade instruction. It is believed that if regular school shop work is made a definite science and thoroughly taught, that the pupils will go out from the common schools well fitted to enter any industrial line. It is also believed that pupils having such a training will have more reasonable assurance of success on entering some industrial line than they would have had they spent the same amount of time in the ordinary study of trade processes.

"The Princess Bonnie," an original comic opera in two acts, the words and music of which were written by Willard Spener, author of the "Little Tycoon," will be presented in the Normal auditorium on June 2, by a school cast. On June 1, the Minneapolis Symphony orchestra will give two concerts in the auditorium, and on June 3, the Choral Society will present Dvorak's oratorio, "St. Ludmila." FOR SHOE REPAIRING go to L. E. Larson, at Ryan's shoe store. All work neatly done.

Keep Your Hands Pretty with Webster's  
Why allow them to become unsightly—even though you cannot prevent their exposure to dust, wind or cold? They can be kept white—smooth as velvet—comfortable, if each night and morning you apply  
Webster's Greaseless Toilet Cream  
It is equally good for the complexion—leaving a delightful sense of freshness and cleanliness.  
Webster's Greaseless Toilet Cream is a delicately perfumed "vanishing" cream—as white as snow and as pure. Will not grow "down" on the face. Put up in dainty, aluminum capped jars—Twenty-five cents.  
It is only one of many exquisite toilet articles prepared in the Webster Laboratories—all guaranteed.

### BALDWIN

Mr. Will Kammerer loaded his car on Monday and Tuesday and started today for Havre, Montana, to make a new start. He has taken a 320 acre homestead there and his wife and children are accompanying him. A party of Reganites took their departure for Canada last Tuesday. They loaded their car at Baldwin and proceeded north from there. Mr. McLaughlin of Regan was one of the party. Some more building is going to be begun in Baldwin.  
An entertainment was given by school No. 3 in Crofte school district last Friday evening by Miss Hulda Johnson and her pupils. A very good crowd was in attendance. Mr. C. L. Vigness of Bismarck was present and presented to Miss Alma Fricke a diploma. Miss Fricke having finished the grade work in the country schools. The program was well rendered and at the end of which Mr. Vigness gave a short but very interesting "speech." He spoke very glibly of Miss Fricke's work as a student, having accomplished in one examination what it took most of the country graduates from three to eight examinations to finish. We predict for Miss Fricke a very bright future.  
Miss Hulda Johnson closes her school next Friday and begins a term of 10 months in Ecklund school district. We wish her success.  
Miss Hazel Nixon is home from Bismarck visiting during vacation.  
Miss Lucie Alkenstein of Wilton is visiting relatives at Baldwin this week.  
Miss Etta Falkenstein has returned to her home at Wilton.  
Mr. and Mrs. John Monroe and fam-

### Don't Scratch

"D.D.D. Prescription stops that terrible itch in two seconds. A 50c bottle proves it."  
Scratching aggravates skin disease and gives but momentary relief. D.D.D. Prescription for Eczema is a mild, antiseptic wash that soothes, cleans and cures. We guarantee the first full size bottle to do all that is claimed for it; if not, your money back.  
COWAN'S DRUG STORE.

and the net returns are not a fraction of what "Taxpayer" intimates. The News has survived during the past three years without this support, and the McKenzie Gazette comes out as usual each week this year without it. Somebody was kidding "Taxpayer" and he thereupon throws a fit in the Times. He should take something to improve his digestion and then he will quit seeing things which do not exist.

### TO THE CITIZENS OF BISMARCK:

Since becoming a candidate for president of the city commission I have been asked so often as to my view upon the subjects hereinafter mentioned, that I have decided to make this announcement.  
I believe that a public office is a public trust and that the officer is the servant of the people, and not their master; that it is the duty of the officer to administer the office according to law.  
I also believe in publicity in public affairs, so that the public may know what their servants are doing in matters of public concern, and how their moneys are expended, and their interests taken care of, and believe that the proceedings of the city commissioners should be published for this reason.  
I further believe in lower rates of public utilities, particularly the water and light rates. The natural advantages of Bismarck are such that both the water system and the light plant are so constructed that it is far cheaper to operate and maintain the same than those of any other city in the state, yet the charges for both water and light are higher in Bismarck than in any other city in the state of the same class. I have corresponded with such cities as Fargo, Grand Forks, Minot, Jamestown, Valley City, Devils Lake, Williston, Dickinson and Harvey, as well as others, and in all of these cities I find that the rates are lower than at Bismarck. I would, therefore, favor an investigation of the charters of these corporations and if the same can legally be done, have the rates reduced.  
I believe in economy and efficiency in public service, and am opposed to the unnecessary and useless expensiveness in the manner of improving and maintaining our streets as exemplified by the policy of the present commission. It seems to me a useless expense to haul snow away from the streets during the spring months when the same would thaw and run off into water in about 24 hours if left in the streets. Neither can I see any benefit to the people of the city in paying a man a large monthly salary, to do nothing but guard the City Dump.  
I am also opposed to the vacillating and indecisive policy of the present board of commissioners as illustrated by their conduct in reference to the City Auditorium, voted by the people of Bismarck; and believe that in such matters, the wishes of the majority of the people should control.  
I am also opposed to the police force of Bismarck as now constituted and believe that this department should be thoroughly reorganized and that a reorganization of the same is imperative in interest of the public good.  
I believe in equal taxation and am opposed to allowing anybody special privileges.  
On these as well as all other questions, I pledge myself if elected to represent the people, to the best of my ability.  
I respectfully ask your support.  
THEODORE KOFFEL.

### NORTH DAKOTA BRIEFS

#### LITCHVILLE

J. H. Lubbehausen was badly burned about his face and hands in an explosion. He attempted to start a fire with what he supposed was kerosene but it was gasoline. The liquid was thrown all over his body but a heavy overcoat prevented his being burned except around the hands and face.

#### MOHALL

Chris Laskie and his three sons, Robert, Fred and Adolph, have been arrested on a charge of stealing wheat. Much wheat has been in their neighborhood this winter. It is claimed that the Laskies have sold to different elevators more wheat than they raised. The complaint was made by George Grengs, a neighbor, after he had a detective from Minneapolis investigating the situation.

#### CARRINGTON

Samuel Bazanka, a night watchman at the Keeler livery barn up to the time of the recent incendiary fire which destroyed the building has been arrested on a charge of stealing an automobile. It is claimed the machine was left in Bazanka's care by C. H. Peterson of Minneapolis and that Bazanka sold it to Roy Knight. Bazanka doesn't deny the sale but exhibits a bill of sale, which he claims a stranger gave him for the machine.

#### FINCH

Swan Johnson, a farmer living near here, suicided. He first used a draw knife to cut his throat but a physician was summoned and sewed up the wounds. Later when Johnson was left unguarded he procured an ordinary table knife and slashed his throat in such a manner he died.

#### LAKOTA

Lars Rasmussen, a Danish laborer on the Andrews farm near Petersburg, hanged himself in the barn three years ago he was despondent because of pains in his head but returned to the old country. He came back last summer and has apparently been in splendid physical condition since.

#### FARGO

Paving and water main contracts let last fall are to be commenced in Fargo soon. There remains considerable paving in the residence district on the south side to connect up with the work done last fall. Plans are also being discussed for repaving Broadway soon with some material that will stand heavy traffic.

#### FORTINBAU

C. C. Hortness was seriously burned when he attempted to hasten a fire with gasoline. The flames destroyed the Ohmert flour store, causing a loss of \$2,500, on which the insurance was \$1,500. Hortness will recover but will be at the hospital for several weeks.

#### HOME FROM THE SOUTH.

Hazelton Republican: W. L. and Mrs. Yeater returned home last Saturday evening after spending the winter in the south. They left here last fall, just after "Uncle Bill" had cast his vote for president and went down to Missouri, where they stopped for a while with Mr. Yeater's brother, Dave. There "Uncle Bill" put in some good days hunting and fishing. From there they went to Corpus Christie, Texas and spent the balance of the winter, making frequent excursions to different points of interest. Later Thos. Kelly and his niece came down there

and it was quite a merry party. Mr. Kelly is enjoying fine health and he and his niece are expected to arrive in Hazelton about the first of next month.

#### PREPARING STATEMENT.

Underwood Journal: F. E. Luehe, accountant, of Bismarck, is preparing a final statement of the village. The checking up dates back to the organization of the village up to the present time. In all probability the report will be published next week.

#### AUGUST MIDTBO INSANE.

Minot Independent: August Midtbo was placed under arrest Friday upon complaint of his brother, "Senator" Herman Midtbo, charged with insanity. The voting man appeared before the insanity board Tuesday and was adjudged insane and ordered taken to Jamestown. The victim is a perfect young giant but for some time he has shown signs of mental weakness. It is understood that he realized his condition and asked to be placed where he would do no harm to himself nor to anyone else.

#### VISITED THE SOUTH

Hazelton Republican: Geo. Corbin, of Livonia, returned Monday from a visit of several weeks in Missouri, Arkansas, and other points south. In the former state he spent some time with the family of Henry Bartu, formerly of this place, but now located near Chadwick, Mo. Mr. Corbin reports Mr. Bartu as doing nicely financially, his children attending school, and Mrs. Bartu enjoying good health. All are well satisfied with their new home. Fruit, corn and lumber are the principal sources of revenue down there. Mr. Corbin brought home some splendid samples of corn which he hopes to cross with the native variety with the hope of getting something better than the average northwest corn.

#### CRESCENT CONCERT COMPANY.

The closing number of the Lyceum course will be a concert by the Crescent Ladies' Quartet, at the Presbyterian church on Monday, March 31, at 8:30. Adult single admission, 75 cents; youths, 50 cents.

### AVARIABLE SUGGESTION

#### IMPORTANT TO EVERYONE.

It is now conceded by physicians that the kidneys should have more attention, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood. During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.  
An herbal medicine, containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.  
You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention the Bismarck Daily Tribune.
