

Society Notes

Miss Marv Norton was guest of honor at a breakfast Sunday morning at the home of Mrs. C. W. Paulson, 410 9th street. The home was prettily decorated in green and yellow, and the table was adorned with yellow tulips. Pretty place cards marked the guests' places, and covers were laid for six. The most delicious four course breakfast was served. The following were the guests present: Miss Mary Norton, Mrs. James Casey, Mrs. M. W. Hoan and the Misses Mary Kelly and Emma Burke.

R. J. Beckley returned Saturday from a two weeks trip east. He visited at his home in Saginaw, Michigan, in Chicago and other points, also staying a few days in the twin cities. Mr. Beckley left Monday night for a trip to California. He will go to San Fran-

isco, and expects to be gone about two weeks. He will stop at Portland in his way home. This is a business trip, but Mr. Beckley also hopes to combine business with pleasure while away.

This evening (Tuesday) the Mannerchor dancing club has arranged for a party of exceptional interest. These parties are always enjoyable to those who participate and tonight there will be a good attendance.

Mrs. R. P. Hoskins and Mrs. M. R. Brooks, mother and aunt of Mr. R. D. Hoskins, who have been spending the winter in the capital city at the Hoskins home, left for their home in Tacoma this week.

Mrs. W. P. McComber of Wilton accompanied Mrs. W. W. Woodworth, two children and her daughter, Miss Woodworth to Bismarck on Saturday evening. They have been visiting at the Macomber home in Wilton, and spent Sunday in the capital city. Mrs.

Woodworth and children left for their home in the west.

Mr. and Mrs. J. M. Doty of St. Peter, Minnesota, who spent the winter in Los Angeles, California, came as far as Bismarck Sunday, leaving here for Medina where Mr. Doty has interests. They will return to Minnesota very shortly.

Mrs. Kellogg, wife of Representative Kellogg, who was here during the legislature and has many friends in Bismarck, arrived in the capital city Monday afternoon from New Salem. She chaperoned a party of young ladies from that place who spent the afternoon here, returning on No. 5 in the evening. They were guests at the McKenzie for six o'clock dinner.

Editor and Mrs. O. F. Bryant had the pleasure of taking advantage of a ride on the new Soo passenger, arriving here on Monday afternoon. Mr. and Mrs. Bryant are guests at the

McKenzie. Mr. Bryant is editor of the Napoleon Homestead and has many friends over the state and many friends over the state and many are glad to greet him in the capital city.

On Saturday evening of last week, the Junior Capital City Orchestra assisted with the music at the Orpheum. The orchestra always does good work and it made a pleasing combination.

Mrs. C. W. Henzler who has been away visiting with her parents, Mr. and Mrs. Jos. Ganger in the country for several days, returned Sunday. Henzler went into the country in the evening with an automobile she accompanying her on the return.

The Current Events club will meet at 2:30 Wednesday afternoon, at the home of Mrs. Y. W. Wolbert, 504 Mandan avenue.

A most enjoyable surprise was tendered Miss Mary Norton by Mrs. James Casey at her home on 519 Avenue A on Monday evening. Twelve friends were invited and at about 8 o'clock went to the home of Mrs. Casey where Miss Norton makes her home. The guests stole quietly into the parlors and Miss Norton was asked to come down. The surprise was so complete that it caused much merriment. Tables were then arranged for cards and auction bridge was played. Miss Luella Peet received the high score and was awarded the prize. At 11 o'clock the company was invited to partake of a delicious four course luncheon. The tables were adorned with red and yellow tulips, and the merry gathering spent an hour of enjoyment. After the luncheon, Miss Gertrude Leonard made the presentation speech, and in behalf of the friends presented Miss Norton with a very pretty cut glass cologne bottle. Miss Norton has made her home in the capital city for nearly two years, and during that time has made a host of friends. She will leave here on Thursday for her home at Devils Lake for a short visit, from which point she expects to go to Washington, D. C., to visit her brother and other relatives in that city. Miss Norton expects to make Washington her home for a time, and is going now while the city is looking its best to enjoy the beauty of springtime there. Miss Norton's friends wish her a pleasant journey and much success and enjoyment in her new surroundings. The following guests were present to enjoy Monday evening with Miss Norton: Mesdames E. H. L. Vesperman, E. T. Burke and C. W. Paulson, and the Misses Emma Coleman, Emma Burke, Mary Kelly, Gertrude Leonard, Minnie Larson, Luella Peet, Elizabeth Murphy, Minnie Larson and Amelia Erickson.

HERE FROM KREM. R. M. Harmon, of Krem was among the capital city visitors Monday.

STANTON BANKER. W. A. Olson, banker from Stanton, came down from the Mercer county capital Monday and is in the city today on business.

STATE NORMAL SCHOOL

At Valley City. The Normal school loaned its aid to the flood sufferers in the east on Monday evening, when the department of music, assisted by citizens of Valley City, gave a benefit recital in the auditorium, the proceeds of which will be forwarded to the relief committees. The members of the music faculty, the citizens and the various musical organizations among the students have volunteered their services and the concert will be given by the best available musicians in the city.

On Wednesday evening of last week the music department of the normal school gave a complimentary concert to the officers and heads of departments of the State Federation of Women's clubs, who were in session in this city on Wednesday and Thursday. The concert was held in the auditorium and besides the thirty delegates from out of the city, there were 400 students and citizens present.

The largest registration for the spring term in its history was experienced by the Normal school this week, when the number enrolled during the opening day exceeded that of the entire term of last year. Uncompleted figures show an attendance of even 500, while the spring term enrollment of last year was 479.

Nature study work has been resumed out of doors this week by the 200 Model school pupils, under the direction of Miss Carolyn D. Wood. The pupils, at present, are watching the development of tree buds and are learning how to detect the different kinds of trees by their buds. A scientific study is also being made of birds, and as soon as the weather permits the students will begin work in the school gardens. Seed germination will be studied from the agricultural as well as from the viewpoint of nature. The school is in receipt of seeds particularly adapted to foreign climates and a study will be made of the effect of environment upon plant life. A study is also made of the various processes of tree grafting and the propagation of trees from seeds, roots and cuttings.

Miss Marie McDonald, one of last year's graduates from the Normal school, has been elected to teach domestic science, music and drawing at the summer session of the Wahpeton science school this year. Miss McDonald at present has charge of that work in the Marion, N. D., schools.

Students in the commercial department of the Normal school started the practical work of the new term with the organization of a co-partnership this week. These students will have practical experience each day, posting books, caring for correspondence, etc. Each member of the class has a responsible position with the "firm," and for the time being works as if he were in an ordinary up-to-date office. Instead of the class room. The work of this department is among the most popular in the school.

MAY CHANGE BUILDING PLANS

(Special to The Tribune.) MANDAN, N. D., April 14.—An effort is being made to change the plans of the federal building to be erected here this summer so they will provide a down town office for Superintendent Peterson of the Northern Great Plains experiment station. The original plans in addition to caring for the postoffice made room for offices for the rivers and harbors engineer, in charge of the Missouri improvements. It is not known whether the plans can be changed or not as the building is to be constructed this summer and the proposed change might cause considerable delay.

NICE STREETS IN BISMARCK

Probably there is no town in the state which does not have paving which has as good streets as has Bismarck. It is a hard matter to keep the streets of a city in good condition where they have no paving. However, Bismarck is exceptionally fortunate in this regard. Its street commissioner, Mr. Hinckley, is busy with several crews of men getting the streets in shape this spring. Nearly every street has been graded down, and smoothed in nice shape. A crew of men is busy laying plank crossings in all parts of town, and when the season is over there will be about one hundred of these new crossings built. These plank crossings are much cheaper than the cement crossings, but owing to the lack of paving they are really better, and will help the public across till the paving comes.

Mr. Hinckley is to be congratulated on the good work he is doing, and by the end of the season will undoubtedly have made quite a record in his line.

BISBEE IS ALSO IN THE GAS BELT

(Special to The Tribune.) BISBEE, N. D., April 14.—Bisbee, like many other sections of North Dakota, is in the gas belt. The deep well at the LaRue farm near here throws off a lot of gas that can be lighted any time water is being pumped. Mr. LaRue will make provisions for saving it so he can heat and light the farm. It is probable an effort will be made to sink a gas well to light and heat Bisbee as Westhope and some other towns of the state are now heated.

MAY REINSTATE CADETS

(Special to The Tribune.) WEST POINT, N. Y., April 14.—In compliance with the recent order of Secretary of War Garrison and in conformity with an act of the recent congress, the general court-martial which expelled four West Point cadets from the service more than a year ago for alleged intoxication reconvened at the academy here today to reconsider the cases. Captain Thomas M. Darrah, 29th Infantry, is president of the court, and Lieut. David McKell, C. A. C., is judge advocate. After full consideration of each case on its merits the court will report to the War Department its judgment as to whether the original sentences should be allowed to stand or whether they should be modified.

Some extensive sewer work will be constructed at Beach this coming year.

RESORT KEEPER HAD TO QUIT

Refused to Pay Plain Clothes Men and Her House Was Closed Up

(By Associated Press.) CHICAGO, April 14.—Mrs. Sarah L. Mueller, a keeper of a disorderly house, who said she made \$20,000 in the last nine years, testified before the Illinois vice commission that because she refused to pay "protection" money to the police, she was put out of business. Hers was only one of many stories brought out before the commission in its efforts to learn the cause of the prevalence of vice. One manager of a downtown hotel admitted couples who registered at his place were not required to have baggage. Mrs. Mueller's story of attempted extortion by the police came after she refused to pay the second time a plain clothes man, her house was closed up. "A neighbor told me she had given \$400 to the police in five weeks and was allowed to continue," she said.

TO CONSIDER RURAL LIFE. (Special to The Tribune.) RICHMOND, Va., April 14.—Delegates from Florida, Georgia, Alabama, Louisiana and other states are arriving in Richmond to attend the sixteenth conference for education in the south, which is to meet here tomorrow for a four days' session. The conference this year promises to be of more than ordinary interest and importance. The leading topic of discussion will be the problem of how to make farm life more profitable and more enjoyable.

The new Masonic temple at Grand Forks will be a fine building.

The Critical Part

in the making of a coat is in the shoulders and collar. The real ability of any tailor is always shown up at these points. The hang of the garment depends on it. Many an otherwise well balanced garment is marred at these points.

But our clothes—every garment we accept from the tailors—must be right in every detail. The collars and shoulders must be hand-fitted—they must be perfect.

This is the reason why we are able to fit you and

please you so satisfactorily. And don't forget every garment is pure wool, too—another valuable feature. And we only charge you a very reasonable price, according to the fabric you select

\$20, \$25, 28 to \$35

Mail orders filled promptly. Parcel post, prepaid. French Dry Cleaning and Dye works in connection.

Suits, shirts and shoes made to order.

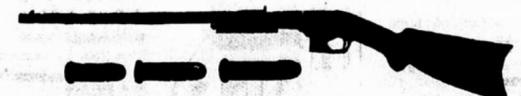

"The Clever Clothes Shop"

S. E. Bergeson & Son

Open Wednesday and Saturday Nights
