"A child grasps everything first by way of his imagination. I think a boy might meet, for instance, Abraham Lincoln himself and not be much more impressed than with any other grave and kind acquaintance; but introduce Lincoln first to his fancy; tell him just a little of Lincoln's life and what it stands for, and nearly any boy, I will wager, would walk a mile to see some house the man lived in, or an old coat so great a man once wore."

IF CHILD IS CROSS, FEVERISH AND SICK

Look, Mother! If Tongue is Coated Give California Syrup Of Figs.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache, or diarrhoea.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle.
