A Promising New Year.—You will not speak—the secret's safe. Your lips are firmly sealed. And not on threshold of your reign. Are they to be revealed. Yet will you not, to human wit A pliant friend appear. And let us shape some part of you. Oh, promising New Year?

marriage of their daughter, Miss Alma, to Mr. Knute Bratten. The ceremony which was performed by Rev. John Nickerson, pastor of the Congregational church, was witnessed by the relatives and a few intimate friends of the bride and groom.

After a short eastern trip the young people will return and make their home here where the groom is engaged in business being a member of the firm known as the Valley City Cabinet Co.

Holiday Festivities.—In the doubt and hose epoch of "Merry England's" history, where the Christmas carnival was at the height of its glory, the festivities began on Christmas eve, and for twelve days the merry-making ran high. In these busy days of us can devote twelve days to merriment, but in all of our hearts the holiday spirit holds sway, and if we have any parties to give, we straightway prepare to give them while the atmosphere of festivity prevails.

Christmas parties and those held in the week that follows are especially easy to give, for the very reason that all hearts are gay in merry-making and a good time is inevitable, if only a little entertainment is provided.

Elliott—Gwyther.—A wedding, perfect in all its artistic appointments, occurred at Fargo when Miss Lila Barbara Elliott was united in marriage to Benjamin G. Gwyther of Gwyther, N. D., at the home of the bride's parents, Mr. and Mrs. E. S. Elliott of Fourth avenue south. While Miss Luella Jones played the wedding march, little Miss Alta Elliott, daintily dressed in white, preceded the bridal party, carrying the ring in the heart of a white lily. Closely following came Miss

Inga Rynning, the maid of honor, tastily attired in a dull green silk poplin. The bride, charming in a Gobiell blue crepe meteor gown; and carrying a bride's bouquet of white roses and hyacinths, entered the arm of her father, meeting the groom and his best man, John L. Gwyther, before an improvised altar of palms and red poinsettias.

DOG TRAIN TO AID SUFFRAGIST'S CAUSE

YOUNG WOMAN ON 32,000 MILE TRIP HAS BEEN ON ROAD 5 YEARS.

Philadelphia, Pa., Dec. 27.—Originally intending to stop over only a few hours in Philadelphia on her way to San Francisco, with her dog team, Estelle Mason of Nome, Alaska, has decided to spend the remainder of the week in helping the Woman Suffrage party make a success of their Christmas shop.

Woman's Worth Proud.—The trip, while a great triumph for the dogs, whose wonderful worth is being shown to the world, also proves that a woman can stand as much as, if not more than her share of the world's hardships, of which the so-called stronger sex claims the sole ownership, went on little Miss Mason. "In my country, where the women have a vote, there are no such conditions as I have seen in my travels through Europe and the United States.

The 12 Eskimo dogs, with which she left Nome five years ago, are still in good condition. The family of dogs has been increased by two beautiful wolf dogs, born in coldest Siberia, through which country she was compelled to travel to fulfill the conditions of the wager on which she left her home city.

She will make her headquarters at the Christmas shop, 809 Chestnut street, which is being conducted by the Woman Suffrage party during the holidays.

INDIAN SURRENDERS HIMSELF.

Convicted Sioux Voluntarily Goes to Prison—Makes Trip Without Sheriff

Omaha, S. D., Dec. 27.—Surrendering himself to the warden of the Sioux Falls penitentiary, so he could commence serving a term, Grover Squirrel Coat, a Sioux Indian, has established a new record for members of his race. He is the first Sioux Indian who ever voluntarily entered the penitentiary without being accompanied by an officer.

About a year ago he was convicted, in Trip county, of the charge of larceny. He appealed the case to the supreme court affirmed the conviction in the lower court. Squirrel Coat was notified, and lost no time in proceeding to the Omaha office of Judge Williamson of the state circuit court for the district in which Trip county is situated to notify the court he was ready to commence his term.

Squirrel Coat made the special request that he be permitted to go to the penitentiary without the company of the sheriff, and this was granted by Judge Williamson, who provided the Sioux with a letter to the warden. Squirrel Coat will serve two years.

PLEASED WITH NEW ROCKFORD.

New Rockford Provost Chief Fire Marshal W. A. Eunge was in the city in the performance of his inspection duties for the state. He reported that he was surprised at our rapid growth, and the manifestly safe condition of our environments with but very few which are exceedingly bad. He left some necessary orders with Fire Chief Ellsworth, which will have to be carried out before we have a clean bill as regards really proper conditions. And while we are writing this article, the thought comes to us, "Where is that new siren fire whistle the council was going to purchase; and why has the old fire bell not been mounted?"

TAKEN TO PRISON.

Medora, N. D.—The men who were arrested last week near Yale for killing another's beef were taken to Dickinson Friday to plead guilty to the charges and to receive sentences. The court imposed the following penalties: Alfred Boice and William Strawhine, one year in the state penitentiary; Charles, thirty days; and J. W. Boice, ten days, both in the county jail. The two first mentioned were taken to the penitentiary at Bismarck by Sheriff Porter and J. M. Avatson.

SHOW STIRRING MOVIES OF ARMY

WAR DEPARTMENT'S FILM, 8,000 FEET LONG, DEPICTING 528 MEN AND 678 HORSES.

New York, Dec. 27.—The first moving pictures of the United States Army in action ever taken under the supervision of the War Department will be exhibited in the National Guard armories in this city, beginning January 5. Major Thomas J. Dickson, captain of the Sixth field artillery, U. S. A., who had entire charge of the taking of the "movies" and who accompanies their projection on the screen with a descriptive lecture, told yesterday of the interest the pictures had aroused among military men.

"Never before have the movements of a mobile army been illustrated more accurately or more interestingly," Major Dickson said. "They are pronounced the most wonderful feats of photography ever performed."

"They show in splendid detail every phase of army life, from the weighing in of guns to engagements between horse artillery and cavalry. In one scene alone 528 men and 678 horses are depicted simultaneously."

The Major said the film was 8,000 feet long and consumed two hours and twenty minutes in the showing. None of the pictures was posed. All were taken at regular maneuvers at Western Army posts, notably at Fort Riley, where the Major's regiment is stationed.

"The enthusiasm aroused by the pictures is really remarkable," Major Dickson observed. "As a result of them hundreds of young men are led to enlist in the State militia. Nobody can gaze upon rifle competitions, cavalry charges, advance of infantry by companies and squads, firing of shrapnel by horse artillery and jumping contests by the magnificent horses and rider of the Mounted Service School without yielding to a sentiment of true patriotism."

"Why, one of the views, showing artillery going into action in a cloud of dust, has been pronounced by many artists to be the finest portrayal of battle maneuvering that exists."

STORE AT OMAHA ROBBED OF \$5,300

OVER \$2,000 WORTH OF JEWELS ALSO MISSING—TWENTY-THIRD RAID OF YEAR.

Omaha, Neb., Dec. 27.—Burglars last night broke open the safe in the Fair store, owned by Sam J. Adler, and stole \$5,300 in cash, over \$2,000 worth of diamonds and other jewels. The burglars left behind them some loose change and a bag of old coins valued at \$2,000.

Entrance into the store was effected through a coal hole in the rear, which led to the basement of the store. The intruders forced open two doors before reaching the safe.

This is the twenty-third time this year that Adler has been robbed in some way, he said.

COW HOLDS TWO RECORDS.

Yields 65 Pounds of Butter Fat in a Year.

Duluth, Dec. 27.—Pearl, a red polled cow owned here, is the holder of two world's records. The test began a year ago. During the year Pearl yielded 13,001 pounds of milk and 605 pounds of butter fat. The latter is equivalent to about 726 pounds of commercial butter. The best previous record for one year was 515 pounds of butter fat.

TELL OF PRISON CRUELTY.

Prosecutor Hears Four New Stories of Brutality in Blackwell's Island Institution.

New York, Dec. 27.—With four more persons added to those who have told of cases of alleged assault on prisoners in Blackwell's Island, Joseph DuVivier, Assistant District Attorney, will today examine George L. Lewis, recently sent to Sing Sing, and who at one time, as a prisoner kept hooks on Blackwell's Island. It is alleged he "juggled" the accounts on the instigation of officials.

Lewis, it is believed, will be able to furnish information which will lead to a new trial of graft.

A one-time prisoner on the island told Mr. DuVivier of further cruelty inflicted by keepers. He told of a boy who was bathing when a keeper struck him with a club.

Another tale of brutality was that of a prisoner who dropped bread on the floor. When he stooped to pick it up he was beaten with a club by a keeper.

In addition to examining Lewis today, Mr. DuVivier will talk with the Englewood, N. J. physician whose chauffeur was badly beaten while serving a sentence for violation of the traffic laws.

had retreated before the advancing waters, reaching the highest point of the workings. Rescuers determined this point by a survey of the mine exterior and the shaft through which the men were reached when sunk to them. Air was let into the mine after the third day. Living near the men was their mule, still alive.

CAUGHT A GOPHER.

Drake, N. D.—Charles Roder caught a real live gopher in a trap one day the latter part of last week. The last he set a steel trap for weasels but upon looking after the trap he found a gopher in the trap. If these indications are true we may expect an open winter at least for some time to come, since it is a very unusual occurrence to have these wake
