Club Notes

The regular meeting of the Mothers club of Enderlin was held at the club rooms. The program consisted of papers that were devoted to the discussion of desirable literature for children, including paragraphs from the Bible that would be the easiest grasped by a child for the moral lesson.

A study club was organized recently at Minot at an informal gathering at the home of Mrs. J. G. Webster. The members decided to meet every two weeks with a membership open to anyone that wishes to join. No decision was made as to the name of the club, but the first study to be taken up will be that of the Old Testament. A program committee was appointed to map out the exact course of study.

The members of the Bowhells Study club met at the home of Mrs. Sadler. Splendidly composed papers were read, as follows: "Beethoven and His Sonatas," by Mrs. Hecht; "Faderewski, His Recent Visit to North Dakota," by Mrs. T. M. Donovan; both of which were very interesting and enjoyed by all. Mrs. Coleman rendered several instrumental selections by Beethoven. After the papers were read the members proceeded to the election of officers for the ensuing year, with the following result: President, Mrs. Carey; vice president, Mrs. Sadler; secretary and treasurer, Mrs. Hecht; program committee, Mrs. Powers, Mrs. T. Donovan and Mrs. Coleman. The course of study for the coming year was also planned.

A splendid program of sacred music was rendered at the home of Mrs. Loren S. Royer, at a regular meeting of the Mandan Musical club, Mrs. W. W. Fuller in charge.

All numbers were excellently given and the selections by Prof. Vanden Boesch of the state industrial school were especially appreciated. The program was as follows: Piano solo, "Prayer" Von Webber, from Opera; Mrs. reischutz, Miss Lanterman; "Development of Church Music," Mrs. C. C. McLean; vocal solo, "Hold Thou My Hand," Briggs, Dr. C. C. Hickman; "Luther as a Hymn Writer," Mrs. E. J. Conrad; vocal duet, "Holy Father Guide Thy Children," Wallace, from opera "Mar-etana," Mr. and Mrs. A. H. Peterson; piano selections, Aria from Samson and Delilah, C. Saint-Saens; Consolation No. 4, Liszt; Cathedral Chimes, Arnold & Brown; Fantasia for Organ, The Rosary, Nevin, Arr. by Whelpley, Mr. Vanden-Boesch; vocal solo, Mrs. A. O. Henderson.

Delegates from the five women's clubs in Dickinson met in the St. Charles hotel parlors and perfected the proposed organization for federation of the Dora, the Equal Suffrage, the P. O. E., the Monday Club and the Mothers' Club.

The new organization elected officers as follows: Mrs. Catherine Ray, president; Mrs. E. A. Lillibridge, secretary; Mrs. W. C. Crawford, treasurer; also vice presidents for each ward in the city, namely: First ward, Mrs. W. A. McClure; second ward, Mrs. V. H. Stickney; third ward, Mrs. H. C. Blanchard; fourth ward, Mrs. T. D. Casey; fifth ward, Mrs. W. R. Everett; sixth ward, Mrs. J. V. Jensen.

The purpose of the federation is to have unity of action on matters that ordinarily receive the attention of women's clubs, as more effective work may be done by the federation than by the several clubs acting singly. Civic betterment will be the principal work of the federation, which will use its influence on such matters as the keeping of the city's streets and alleys free of rubbish, urging that weeds be cut in summer, and suppression of such other nuisances as may be considered to be detrimental to the sanitary and general welfare of Dickinson.

Among other matters discussed at the federation meeting Saturday were a clean-up day, which will be designated later; a municipal slaughter house; and the adoption of a city flower. The latter, a popular suggestion, was received with much favor, though no definite decision as to what flower should be used as the city flower, it was decided that flower

seeds should be furnished and the citizens generally asked to plant them in lawns and inside street curbing, where there is available ground space so that Dickinson may justly be entitled to be known as the city beautiful.

BISMARCK GUN CLUB TO MEET

The Bismarck Gun Club will hold its annual meeting at the Commercial club rooms Thursday evening, April 2, at 8 o'clock, and the attendance of all the members is requested, as there is business of importance to be transacted, and new members are to be admitted.

The date for the annual tournament of this year will, in all probability, be set for Monday, July 6. The application has been forwarded to the Interstate Association, and there is scarcely any doubt but what that date will be sanctioned.

As soon as seasonable weather comes to hand regular weekly practice shoots will be held, and the outlook for this season never looked better.

The Bismarck Gun club has a number of crack shots among its members who are expected to hold a high average this summer, with other experts at the traps over the state this coming season.

LAHR MOTOR CO., INC. READY FOR BUSINESS

Bismarck's progress and growth as a commercial and jobbing center, is again demonstrated by the enlargement of the organization of the Lahr Motor Sales Co., who have just completed final arrangements in the incorporation of their business. This firm has been jobbing supplies and accessories in a small way, over a limited territory for the past two years, warranted in going into this

department of the business on a much larger scale, and Mr. W. N. Chase, as secretary of the new organization, will have charge of the wholesale department.

Mr. C. B. Whittey, master mechanic, who has been connected with this firm for the past two years, and Mr. Theodore Quanrud, retail department manager, have also interested themselves financially in the corporation. In visiting this plant, you will find a fully equipped repair shop, a vulcanizing department and a paint shop in charge of expert workmen, which places this firm in a position to meet

every want of the automobile owner. That the Lahr Motor Sales Co. will be a factor in the growth and advancement of Bismarck we have no doubt.

The Tribune want ads now require almost one full page, being six times the number carried three years ago. State wide circulation, low cost and quick returns have built up almost as many "wants" in Bismarck as the Grand Forks or Fargo dailies carry with their several times our population to draw from.—Adv.

5,918,000 gallons Polarine sold last year 1,536,232 gallons more than in 1912

The constantly increasing use of POLARINE by thousands of motorists is indisputable evidence of its lubricating efficiency.

It affords perfect lubrication to all makes and types of motor cars, motor trucks, motorcycles and motor boats. POLARINE maintains the correct lubricating body at any motor speed or temperature.

POLARINE remains liquid at zero. POLARINE differs from all other makes of motor oils, in that it furnishes perfect lubrication to friction surfaces at extremes of temperature.

These essential characteristics obviate the necessity of changing oil for summer and winter lubrication—also the necessity of mixing kerosene, graphite and other injurious products with unsuitable and poor cold-test oil for the purpose of making it feed in winter weather.
