Correspondence

LIVONA.

Mrs. Wesley Chandler called at the Wm. Becker home one day this week.

James Burbage, and daughter Eleanor, made a trip to Hazelton.

Mr. and Mrs. James Lawry and Miss Josephine Baker, were guests at the Jess Clark home Sunday.

Big dance at Gates hall, Saturday evening, May 23, come and enjoy your self.

Mrs. Andrew Irvine, spent a few hours in this vicinity one day this week.

Albert Slier arrived from Linton today, and will visit relatives here for a few days.

Helen Baker came down from her school near Glencoe Friday night, and spent Saturday and Sunday at home.

Mrs. Geo. Corbin went to Bismarck on Friday of last week, where she will visit for a few days.

ZAP.

Mr. A. Denniston of Clarissa, Minn. accompanied by his granddaughter, arrived last Friday. Mr. Denniston will spend some time visiting his daughters, Mrs. H. A. Crandall and Mrs. Lloyd. Miss Lizzie Denniston will visit her brother, C. S. Denniston and other relatives before returning home.

Willie Thompson returned home the latter part of last week from near Kasner, where he has been teaching school the past winter.

Guy Pressler closed his school at the Kauffmann school last Friday. He expects to start for his home in Indiana in a day or two.

Crops are coming on nicely and the grass is looking fine.

Telegraph poles were brought out by the N. P. and distributed along the line out to Golden Valley last Friday. This looks as if we may soon be in touch with the outside world.

BALDWIN.

Most of the Baldwin farmers are through seeding. Some of them put in over four hundred acres of wheat. All signs are that this year the farmers here will have a better crop than they have ever had before. Quite a little bit of corn and very many acres of potatoes are being put in at the present time.

Baldwin has improved its general appearance very much within the last few weeks. Very many trees have been planted this spring. A new grove has been started in the Presbyterian church yard.

Mr. Kamman the resident Presbyterian preacher has moved into Mr. Hooper's residence while Mr. Hooper is out on the ranch during the summer months.

The Presbyterian Church has organized a Christian Endeavor Society which is drawing the attention of the Baldwin people at the present time. They meet every Sunday evening at seven o'clock. Next Sunday Miss Hooper will be the leader. The following week the young people intend to have a social gathering at one of the residences. The Christian Endeavor Society thinks itself extremely fortunate in securing Mr. Rottman, the field secretary of North Dakota, to come out and speak to them in the beginning of the month of June.

Several new houses are being put up in Baldwin this spring. One by Mr. Leathers and another one by Mr.

Higgins, the contractor, for the "Jensen Bros. & Co."

Mr. Cutler, the creamery man, put in a new well so that he has enough good water now. The Baldwin people are very fortunate in having such a good creamery in town.

Miss Griffith, the Baldwin school teacher, has left for her home in Minneapolis. School has been out for a week but she has been visiting with her friends and relatives in Baldwin and Bismarck.

BIG 3-RING SHOW COMING.

With many man-eating tigers and lions, the great Al. G. Barnes big 3-ring show will make its debut in Bismarck in the very near future. Every little boy and the older boys—who go to take the youngsters—will be anxiously awaiting the first blast of the callope as the ponderous music box makes its way down the street.

Have Mammoth Show Tent.

The tent in which this gigantic aggregation of acting animals will willingly perform feats that surprise the old and the young, is one of tremendous size and is sufficient to shelter thousands of people.

Many Trained Bears.

The many trained bears which the Barnes' circus carries with it are a whole show in themselves. When wrestling, dancing, and in many other features. The wonderful acts performed by this great troupe of trained animals astounds the old time animal trainers who thought they had reached the acme of perfection in that line.

Many Riding Acts.

Fancy and trick riding, bareback and saddle, side and astride riding, will be some of the attractions of the show. But when the animals that have been trained to ride horses give their exhibition the show has reached its climax. Also the drills and marches by the horses are excellent; in fact,

almost every animal known from man down to the little roden has been taken into charge by the Al. G. Barnes people and made to do tricks.

Make the Children Laugh.

The children will laugh. So will the grown-ups. Everyone will enjoy the antics and drollery of the two-wheeled, tickling-joy-making clowns. No it's not for the children only—it is educative and so it is for all.

These symptoms indicate that Nature needs help. Overwork, wrong dressing, lack of exercise, and other causes have been too much for nature—and outside aid must be called upon to restore health and strength.
