

# THE ORCHESTRA IS HERE TODAY

### Great Aggregation of Musicians Will Appear in Concert at the Auditorium.

Everything is now in readiness for the opening concert by the Minneapolis Symphony orchestra, which will open its engagement this afternoon in the Auditorium.

#### Great Organization.

This great aggregation of musicians, headed and directed by Mr. Emil Oberholfer, is to give two of its celebrated concerts in the Bismarck Municipal Auditorium, this afternoon and evening, and those who are fortunate enough to have a chance to hear them can congratulate themselves.

#### Seat Sale Satisfactory.

The seat sale has been all that one could expect and reports state that the house for the evening has been

VAN VLIET. One of the World's Greatest Cellists.

sold out almost to a seat. The sign for standing room only will undoubtedly be placed at the box office early in the evening, as the people who have not as yet made reservations will rush to the auditorium to secure their seats early. The sale for the balcony in the afternoon, when the children will have an opportunity to hear the great musicians, has been very good, yet a few of the seats remain. These can be secured at Finney's drug store before noon and then at the Auditorium at the time of the opening of the concert.

#### Enterprise of Mrs. W. F. Cushing.

It was largely through enterprise exhibited by Mrs. Walter F. Cushing that this band of musicians of the highest class was secured for Bismarck. A great deal of the work of preparing for the affair has fallen on her shoulders and she has gone at the work with a will so that the people might have the opportunity to hear this great orchestra.

#### Soloist for the Afternoon.

Three soloists have been secured for the afternoon concert and three more for the evening. Each is an artist and stands at the top of the list in his or her class. Each one has been chosen from the world of material to take this particular part. And each one does this particular part with such ease, grace and expression that the audience is charmed with the rendition of the music.

## Capitol Notes

#### CAPT. HANLEY HERE.

Capt. James Hanley was over from Mandan yesterday afternoon on business, and incidentally visited with his many friends.

#### E. SMITH PETERSEN HERE.

E. Smith Petersen of Park River, member of the pardon board, is in the city for the purpose of participating in today's session of that board.

#### JOHN ANDREWS RETURNED.

Deputy Secretary of State John Andrews has returned from Fargo, where he spent several days overseeing the publication of the Publicity Pamphlet.

#### BUSY OFFICE.

The office of secretary of state was a busy one last week, and especially the latter part, as it was necessary for Mr. Hall to certify the ballots to all the county auditors in the state. It was quite a task.

#### CAPITOL DRIVEWAY.

Capitol Superintendent Ryder has laid out a driveway, which is to continue north along the west side of the capitol to the north line of the capitol grounds, thence east a short distance, joining the driveway along the east side of the grounds.

#### CAPITOL MOVIES.

Photographer Holmboe was at the capitol yesterday noon and took a moving picture of Gov. Hanna and the state employees, as they left the building. The picture will be used by Mr. Holmboe in his series taken on his trip with Gov. Hanna to Norway.

#### ACCOMPANIES GOVERNOR.

Mrs. Stedman has received a two-months' leave of absence from the war department and left last evening for Newport, where he will visit his sister. Next week he will join Gov. Hanna in New York and accompany him to Norway, in the capacity of military secretary, which he now holds.

#### A GOOD RECOGNITION.

The Wall Street Journal, the most powerful financial publication in the United States, extended a recognition

to Hon. W. C. Gilbreath a few days ago, by giving exceptional prominence to his report on agricultural conditions in North Dakota. Mr. Gilbreath has won an extensive reputation for his good judgment in such matters.

#### HORSES CONDEMNED.

Dr. Crewe, of the live stock sanitary board, reports 60 cases of fatal disease among horses on the Standing Rock reservation and 35 in the Big Pasture on Eerthold reservation. These must be shot. The members of the sanitary live stock board are kept very busy and are doing a vast work in protecting horses and cattle from disease.

#### PARDON BOARD MEETS.

The pardon board meets today in the office of the governor. There is a long list of applicants for pardon and much consideration will necessarily be given. It was not known whether an application will be made for pardon of Mr. Bickford or not, but sentiment is strong in favor of it, and much interest centers on this case. It is claimed by those who once were enemies of Mr. B. that the ends of justice have been met and that he should be granted clemency.

## Trade Special Bismarck

Continued from page one.)  
ed by A. W. Lussa, president of the board of city commissioners, and F. L. Conklin, president of the Commercial club. The enclosure was a description of Burleigh county and "Bismarck, the city with a future."

#### Entertained With Pictures.

The visitors brought with them one of the best bands that could be secured in the Twin Cities and gave an hour's concert in front of the post office building, while the moving picture entertainment was given by the visitors. Both pictures and music were highly appreciated by the large concourse of Bismarck people that had gathered.

#### Will Leave Early.

At 6 o'clock everything will be in readiness for the association special to leave on the northward trip. One-half hour later they will be on their way to visit the towns north of the "best city in the state," as several expressed it last night.

#### Delighted With Bismarck.

As the visitors paid calls to the Tribune office, each and every one expressed the pleasure they had had by coming to Bismarck and having the opportunity to mix with the business men, even though for so short a time. Better relations between this city and the big jobbing and manufacturing center was the consensus. Better understanding of the great wealth of the state will result. In the words of Mr. Hillweg, "This trip is a revelation to all of us. We are amazed at the great progress of the state and hope that it will continue."

#### Planning the Special.

It is seldom that a railroad president and the members of his immediate staff will accompany the business hunters, but on this occasion, President Pennington of the Soo is present and has with him several of his advisory staff. Those with Mr. Pennington are: E. S. McPherson, A. T. Thompson, H. M. Lewis and P. S. Burghart. The president's private car is attached to the train and is a reception room for the people along the line.

#### ERUPTION ALL OVER CHILD'S BODY.

Began With Small Red Spots. Cried Almost Day and Night. Used Cuticura Soap and Cuticura Ointment. Well in One Week.

R. F. D. No. 2, Jackson, Mo.—"Our daughter who is ten months old was suffering from an eruption all over the body. In the beginning they were small red spots and afterwards turned to bloody sores. We tried all sorts of ointments but they did not procure any relief for our child. She had no rest day or night and we tried everything to procure relief for our baby. She cried almost day and night and we scarcely could touch her, because she was covered with sores from head to foot. We had heard about the Cuticura Soap and Ointment and made a trial with them, and after using the remedies, that is to say, the Soap and the Ointment, only a few days passed and our child could sleep well and after one week she was totally well." (Signed) August F. Bartels, Nov. 25, 1912.

#### TO REMOVE DANDRUFF.

Prevent dry, thin and falling hair, allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, afford a most effective and economical treatment. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postpaid "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

# SHOW PLEASED MANY PEOPLE

### Everyone Who Saw the Barnes Circus Was Delighted With the Entertainment.

Barnes Big Show was here and it is now on its way to the next point at which it is to make its appearance. Was Up to Billing. People were pleased. When the show closed last evening, people as they stood chatting said, "Everything billed for A. G. Barnes Show was shown." "No exceptions were made."

#### Lions Became Rampant.

A rampant lion was literally the case when the famous lion tamer entered the cage to put the savage beasts through their tricks. Rampant was a mild word for the commotion and at one time several of the beasts became quite ferocious but the tamer unafraid, stood his ground and made them get back to their places and perform.

#### Will Be Long Remembered.

That the show will be long remembered goes without saying. That the general order and moral conditions which prevailed is a great thing to say for any show but in this one the obnoxious was entirely absent. In the words of the advance agent, Mr. N. F. Johnson, "This show is clean," and the people found it so. This show is educational and the people who were present received many educational ideas that could not have been gained by reading libraries of books on animal training.

#### CAPTAIN HANLEY HERE.

Captain J. M. Hanley of Mandan, arrived in Bismarck Monday on No. 8, and after spending considerable time at the capitol, returned to the west side of the river. The Captain states that things were progressing nicely on the west side of the Missouri and that among these things politics figured quite strongly.

## The Power behind the dough

You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if "The Power behind the Dough" is not the right one to leaven it properly and make it light, digestible, wholesome.

Good baking without good baking powder is out of the question. K C Baking Powder has wonderful leavening power, and the double action—in the bowl and in the oven—makes good results doubly certain.

Take no chances of failure—use K C and have "good luck" every time. At all Grocers.

## IVORY SOAP

99 1/2% PURE

TO keep pure white summer garments of linen, silk, lace or flannel as clear, sweet-smelling, soft and unworn as when new, they should not be put in with the regular wash nor should they be cleansed with ordinary soap. The only way is to wash them separately and carefully with Ivory Soap.

Ivory Soap will not shrink them, stain them, nor harm their texture no matter how often it is used. There is nothing in it that can damage them in the slightest degree. It contains no free alkali, no materials of any kind that can harm color or fiber or leave a disagreeable odor. It is nothing but pure soap, and that of the highest quality which can be made. Remember these general directions:

- 1st—Wash one piece at a time.
- 2nd—Use lukewarm water.
- 3rd—Cleanse by working garment up and down in suds; do not rub garment on a washboard nor rub soap on the garment.
- 4th—Use Ivory Soap.
