

# TUTTLE NAILS ERROR IN PRESS

### Editor Tries to Create Impression That Congressman Young Voted Against Free Tolls.

William P. Tuttle, candidate for congress from the Second district, has written a letter to M. E. Johnson, editor of the *Sykeston Tribune*, challenging a position taken by him in a recent editorial, in which Johnson attempts to show that George M. Young voted against free tolls. The letter follows:

"My attention has been called to an editorial in your paper of May 29th, which is substantially as follows: 'Congressman Young has been a faithful servant and deserves reelection. His vote on the Panama canal toll has been much discussed and used as a club against him. Yet any well informed farmer from North Dakota would have voted as Mr. Young did, against free tolls for American vessels. The canal has been built and must be paid for by someone; why not the large steamship companies? The people of North Dakota will get little profit from the canal. Of course, it has been the rule in the past to give the large corporations, such as railroad companies and others, large free grants of land or other valuable concessions, but we do not believe that it is the spirit of the age. Why build a railroad or a canal and let someone use it free of charge? Your arguments, Mr. Johnson, are perfectly logical, and your editorial would have been correct, if Congressman Young had voted against free tolls. It is a matter of record, however, that Congressman George M. Young voted for free tolls. He voted to give the large steamship companies free passage through the canal. In justice to my candidacy, I think that you ought to correct this error in your paper. If you feel as you do in your editorial, you should be supporting me for congress and not Congressman Young, as I have gone on record in opposition to free tolls.

Why a Gift?  
Why should the American people make a gift to the coastwise shipping trust? The tax lifted from the shipping of this nature will have to be borne by the American people, who know already that the Panama canal has cost them \$400,000,000. This canal will increase the zone of operation for our coastwise tonnage over 100 per cent. The coastwise trade is a profitable one and virtually a legal monopoly. Why put additional burdens on the people of the United States, by giving this interest free tolls?

"I would appreciate it very much if you would publish this letter in your columns, in view of the erroneous impression that you have given to your readers, that Congressman Young voted against free tolls, when in reality he voted for free tolls. In other words, placed a tax of \$1.25 a ton upon the American people on every ton of merchandise that goes through the canal under the free tolls bill.

"We agree with you that every well informed farmer would have voted against free tolls for American vessels.

"Sincerely yours,  
" W. P. TUTTLE."

## Capitol Notes

**GENE WALLA ILL.**  
Gene Walla, of the secretary of state's office, is confined to his home by illness. He was taken with a severe cold several days ago, which developed into something like the grip.

**BOARD MEETS TODAY.**  
The board of school and university lands will hold a session today in the commissioner's office. Among other things they will consider 30 applications for loans from farmers and several from schools.

**"DUCT" HUNTING.**  
John Andrews, deputy secretary of state, was late in arriving at his desk Friday, owing to the fact that he was prowling around in his cellar in hip boots, trying to locate the "duct" which would let the copious supply of water out. John said something about building a dam to keep the water out, but it is understood that the structure was largely verbal.

**ROGERS MERCANTILE CO.**  
Rogers is to have a new business firm, to be known as the Rogers Mercantile company. It is capitalized at \$10,000, with the following men as incorporators: C. S. Bechtel, Fred Kahr, C. O. Tolstad, all of Rogers, and C. E. Senlander and Jno. Missner of Sanborn. The charter was issued Friday by the secretary of state.

**FARMERS' EQUITY ELEVATOR.**  
The Farmers' Equity Union of Rhame is to have an elevator. The company has been organized and the secretary of state has issued a charter. The new company has been capitalized at \$12,000. The incorporators are: John Hanson, Oscar Heide, E. J. Patter, Henry Roterberg, all of Rhame; A. E. Williams, of Billings county and J. H. Quillian of Mound.

**AN OLD TIMER.**  
James Kenyon, one of the well known attaches of the capitol, is one of the pioneers of the city. It was just 42 years ago, Thursday, since he arrived on the scene of what was to be Bismarck. He has seen the city grow from a few log shacks to the present size and has noted with interest the many developments of men and things. He has been engaged in

the capital for many years, in fact, it would not seem natural about the building were he not there.

**INTERESTING BULLETIN.**  
The adjutant general's office has issued an interesting bulletin to the officers and men of the regiment. It should be studied by every member of the regiment and filed for reference. It deals with field uniform and equipment and much general instruction. The bulletin is gladly received by the members of the regiment.

**GENERAL HENRY.**  
It is no longer "Major" Henry, if you please—it is General Henry, and there is no joke about it, for yesterday Adjutant General Berg issued an order appointing the Major to that position, pro tem, during his (Gen. Berg's) absence on his trip to the Norwegian centennial celebration. The honor will be borne with dignity by the Major, whose experience in war makes him abundantly able to cope with any emergency which may arise.

## PLEAD GUILTY TO PERJURY

**Sentence of Ten Years Suspended and Man Allowed to Go to His Homestead.**

John Broderick, aged 37, having pleaded guilty to a charge of perjury, was given a sentence in district court this morning, of 10 years in the penitentiary, but the sentence was suspended by Judge Nuesle, after the defendant was admonished and cautioned by the judge.

Broderick, single, is a homesteader in Morton county and during the month of January, while in Bismarck, claimed he was robbed of \$180.

He filed a complaint against Katie Weingard and William Empting, but when their cases were called, and he was put on the stand as the complaining witness, he stated he could not remember the circumstances nor could he remember having signed the complaint.

This morning he stated that he had been under the influence of liquor. While the suspended sentence this morning will give him his release, he will be under the surveillance of the state parole board.

The judge stated he would recommend a full pardon later should Broderick's conduct warrant it.

**AUTO ACCIDENT.**  
As Robert Weiss, Albert Bohn and Sam Crandall of Great Bend were coming to Wahpeton from that little city last Thursday it began to rain and they speeded up a little when a few miles out of the city. As they did so, the auto skidded and then turned turtle a time or two piling its occupants on the ground in confusion. All three gentlemen were more or less injured, but it is hoped none of them seriously. Their injuries were carefully looked after by a physician and all were able to return home next day.

**BRIBERY CASES POSTPONED.**  
Grand Forks, N. D., June 5.—The cases of the state against Richard Bruyere and John Stevens and J. A. Sullivan in connection with the alleged bribery of the jury in the McLean Cooper murder trial two years ago, were today continued over the present term of the district court.

There are two charges against Bruyere, one of agreeing to accept a bribe. Stevens is charged with accepting a bribe and Sullivan, who is the state's star witness in the case, is charged with giving and offering to give the bribe.

The postponement was taken on the suggestion of State Attorney O. B. Burnett, who wishes to see what the outcome of the present petition for the calling of a grand jury will be before taking any further action in the matter.

**A BISMARCK BOY.**  
James Kennedy arrived last night from Spokane, where he has been making his home and will spend some time here with his mother, Mrs. C. G. Conroy—Mandan Pioneer.

Mr. Kennedy is the nephew of Mrs. E. G. Patterson of this city, and spent most of his youth in the city, with his mother and aunt.

## FARMERS UNION HAD PROGRAM

### An Interesting Event in Gibbs Township a Few Nights Ago by the Organization.

The program and supper given at the old Moynier place in Gibbs township, one evening, under the auspices of Naughton Local No. 15, Farmers' Educational and Co-operative Union of America, was an unqualified success from every standpoint. The weather was perfect, the attendance was large, and neither the program nor the supper could possibly have been improved upon. This was the first public function to be given by the members of Naughton local, but all those who attended that evening's affair trust that it will not be the last one, as the local can boast of some very excellent talent.

Plymouth, England, June 5.—Col. Roosevelt, enroute to Madrid, to attend the son, Kermit's, wedding, was greeted by a deputation headed by the mayor, when the steamer Olympic touched here. He did not land, but proceeded on to Cherbourg. He said he was in excellent health.

## Club Notes

The play, "Mr. Bob," was recently given under the auspices of the Women's Improvement club of New Salem. The parts assigned to each one fitted the individual with astounding exactness and too much cannot be said in praise of Mrs. U. J. Downey, not only in assigning the parts, but in drilling the young people and bringing the whole affair to a successful culmination. The receipts footed in round numbers, \$85, half of which will be used to purchase pictures for the school. The play was presented to a full house at Hebron, N. D., last Friday.

North Dakota's feminine anti-fraud leaders gathered in Fargo yesterday from all sections of the state for the purpose of organizing a state association to affiliate with the National Association Opposed to Woman Suffrage and fight the constitutional amendment for equal franchise which will be determined at the polls next November.

The meeting was held at Stone's auditorium and was called to order by Mrs. N. C. Young of Fargo, at 2 o'clock. There was a good attendance, a goodly number of women opposed to the franchise extension from various points in the state.

Assisting at the organization of the association were Miss Minnie Bronson of New York, secretary of the National Association Opposed to Woman Suffrage, and Miss Marjorie Dorman of New York, well known

## YOU CANT EAT APPETITE POOR

Multitudes of people lose their appetite. Simply don't care for anything to eat. The dinner bell has no interest to them. They loathe their breakfast. They may nibble a little of this and a little of that, but they do not care for it.

Lunch has lost all of its charms, although they try to eat something. Dinner about the same.

There is something positively wrong, of course, but no disease that can be named. Just out of sorts. That is all.

It is in this kind of a condition that Peruna acts very beneficially. After using Peruna, interest in food is revived. Beginning with a teaspoonful of Peruna before each meal will generally quickly improve the appetite and help the digestion.

Thousands of people can testify to this. "Liberated from a slavery that is almost unbearable. The slavery of having no interest in life. All used up. Yet one does not know exactly why. Take Peruna before each meal. Skies will get blue again. Fields will look green once more and life will be pleasant. You will feel that you are good for something and the world is a good place to live in. Peruna will do it. Not an artificial stimulant. Simply a tonic that stimulates appetite in a natural way.

Those who object to liquid medicines can now obtain Peruna Tablets.

newspaper woman, and secretary of the National Woman Wage Earners' league, opposed to suffrage.

The North Dakota association will take an active part in the state campaign and fight the measure extending the franchise to the women with all its powers. It is composed of a number of representative women from every section of North Dakota. Miss Dorman will outline the publicity work of the campaign before she leaves and both the national leaders, who will probably be joined by Mrs. Arthur Dodge of New York, president of the national association, and Miss Carrie E. Markeson of Columbus, O., who was here in April, in October for the final roundup before election.

## Trost Bills Passed in Jig Time

(Continued From Page One.)  
marked a speech in the senate by Reed of Missouri today.

Close regulation and control of stocks and bonds of railroads by interstate commerce commission is proposed by a substitute for the Rayburn bill prepared by the house interstate and foreign commerce committee and considered by the house as the last program. The committee has divided the Rayburn measure into two sections in order that one might stand if the constitutionality of the other failed in the courts. The bill makes it unlawful for any common carrier to issue stocks, bonds, notes and other evidences of indebtedness without the approval of the commission.

## FEELS LIKE A NEW WOMAN

**As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.**

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHA TURNER, 431 S. Wayne St., Piqua, Ohio.
