

MEDIATORS WILL HOLD MEETINGS

WORD HAS BEEN GIVEN OUT
THAT CONCESSIONS HAVE
BEEN GRANTED.

BOTH SIDES CONCILIATORY

Work of Peace Conference May
Result in Permanent Settle-
ment in Mexico.

Washington, June 20.—The president has authorized a statement that the outlook for successful mediation in the Mexican situation is more hopeful than ever. This is made known in view of his conference last night with one of the South American mediators, Dr. Romulo Naon, Argentine minister. Bryan declared that his hopes for successful mediation are by no means blasted, despite the apparent diplomatic deadlock at Niagara Falls.

Dr. Naon Confident.

Dr. Naon returned to Niagara Falls with the declaration that he was never more confident of success in mediation. The latest developments in the ranks of the constitutionalists is chiefly a break between Villa and Carranza over military operations against Huerta. This, it is reported, has opened the way for a break in the mediation deadlock.

WILL HOLD MEETINGS.

Niagara Falls, June 20.—Instead of adjourning as expected, the mediation proceedings will be prolonged perhaps another week. This change is a result of the visit of Minister Naon, of the Argentine Republic, to Washington, where he conferred with President Wilson and Secretary Bryan. Dr. Naon brought back a spirit of optimism and some new ideas, which he imparted to Ambassador De Gama and Minister Suarez. He announced that there would be no conferences until Monday. The determination which it seems has been reached is to keep the mediation board from formal adjournment, though there may be a recess in another week, while the search will be continued for persons eligible for the provisional presidency.

WANTS DEFINITE ATTITUDE.

El Paso, Texas, June 20.—"The only thing to do is to have everybody define his attitude and have all chiefs reiterate their loyalty to Carranza." This appeal came from Luis Cabrera, a prominent constitutionalist advisor to Carranza, at present conferring with Washington officials, was ad-

WIFE SUES SON OF GEN. GRANT

Claims He Does Not Support Her
in Style That is Becoming
to His Station.

New York, June 20.—Jesse E. Grant a son of former President Ulysses Simpson Grant, is named defendant in a suit brought by his wife, Elizabeth Grant, to compel the United States Trust company, as trustee under the will of Julia Dent Grant, his mother, to pay her a sum sufficient to support her "in a manner befitting the income and position of her husband." Mrs. Grant alleges that after the death of her mother-in-law, her husband abandoned her. During this period, she says, her husband's income was over \$5,000 annually, while hers is \$100 a month.

COMBAT THE FEDS SAYS LEAGUERS

A Third Major League May Be
Organized This Fall After
the Close of the Season.

New York, June 20.—It is almost sure that there will be a third major league in organized baseball with all the privileges which the prefix "Major" implies, operating after the close of the present season. After a lengthy session in which all the presidents of the national league clubs and several representatives of the international league participated, the national commission virtually decided that a third major organization was necessary to successfully combat the invasion of the federal league.

MIMIC WAR RESULTS IN A TRAGEDY

AUSTRIAN AIRMEN KILLED
BY AN ACCIDENTAL
COLLISION.

NINE MEN ARE DEAD

Imitation Warfare Ends in the
Total Loss of Both Craft and
Crews of Ships.

Vienna, June 20.—Nine terribly burned and mutilated bodies and splintered fragments of an aeroplane and charred remnants of a big dirigible balloon are the mute records of one of the most tragic and most sensational disasters which has occurred since man first learned to fly. The catastrophe, resulting in the death of all concerned, followed a mimic attack by an aeroplane on the dirigible at a great height during the Austrian army maneuvers, and serves to show the horrors which would likely attend aerial warfare.

Many Prominent Airmen.

The dirigible military balloon, Koertlig, left Fischamend, 11 miles from Vienna, at 8 o'clock this morning. It was manned by Captain Hauswirth, in command of Lieutenants Hofstetter, Bruer and Heidinger, Corporals Hadlma and Weber and Engineer Kammerer. After half an hour had elapsed a military biplane, with Lieutenants Flatz and Hoosta aboard, started in pursuit. It was the intention of Hauswirth to take photographs of the movements of troops below and then to join the maneuvers. At the same time he was to keep out of the range of any mosquito craft seeking to attack him. A big crowd was watching. Quickly the aeroplane overtook the less speedy airship. As might a wasp, attacking some clumsy enemy, the aeroplane circled several times around the balloon, always apparently steering off just in time to avoid actual collision.

Rose to a Great Height.

Meanwhile, the balloon rose to a height of 1200 feet. The biplane, rising to a greater height, maneuvered until it appeared nearly over the airship. Then it began to descend. It was the evident intention of the biplane to take a position directly above the dirigible, but a miscalculation sent the biplane's nose ripping along the airship's envelope. A tremendous explosion followed and both air craft, the balloon aloft, crashed to the ground, killing the participants.

MANDAN HEARD LESLIE SIMPSON

ORATOR FROM DICKINSON
ACCOMPANIED BY TWEN-
TY-FIVE FRIENDS.

ADDRESSED OVER 500 PEOPLE

Gave History of His Work Since
Coming to State and Part
of Legislative Record.

Mandan, N. D., June 20.—L. A. Simpson, republican candidate for congress in this district, accompanied by about 25 of his enthusiastic supporters from Dickinson, delivered a speech to 500 people in the opera house this evening and brought up some of the most important issues of the campaign.

Met by Band.

The Dickinson delegation was met at the train by leading citizens of Mandan and, to the music of the Mandan band, marched to the opera house. President H. L. Henke of the city commission welcomed the visitors and introduced as the first speaker, Attorney W. F. Burnett of Dickinson.

Judge Crawford Spoke.

Mr. Burnett was followed by Judge W. C. Crawford of Dickinson. Both gentlemen paid splendid tributes to Mr. Simpson and cited the fact that

EXTRA!

FOLEY INTERVIEW WORK OF DASTARDLY POLITICAL TRICKSTER!

Former Private Secretary Never Made Such Statements--Expose of How the Trick Was Turned

One of the most dastardly political tricks ever played in North Dakota politics was "put over" in this city yesterday.

While the Tribune editors were at home today, an enemy invaded the composing room and placed the following item on what is known in printers parlance as the "copy hook."

RETURNS TO CALIFORNIA.

James W. Foley, who has been in North Dakota for some weeks in the interest of the coming primaries, is to return to California in a few days. Mr. Foley says the nomination of both Gov. Hanna and Col. Tuttle is assured. He gives it as his opinion that they will get the solid American vote of the state. It is freely predicted, says Mr. Foley, "that aside from a few votes of the more ignorant foreigners of the state, Hanna will sweep the boards."

As soon as the copy was set and during the noon hour of Friday, the same person slipped into the composing room and stole the copy from the machine hook after it had been set.

Failed to Cover Up.

But the perpetrator failed to cover up his tracks. Instead of burning the copy or carrying it away, he tore it into small bits.

These pieces were found today and patched together and traced to the typewriter and the persons responsible are known to the editor. They will be dealt with accordingly.

After the traitor had torn up the copy he took a proof of the article and destroyed the proof. During the noon hour this same individual placed this item among other local items. In this way no proof found its way to any of the Tribune editors or proof readers.

TO BUILD COTTAGES.

Wahpeton, N. D., June 20.—An effort is being made here to have about fifty cottages constructed this summer for rental. Many families anxious to secure small homes are entirely unable to do so and some people who wish to locate in Wahpeton were compelled to go elsewhere for lack of places for their families.

DO SOME ELIMINATING.

Washington, June 20.—The senate Judiciary committee decided to eliminate from the house anti-trust bill that part which the lawyers say would legalize the blacklist.

TORNADO AT SHELTON.

Sheldon, N. D., June 20.—A miniature tornado swept over a part of the

country southwest of Sheldon, destroying three barns and a number of other outbuildings. It was followed by an excessive rain and some hail which did considerable damage to winter rye and corn.

FOUND NUDE BODY.

Garrison, N. D., June 20.—The body of a man was found in the Missouri

river nude and badly discolored and decomposed. There is nothing to indicate who the man was, and it is a matter of doubt whether the body is that of an Indian or a white man. About a year ago an Indian was drowned up the river and his body was not found.

J. E. KELLEY ANSWERS HELGESEN

RESENTS ATTACK OF FIRST
DISTRICT UPON FARM-
ERS' COMMITTEE.

WHERE WAS GEORGE YOUNG

Chairman of Equity Body Makes
Clear Statement of facts on
Lever Bill.

BY J. E. KELLEY.
(Chairman Farmers' Equity Congressional Committee.)

To Editor Bismarck Tribune: Pierre, S. D., June 20.—I have just read an article in the Fargo Courier-News, by Congressman Helgeson, which has considerable cunning and is very misleading. He complains that a democrat of another state is interfering in the politics of North Dakota. There is no truth in this statement.

Has No Interest.

I have no interest whatever in the personnel of the North Dakota congressional delegation. My criticism of Congressman Young has no political significance whatever, but when Mr. Young undertakes to belittle the efforts of the committee that the farmers of four states, North Dakota, South Dakota, Wisconsin and Minnesota, elected at Fargo last January, to go to Washington to secure remedial legislation and yet never came near that committee during the entire time the committee was struggling with the different grain combines at Washington, he is going beyond the bounds of all reason.

This committee secured the amendments to the Lever bill, the only bill that was ever introduced in either house of congress that would give federal inspection absolute and complete, and it did so without the assistance of Congressman Young, or Helgeson, either for that matter.

Pre-Election Activity.

Those fellows are talking of something they know nothing of; they were not interested in the affair then, but now it's near election. But note

2 KILLED IN A WELL BY GAS

Roy and Eric Albertson Lost
Their Lives While Trying
to Save Father.

Wilton, N. D., June 20.—Roy and Eric Albertson, aged 16 and 18, respectively, were suffocated in a well, about seven miles southeast of this place, about 10 o'clock today. Wilhelm Anderson, father of the boys was in the well and was finishing the work, when a flow of gas was struck, and before he could regain the surface was overcome, and fell to the bottom.

Boys Went Down.

Immediately Eric Albertson went into the well to help his father and, when he had tied the rope about the older man, and called to have him drawn to the surface, he was overcome and became unconscious. So soon as Roy had placed his father in a place of safety, he went down to help his brother and also succumbed to the fumes.

Father Regained Consciousness.

When Mr. Albertson senior regained consciousness he was lying on a pile of earth and so soon as he realized the condition of his sons he went to a neighbor's, about half a mile away, and summoned help. The two boys were drawn to the surface, but life was extinct. The funeral will be held from Wilton, Sunday afternoon. Mr. Albertson will recover, although it will be some time before he will be able to be about.

WARDEN RESIGNS FROM MINN. PEN

Gives No Reason and Makes Res-
ignation Take Effect Novem-
ber First.

St. Paul, June 20.—Henry Wolfer, warden of the Minnesota State Penitentiary at Stillwater, submitted his resignation to the state board of control, to be effective November first. The board announces the appointment of Charles Reer, superintendent of the state reformatory at St. Cloud, as Wolfer's successor.
