

RAILROAD SUFFERED SEVERELY

TRACK IS WASHED OUT AND DAMAGE WILL REACH INTO THOUSANDS.

ALL TRAINS WERE LATE

N. P. and Soo Line Have Hard Work to Get Track in Shape After Storm.

The amount of damage done to the business section of Bismarck and to the railroad companies can only be estimated at this time, but it is believed it will be very much higher than at first stated. As the reports have come in during Saturday, each one contained more detailed information of the condition of things in general following the storm.

From east and west the unpleasant reports of demoralized traffic on the Northern Pacific, and north and south of this city on the Soo Line, indicate that the heavy rain storm of Friday night washed out bridges and culverts on both roads and undermined the roadbeds at various points along their lines. Passenger and freight trains have been delayed and the expense to the railroads as a result of the storm will amount to several thousand dollars.

East and West.

All Trains Delayed Friday.

North Coast Limited train No. 1, due in Bismarck at 11:13 p. m., went on back to Jamestown Friday night, then over the Jamestown Northern branch of the N. P. to Leeds and on west over the Great Northern from there.

Damage Repaired.

The damage to the main line track on the N. P. near Apple Creek station, 6 miles east of Bismarck, where there was a bad washout, was repaired by 8 o'clock Saturday evening. Train No. 2 of Friday, which was held at Mandan until Saturday evening, passed through Bismarck on the way east last night and was a little more than 24 hours late out of here.

Went Back.

Train No. 4 on the N. P., due here at 10:04 a. m., Saturday, returned to Glendive, Mont., and went east over the Great Northern. There was a big washout on the roadbed at Almont, about 40 miles west of Mandan, and the damage was so extensive that it was estimated it would take until about 8 o'clock this morning before the roadbed could be repaired sufficiently to allow trains to pass over it.

Arrived 7 Hours Late.

N. P. train No. 7, due in this city at 2:34 p. m. Saturday, was held at McKenzie and did not arrive here until nearly 10 o'clock p. m. It went west as far as Mandan.

Had Troubles Also.

Soo Line officials, train crews and section crews have been having their troubles, too. A bridge at Mile Post 429, between Bismarck and Arnold, was washed out. A section of the fill, 45 feet long and 18 feet in depth, went with the bridge. It was cribbed up, however, and the northbound passenger, due to leave Bismarck at 7:50 a. m., left here at 8:00 p. m. Saturday. Three bridges and fills were washed out.

TRIED TO MURDER HIS 2 CHILDREN

Afterward Committed Suicide; Was Former Hebron Farmer and an Industrious Man.

Fort Lauderdale, Fla., June 27.—J. M. Heimberger who came here recently from Hebron, North Dakota, took his two small sons into the woods and tried to murder them with a hatchet. The boys were found later and taken to a hospital at Miami. It is said their injuries will prove fatal. Heimberger then committed suicide by taking poison. It is believed he is mentally unbalanced.

Was Industrious Farmer.

Information received at this place from Hebron state that Heimberger who married a Miss Katie Young of Hebron, had been a well thought of industrious farmer. That about a year and a half ago, Heimberger with about six other families went to Florida to live. Those who knew Mr. Heimberger state that they are greatly shocked at his acts and ascribe the cause to temporary insanity. Mrs. Heimberger's mother still lives at Hebron.

ORDERED FIFTY MEN EXECUTED

MEXICAN COLONEL WANTED TO SEE THE TREES DEC- ORATED AFTER BATTLE.

CONSUL IS BACK AT POST

Carranzaists Charge that Gen- eral Angeles is Huerta Agent and Making Trouble.

Washington, D. C., June 27.—Breceda, the private secretary of General Carranza, the leader of the revolutionists in Mexico, issued a statement tonight, charging that General Felipe Angeles had stirred up the recent contention between Carranza and Villa and that Angeles in reality is Huerta's agent. Breceda's statement admits the breach in the constitutionalists' ranks, probably cannot be healed unless mediation succeeds.

HUNG FIFTY FEDERAL.

Anco, Ariz., June 27.—The recent capture of the village of Santiago Des Quintas, Tepic by a regiment of constitutionalists resulted in the hanging of fifty federal soldiers and sympathizers, according to reports received here. Executions are said to have been a whim of the Colonel commanding, who is quoted as saying the trees in the Plaza "looked too bare." The executions finally stopped through the intercession of a priest.

JOHNSON STILL CHAMP.

Paris, June 27.—Jack Johnson, the negro heavyweight champion, retained the title by defeating Frank Moran on points in a 20-round contest.

SUFFRAGE SURELY COMING

NOT THE LITERAL PREDIC- TION OF SPEAKER CLARK BUT NEAR IT.

WOMEN INVADE THE CAPITOL Receive the Intimation That Mrs. Marshall, Wife of the Vice President Opposes It.

Washington, D. C., June 27.—Women suffragist representing the sisters in thirty eight states descended on the capital again, seeking support from congressmen of all political faiths. Speaker Clark told them women suffrage was "inevitable as the rising of tomorrow's sun." Vice President Marshall was pressed to make a definite stand on the question and naively intimated his wife would not let him and Secretary Bryan was gay-laid by the enthusiastic suffragist as he was going through the capitol and took refuge in an elevator.

Didn't Want to Lose Wife.

Dr. Anna Howard Shaw, the president of the National Woman's Suffrage Association, Jane Adams of Chicago and Mrs. Desha Breckenridge of Kentucky, vice presidents, pleaded the cause to Marshall and Clark. "I've got to remember my wife," the Vice President interrupted, "I don't want to get separated from her." The remark was interpreted by the suffragists to mean Mrs. Marshall was opposed to the movement. Marshall ordered the pages to distribute to the senators the petitions brought by the suffragettes.

BLUEJACKETS, WHO LED IN ADVANCE ON VERA CRUZ, RETURN ABOARD THE UTAH

LEFT TO RIGHT, BACK ROW—E. E. NORMAN, G. BERTON, J. J. MCLAUGHLIN, W. B. WEEKS, J. J. DERMODY, H. D. SHIPMAN, F. F. SMALLEY, F. OVERAL, A. DE SOMER, G. J. SMITH, FRONT ROW—A. J. FOGERTY, G. BRADLEY, M. HUTCHINSON, N. DRUSTROP, J. B. MACDONALD

Two months ago 370 officers and bluejackets stood on the deck of the battle ship Utah in Vera Cruz Harbor, armed, alert and ready to sacrifice life and limb for their country and the service they revered. On the arrival of the Utah in New York Harbor a few days ago 350 of them were drawn up with the rest of the ship's company in practically the same formation. Of the eleven who were absent two gave their lives that the Stars and Stripes might float over Vera Cruz. The other nine were shattered in body by the Mexican snipers and were carried north on board the hospital ship Salace.

DISHONORABLY DISCHARGED

Fate of Young Naval Cadet Who Had Impersonated Another Man.

Annapolis, Md., June 27.—M. P. Harris of Mississippi, a young enlisted man in the navy, tonight was escorted to the boundaries of the government reservation here, and there dishonorably discharged from service because he had impersonated another man in the examination for admission to the Naval academy as midshipman. Harris had passed the examinations and then took the place of another candidate for enlistment and passed the first examination for him.

ROOSEVELT HAS TO KEEP SILENT

Physician Says No More Talking for a Long Time; The Colonel Is Obedient.

Oyster Bay, June 27.—After hearing his physician's decree that he must either take a prolonged rest or incur the danger of permanent ill health, Roosevelt made plans to conduct a campaign as far as possible, from Sagamore Hill and John McGrath, his secretary has engaged a cottage in the village and expects to move from New York Monday. For Roosevelt will probably spend a great deal more time at home in the four months before the election, than intended before the physician's announcement.

Free of Details.

All important matters of party policy will be laid before the Colonel but he intends to free himself from the details as far as possible. Senator Clapp of Minnesota came to Oyster Bay and talked hopefully of the political outlook in the middle west. "Senator told me," said Roosevelt, "in Minnesota, as elsewhere in the middle west, the progressive party is in splendid shape and when I went out I would be surprised to see the way in which the movement has spread."

HAVE NOW MANY ARMED GUARDS

Merchants Are Trying to Protect Their Businesses From the Rioters.

Butte, Mont., June 27.—Merchants have placed armed guards in their stores tonight to guard against unforeseen contingencies. One of the larger stores had watchman patrolling the sidewalk. Ever since the riots of two weeks ago, which were caused by factional fights in the local union of the Western Federation of Miners, the situation in Butte labor circles has been tense. The city is outwardly calm today.

UNDERWOOD SAYS NOT A DEFICIENCY

THE GOVERNMENT WILL COME THROUGH YEAR WITH SURPLUS.

INCOME TAX HELPS MUCH

The Canal Will Take Care of Its- self After This First Year Is Declaration of Leader.

Washington, June 27.—Fortified with an official from the treasury department, Democratic Leader Underwood told the house there would be no deficit in the government finances and any prediction of one is only a dream, based on the wishes springing from political antagonism. In an analysis of the government's financial situation, he announced the total receipts of the government for the fiscal year ending next Tuesday would aggregate \$733,000,000, thus leaving a surplus of \$30,000,000, and that with only a half year's operation of the income tax.

Panama Expenditure.

He didn't include Panama canal expenditures, estimated at \$35,000,000. The next year, he declared, the Panama expenditures would practically pass away, and the canal receipts would pay the running expenses. Underwood made a speech in support of the senate amendment to the legislative appropriation bill to increase the treasury fund for collecting the income tax from \$1,000,000 to \$1,500,000, to which the house finally agreed. Underwood explained the increase was for the collection of the income tax from persons and corporations trying to evade it.

SILLIMAN RETURNS.

Mexico City, June 27.—The Mexican government gave permission for John R. Silliman, vice consul at Saltillo to return to his post. This response is due to a request made by the Brazilian minister at the instance of the Washington state department. When Silliman left Mexico, the Brazilian minister promised he would not return without permission of the Mexican government.

MANDAN BOY HURT.

Mandan, N. D., June 27.—Henry, son of Deputy Sheriff John Handtmann, is in a serious condition from concussion of the brain.

This morning about 9:30 o'clock he left the Pioneer office to take some papers to the court house. It is believed that while coming down the court house hill on his bicycle he struck a rut and was thrown heavily to the ground.

"SPOONING" DEGRADING

So Said a Speaker at the Older Girls' Meeting of Sunday School Convention.

Chicago, June 27.—"Spooning is a crime against womanhood," John Alexander, a director, told five hundred young women who are attending the Older Girls' Conference of the International Sunday School convention. "First the word spooning; to the girls who love to spoon that is the most degrading thing they can do, and one of the most degrading things they may permit." "Make the boys clean-minded and wholesome by the way you dress; the young men take you girls at your own valuation."

KNOCK KING'S HAT SIDEWAYS

Suffragettes Would Have Fared Badly at Hands of Mob But for Police Interference.

London, June 27.—Some women suffragettes were rescued by the police from a threatening crowd, after they had bombarded King George and Queen Mary with leaflets at the entrance to Hyde Park. A bundle of papers struck the king's hat and knocked it sideways, and the queen's parasol caught another shower of pamphlets. Their Majesties treated the incident with good-humored indifference, the king smilingly tossed one bundle into the roadway, and the drive was continued unchecked. The crowd showed a very different spirit. Quickly resenting what they regarded an insult to Their Majesties, the spectators made a rush for the women, who would have been badly mauled had not the police rallied around them and arrested them for their own protection.

AWFUL STORM STRUCK MANDAN

Nearly Half Million Dollars Dam- age Done to Buildings and Railroads.

Mandan, N. D., June 27.—The damage of the storm last night which flooded the city and did great damage in other places, will amount to \$500,000 and more of it may be reported. At New Salem, culverts were washed out and the buildings that were in low places surrounded by water from 3 to 10 feet deep.

Mott Line Goes.

Sections of the Mott line were washed out, and for three days there will be little service. The main line, west of this place a few miles, was torn out of place. The North line has likewise suffered from the excessive moisture. Live stock and fowls have been drowned. A report, yet unconfirmed, states two deaths occurred in southern Morton from the floods.

Laurel, Miss., June 27.—After killing two white men and seriously wounding another, a negro highwayman held up and robbed the pay train of the lumber camp at Steven's Mill, and escaped with over \$2,000.

Posse Hunting.

Tonight hundreds of men are searching the country near Stevens for the three Negro highwaymen. The holdup occurred just outside the Stevens station, where the three clerks boarded the railroad motor car for the company's loggingcamp, six miles away. When the clerks alighted at the obstruction on the track the three Negroes opened fire killing Rees Fitzpatrick, instantly and fatally wounding J. B. Simmons, who died shortly afterward. Wyatt Robinson the third clerk fell wounded, but later he made his way to Stevens and gave the warning.

BURDICK MAKES A STATEMENT

THEN STOPS TALKING AND HAS NO MORE TO SAY; AP- ARENTLY BEATEN

FRANE IS STILL LEADING

Votes Have Come in Slowly But the Results Are Such That No Change is Feared.

Grand Forks, N. D., June 27.—"It looks as though the game ended with the ball in my possession on Hanna's two-yard line." Such was the declaration made by U. L. Burdick of Williston, the defeated candidate in the Union, the defeated candidate for the republican gubernatorial contest. Asked for a further statement, Mr. Burdick said he had nothing more to say at this time.

Fraine Nominated.

Col. J. H. Fraine, on practically complete returns from all but six counties in the state, has a lead of 969 over A. T. Kraabel for the republican nomination for lieutenant governor and the element of doubt that entered into the situation at one time is abandoned. Col. Fraine, on the latest figures available, and which do not include Bowman, Burke, Divide, Dickey and Kidder counties, has a total of 12,603, while Kraabel has 11,672.

Given Boost.

Governor Hanna's majority was given a slight upward boost today, when more complete returns were available from additional counties. Mountrail county's report is complete and it gives Burdick a majority of about 1,000; Morton county also is complete, minus two precincts, and it gives Hanna a lead of over 1,100; Billings county is one of the new counties heard from, Burke being the only county still to report. Burke will give Burdick a lead, while Williams county will add about 200 more for Burdick.

Arrest Convict at Jamestown

Man Who Scared the Boys at Sibley Island Caught in Stutsman County.

McGlynn, the man who escaped from the penitentiary June 17, and who scared the boys on Sibley Island, has been apprehended by the officials at Jamestown, and is held there for the pen officials. Officials from the penitentiary left on No. 2 last evening, to bring him back to this place.

City Police at Jamestown.

A member of the city police at Jamestown remarked to the sheriff, there was a suspicious character in the city, and when the description had been given the sheriff thought it must be McGlynn and immediately ordered the man rounded up. This was done and, when questioned, the man entered a denial. He was then stripped of his clothing and the identification marks tallied with those of the penitentiary description. He then admitted he was the man wanted.

Sheriff Notified Bismarck.

The sheriff of Stutsman then notified Warden Talcott, who immediately dispatched officers to bring McGlynn to the pen. The story of the escape was quite interesting. The man had worked around the boiler room and had gone out, ostensibly to look after the wiring system and the lights. Once outside of the gate he started to make his getaway. Asking a ride of a driver coming this way, he was carried as far as the Soo stockyards, and then getting down from the wagon, made his way to apparent safety.

BURNED 3 RESIDENCES

Salem, Mass., June 27.—A serious fire, starting on the western edge of the district devastated by Thursday's conflagration, tonight quickly destroyed three residences. A strong wind blew the sparks directly over the unburned area and a general alarm was sounded.

POLUTES MILK—MANY SICK.

Harvey, N. D., June 27.—Forty-seven cases of diphtheria have been traced directly to the milk supply from a local dairy. The hired man who did the milking developed diphtheria and infected the milk. Members of the family were later attacked and patrons of the dairy soon afterwards developed the disease.
