He says: "Buy a 50-cent package of my Asthmador, try it, and if it does not afford you immediate relief, or if you do not find it the best remedy you have ever used, take it back to Finney's and they will return your money, cheerfully and without any question whatever. After seeing the grateful relief it has afforded in hundreds of cases, which had been considered insurable, and which had been given up in despair, I know what it will do. I am so sure that it will do the same with others that I am not afraid to guarantee it will relieve instantaneously. The druggists handling Asthmador will return you money if you say so. He was then placed under arrest, and the young lady will appear against him in court. The charge was made that he pulled a gun in the cafe, but when searched he had no gun on him.

HORSE BOLTED. H. S. Lobach, of the Tribune, was painfully hurt Sunday, while on a hunting trip. He and John L. Hubert drove some distance into the country, with a single buggy, and had quite a fine bunch of ducks. They stopped to water the horse, and Mr. Hubert took off the bridle, that the horse might drink more easily. The animal took advantage of his freedom, and bolted. As he was in the barnyard, and headed for the corner of the barn, Mr. Lobach, who was in the buggy, jumped, and was thrown under the wheel. Both legs were severely bruised. Mr. Hubert was also scratched up. The horse headed for town, and was caught near the penitentiary, and the men were picked up by a passing auto. Mr. Lobach is finding his injuries very painful, though it is hoped that they will not prove serious.

MONDAY CLUB HELD SUFFRAGE DISCUSSION

Number of Excellent Talks Made, and Interesting Points Were Brought Out.

The Monday club met yesterday afternoon, at the home of Mrs. A. A. Bruce, Avenue B. The program was devoted to suffrage and was as follows:

Roll Call—Suffrage Leaders. History of Movement—Mrs. Bodenshlag. What Women Have Accomplished with the Vote—Mrs. LaRose. Advance of English Militancy—Mrs. Jones.

Discussion—Mrs. Cushing. Drama News—Mrs. Berndt. As the Monday club voted at its last meeting to endorse the action of the General Association at Chicago in June, in its stand for suffrage, there was a disposition on the part of the members to look a little more deeply into the vital phases of the suffrage question, and the papers and discussion following brought out facts of interest concerning the great woman's movement. The remarkable advance in thought and the achievements of the countries and states where women vote were well brought out by Mrs. Bodenshlag and Mrs. LaRose, the latter giving a list of the actually compiled laws which have brought about marked improvement in the conditions of the various commonwealths where suffrage has been granted, such as mothers' pensions, child labor laws, prisoners' wages paid to their families, raising of age of consent, slow sometimes, but sure, advance of prohibition, industrial schools for girls, homes for children and compelling deserting husbands to provide for their minor children.

The need of the ballot was brought out in the course of the discussion, the evils of the white slave traffic coming into prominence. A woman, too, it was urged, should be accorded a place on the important state boards, having at least one voice in the management of all state institutions, with which she should, as a member of the commonwealth, be in direct touch. Many other points were touched upon and Mrs. Jones' elucidation of the

real "English militancy" produced an impression upon many quite distinct from that formerly held. Attention was called to the fact that these are, indeed, stirring times, the complexity of which has brought home to women a sense of responsibility, which can neither be evaded nor ignored. More and more are they becoming convinced that they must be community mothers, as well as home mothers.
