Well Known Young Woman of Minot Has Been Found Insane.

Minot, N. D., Dec. 4.—Miss Sarah Stuart, 25 years old, a well known young woman of this city, living at Fifth avenue and Arlington street, was declared insane by the board of insanity. Miss Stuart was taken into custody early Sunday morning by Officer John Reed, after she was found wandering about the city of Minot in a demented condition. The girl had been acting queerly of late, and Reed, at the request of the girl's mother, filed a complaint, fearing that the girl would commit some rash act.

Miss Stuart was taken before the board of insanity yesterday, where she was given consideration. It was found after a careful examination that the young woman was demented. She will be taken to the insane asylum at Jamestown.

DAIRY COW RATINGS.

Grand Forks, N. D., Dec. 4.—As dairying increases in North Dakota, more and more attention is given to the matter of feed for the care of dairy cattle. Extensive experiments carried out on a leading dairy farm of the state, located near Grand

Forks, have shown that the best rations for the dairy cow is as follows: For a 1,200 pound dairy cow of the proper sort and producing 20 pounds of milk daily.

CROWDED INTO A WELL BY CATTLE

Arnegard, N. D., Dec. 4.—White Mrs. Peter Peterson, living southwest of Cherry, was engaged in watering the stock from an open well, about a mile from her home, she had the misfortune of falling into the well, in about five feet of water. It seems that the stock was thirsty, and while Mrs. Peterson was drawing up water out of the well, the stock crowded in on her in such a way as to cause her to lose her balance and fall in.

There was no one around at the time of the accident, only her little 2-year-old child, who could do very little to assist her. The well being shallow, she managed in some way to get hold of the tub, possibly by the assistance of her child, and placed it in a position to draw herself out, after working frantically for about an hour and a half.

Mr. Peterson was busy with other work around the home and did not pay much attention as to the length of time she was away, as it took some time to walk that distance and water the stock. After arriving home she contracted a severe cold, which confined her to the bed.

BURNS ON TRIAL AT MINOT FOR MURDER

Minot, N. D., Dec. 4.—S. A. Burns, charged with the murder of Henry Sesse, a homesteader, living on a farm near Burns' place, in the vicinity of Schafer, McKenzie county, for the alleged purpose of obtaining possession of Sesse's land, was placed on trial in district court before Judge K. E. Leighton, Wednesday. In selecting the jury Attorney D. C. Greenleaf, for the defense, cross-examined the veniremen, asked each of the prospective jurors pointedly: "If you should decide that the defendant is guilty, are you willing to consider the life imprisonment feature and not go into the box and consider only the death penalty?" Those who answered in the affirmative remained on the jury.

The Burns case has been granted a change of venue from McKenzie and Williams counties to Ward county on the grounds of prejudice. Forty-five witnesses have been subpoenaed in the murder case, which promises to be of unusual interest. The selection of the jury has been complete and the examination of witnesses begun. The court room was filled with spectators at the opening of the trial, many of whom came all the way to Minot from the scene of the alleged murder. It is charged that after the disappearance of Sesse, Burns produced a forged deed to Sesse's property and claimed the same.

He retains membership in the department, but as an honorary member. At the annual meeting the resignation of A. W. Farr as secretary was tendered and accepted, and Iver T. Larson was elected to succeed him. Frank Gruenfelder, chief; Mike Knobl, assistant chief; Anton Gruenfelder, treasurer; and Joseph Schlusser, caretaker, were re-elected to office. The report of the treasurer showed all companies and the department to be in good shape, financially.

FAMILY BE REUNITED.

Grand Forks, Dec. 4.—The trials of the two children of John Fishman of this city, who were deported back to Europe last summer, appear to be over. Tickets having been wired to the pair at London, which will enable them to return to this country. Word received here yesterday states that the two children are safe in London, having escaped from war-stricken Belgium with the other refugees.

When the Fishman family attempted to enter the United States last summer, it was found that the youngest girl had trachoma, and she was accordingly sent back to Antwerp for treatment, the oldest daughter accompanying her.

The pair just escaped sailing on the ill-fated "Empress of Ireland," but finally reached Antwerp safely, and the child is now reported to have been cured.

NEW LUMBER YARDS.

This week two new lumber yards were opened, one at Kildeer with C. P. Peterson as manager; and another at Werner with R. H. Hauser as manager. Mr. Hauser was with the Mandan Mercantile company at the Wilton office and Mr. Peterson formerly managed a lumber yard at Leith.

In addition to the Kildeer and Werner yards, new branches have recently been established at both Halliday and Dunn Center.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

WEBB BROTHERS

SOME housekeepers find it almost impossible to keep flannels from shrinking and becoming hard.

Flannels not only should be washed and rinsed by hand in lukewarm water of even temperature but they should be washed with Ivory Soap.

Then they will remain as soft and unshrunk as when new because the mild, pure Ivory cannot harm the woolen fibers in the slightest degree.

This is an excellent way to wash flannel underwear:

Make a warm suds with Ivory Soap Paste. (See directions inside wrapper.) If the garment is soiled, add a half-tablespoonful of ammonia for each gallon of water. Soak ten minutes. Wash with the hands. Do not rub soap on the garment. Do not rub garment on the board. Turn inside out and put through a second suds like the first. Rinse through several waters of same temperature as the suds. Soften hard rinsing water with a little Ivory Soap Paste. Squeeze out, shake and hang in warm room—not where garment will steam. When nearly dry, press on wrong side with warm iron. Stretch ribbed underwear into shape as it dries.
