Myers, A. Garnass and A. E. Roderick, all of Regan, were in town Thursday. John A. Shaw of Fargo, G. W. Haggart and D. P. O'Neill of the same city were in town the middle of the week. S. N. Woodruff, M. F. Woodruff, G. W. Engle, and G. T. Crippen, all of Enderlin, were in town for a few days this week. Mrs. H. J. Zimmerman and her sons Bernth and Wilton have left Bismarck to visit partly in North Dakota and partly in Iowa. They will be gone all summer. Mr. and Mrs. Rohrer, who have been visiting their aunt, Mrs. Charles Kupitz, for the past week, leave tomorrow for Walnut, N. D., to visit their cousin, Mrs. A. D. Anderson. Leif Swemmunson of the Treasurer's office, with his family, has gone to Battle Lake, Minn., to visit Mrs. Swemmunson's parents, and where the family will enjoy two weeks' fishing. ARRIVES IN NEW YORK. Dr. John C. Staley, of St. Paul arrived safely at New York on June 4th, after a stay of five months at the American hospital at Nicully, near Paris, France. From there Dr. Staley will go to St. Paul, where he will resume his practice. CARD OF THANKS. We wish to extend a card of thanks to all who aided us and sent flowers, especially the Modern Woodman of America, and the German Lutheran Ladies' Aid, at the time of our sad bereavement in the death of our beloved husband and father. Mrs. Ludwig and Children. MRS. LINCOLN AT FAIR. Mrs. W. H. Lincoln of Bowman was an interested caller at the North Dakota building recently. Mrs. Lincoln was very much impressed with the beautiful exhibit of the beautiful building. Mrs. Lincoln is visiting her daughter, Mrs. Duncan Elliott, formerly of Fort Lincoln, Bismarck, but now living at the Presidio, San Francisco. Mrs. Lincoln will remain on the coast for several months. Mrs. Katherine Boyle Ferris, formerly of Bismarck, but now living at Stockton, Cal., was a caller at the North Dakota building recently. EASY TO TELL. There is no telling how long your motor will last if you use good motor oil—but it is easy to foretell its life if you don't. Keep your motor young with French Auto Oil.—Adv.

St. Mary's school has closed until the fall term. Attorney H. A. Armstrong of Hazelton is a visitor in the city. The state pardon board finished its business yesterday and adjourned. State's Attorney Lynn of Emmons county is in the city for a short time. Mrs. C. A. Baker of Billings, Mont., visited with Miss Tess Henry Thursday on her way to Chicago. Thursday afternoon the pupils of the eighth grade of St. Mary's school received their certificates with a party at the school. Master Gordon Neff, who was hit in the eye with a golf ball last Monday, is doing very nicely and it is believed will soon be himself again. Mrs. Charles Gaskill and son, Earl, of Sterling, are visiting at the C. R. Kozitsky home in this city. Mrs. Gaskill is the mother of Mrs. Kozitsky. Misses Gladys Clark of Solon, Nora Lucy of Wilton, Laura McCann, Laura and Esther Grabinger of Washburn, Genevieve Dougherty, of Sheldon, Ia., who have been attending St. Mary's school, have returned to their homes for the summer. OPENS STUDIO HERE. Donald McDonald, who has recently returned from Minneapolis where he has been studying with MacPhail, has opened a studio at 520 Eighth street and is prepared to give violin instruction from the rudiments to public appearances. COUNTY ROAD MACHINERY. The four tractors and four graders recently purchased by Burleigh county for road work are now in the city and the graders are being set up now. An expert is here to demonstrate the machines, which were purchased from the International Harvester company last month, and a demonstration will be made on the north road, east of the capitol this morning, the weather and road conditions permitting. Two matinees of "The Black Box" today, at 2 and 3:30 o'clock, at the Bismarck Theater. Admission, 5 and 10c.—Adv.

WANT HELP FOR THE BELGIANS

Mayor Lucas Gets a Letter From France in Yesterday's Mail. Mayor Lucas yesterday received the following letter from Le Mans, in which an appeal is made to Bismarck people for aid to the Belgian refugees: "Le Mans, le 21 Mai, 1915. Master Mayor—We authorize ourselves of the deep human sensations of the citizens of the noble United States to remit you our appeal in favour for the Belgians. "We believe we would make you an insult in telling you what is the German barbarity. "You know it enough, for we will be certain that your sympathies belong to our protectors. "So as the letter inclosed explain it to you, we occupy ourselves under the high patronage of the district authorities of the soldiers, prisoners, refugees and of the soldiers interned in Holland. "The 'work' is very useful, but how weighty for our resources. "It is therefore in an idea of union between all the civilized men we allowed ourselves to write you and ask you if you will meet us to the special people of your town and to the principal societies. "We would be very proud to may think, that from North America, much supports and encouragements, arrived for us. "Please accept, Master Mayor, the expressions of our sincerest devotion. The President. (signature)."

CHAPLIN SCORES GREAT KNOCKOUT IN "THE CHAMPION"

"The Champion" in two reels, is Charles Chaplin's latest and greatest comedy. It drives away all cares and keeps you convulsed with laughter from start to finish. If you don't want to laugh, don't go to see it for it is impossible not to laugh at this great comedian in his new comedy. Chaplin, while wandering about with his bulldog, sees a sign on a gymnasium door that "white hopes" are wanted for a "try-out." He finds a horse shoe and puts it in his pocket for good luck. Then he enters. The big "bruiser" puts all the other aspirants out of the running in quick succession. Just before Chaplin's turn, he thinks of the horseshoe and puts it into his glove. He takes the "bruiser" unaware and lands a blow with the horseshoe that puts him down and out. He then is scheduled to fight the great champion. After a course of training, in which Chaplin keeps the spectators in roars of laughter with his unique antics, he finally faces his opponent in the prize ring. You will have to see the rest—it is simply great. Two matinees today at 2 and 3:30, three shows tonight, starting at 7:15 at the Orpheum, where you see Chaplin in his latest comedies with the Essanay Co.—Adv. Two matinees of "The Black Box" today, at 2 and 3:30 o'clock, at the Bismarck Theater. Admission, 5 and 10c.—Adv.

When anyone once learns of the very excellent Wirthmor Waists that can be bought here for Just ONE DOLLAR

THEY never think thereafter of going elsewhere for a moderate price Waist. For which of course there's just one reason—and that is far better values. And

These Are Not Waists Bought Only for Sale Purpose but, new, fresh, reasonable, correctly styled models—the styles you'll likely see elsewhere at a much later date—and at somewhat higher prices.

And remember these Waists are Just One Dollar. They can be had here and here only.

Our Blouses at \$2.00 have Established a Netwer and Higher Standard both in Style and in Value. That's Why We're Selling So Many of Them

If you are unacquainted with the character of these Waists, we would be glad to have you come in tomorrow and see what surprisingly good Blouses \$2 spent here will buy. We say tomorrow for our weekly allotment will likely not outlast the day.

The WELWORTH a Better Blouse at \$2.00 Sold Here Exclusively

GETTING RID OF THE GOPHERS

Garrison District Is Successfully Exterminating These Pests.

Garrison, N. D., June 4.—Early last September the United States Biological Survey and North Dakota Experimental Station co-operating with the Garrison Industrial association made some experiments with various poisons with the aim of exterminating the gopher which has become a bad pest in these regions. Their experiments were successful as were many others they tried in other places, and they arrived at a logical solution of a means for complete extermination. Early this spring the work was started in the Garrison district under the above named departments and the results have been more than was expected. Through the farm clubs each township called a special meeting at which either C. M. Yerrington representing the government or U. S. Ebner representing the state held a demonstration showing how to prepare the poison and effectively use it. Each farmer present took some home to try while in the meantime the demonstrators took a badly infected piece of land and established a system of complete extermination. This was done at a cost of about 3 cents per acre while every cost was kept of both the material and labor. Then another meet-

ing was held and results compared and orders placed through the experiment station for the poison at wholesale prices. Some one was appointed to look after the mixing and distribution of the poison for that township so that comparative little expense was incurred. The demonstrators then went into adjoining townships with demonstrations until after ten days practically all the country knew from a trial that the poison was effective. Since the demonstrators left the same work has been carried on by T. L. Stanley farm adviser of the association. Orders are placed with the various farm clubs for such poison as is needed and is then sent in to the association who forward the order to the experiment station at Fargo. Poison is also mixed and distributed by the association at actual cost. The formula while simple must be followed with care. In some places druggists have been selling the wrong

kind of strychnine. It must be remembered that only powdered strychnine alkaloid is to be used. The complete formulae is as follows: Make a starch paste using one tablespoon of starch and 3/4 pint of boiling water. In another dish mix one ounce of powdered strychnine alkaloid and one ounce of soda and stir this well into the starch. Then add one tablespoon of glycerine, eight tablespoons of syrup and 1-8 ounce of saccharine. After this has been thoroughly mixed pour over 20 quarts of clean oats and stir until all kernels are coated with an even thickness of the glossy mixture. Then dry for 18 to 24 hours until it is no longer sticky. Place about a teaspoonful at each hole where gophers will get it.

The hundreds of farmers who have used it in this locality speak high praise for the effectiveness and economy of this poison. It will cost about \$1.25 to poison a bushel of oats and a bushel of poisoned oats will clear the average tilled quarter of land while more is needed where the land has not been broken.

You have not read all the news until you have read the want ads.
