**Love is King.**  
Love is and was my lord and king,  
And in his presence I attend  
To hear the tidings of my friend,  
Which every hour his couriers bring.

Love is and was my king and lord,  
And will be, tho' as yet I keep  
Within the court on earth, and sleep  
Encompassed by his faithful guard.

And hear at times a sentinel  
Which moves about from place to place,  
And whispers to the worlds of space  
In the deep night that all is well.

And all is well, though faith and form  
Be sundered in the night of fear;  
Well roars the storm to those that hear  
A deeper voice across the storm,

Proclaiming social truth shall spread,  
And justice, even tho' thrice again  
The red foot-fury of the Seine  
Should pile her barricades with dead.  
—Tennyson.

PLAYS THE LEAD IN THE MUTUAL MASTERPIECE

## "THE ABSENTEE"

.... FIVE ACTS ....

"The ABSENTEE" is a five-reel Majestic picture, opening with a prologue modeled after the ancient Greek plays, in which "Success," "Power," "Ambition," "Failure" are symbolized by the actors in the play.

The other four reels of the picture carry through the symbolic idea—but are modern, in scene and in action. Yes, very modern—

Labor difficulties, militia, riots—are shown with a vividness that almost chill—so true are they in their realism.

And how real he makes his characters. You would unhesitatingly pay \$2 to see him in this play were it produced on the stage—and yet for one tenth of this sum you can enjoy Mr. Edeson's finished acting in a play that's brim full of beautiful scenery, interesting and exciting situations.

### YOUR BLOOD

is the canal of life but it becomes a sewer if clogged up. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's torn down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.
