Mr. and Mrs. Walter Graham of Regan were in the city yesterday for the circus, and while here were the guests of Mrs. P. C. Remington.

Mrs. N. G. Nelson leaves tomorrow for an extended trip east, where she will visit, first at Fargo, then at Minneapolis, and later in Chicago.

Mr. Morrissey of the North Dakota Printing company is moving his family from Sioux Falls to Bismarck. Miss Mildred Morrissey has been here some time and will be a charming addition to the younger social set.

Go to Coast.

Miss Emily Anderson, a graduate nurse of the Bismarck hospital, left last night for the coast, going first to Seattle where she will meet her brother. From there, accompanied by her brother, she will proceed to San Francisco and visit the exposition. Later she will visit in Los Angeles.

Return from Trip.

Judge Fisk, Mrs. Fisk and daughters have returned home from their auto trip from Devils Lake. En route they visited at Grand Forks and Fargo and had a most enjoyable outing. They report that crop conditions through the territory which they traversed were unusually good, and looked excellent.

Further particulars have been received of the wedding of Miss Jessie Buchanan, eldest daughter of Mr. and Mrs. J. A. Buchanan of Buchanan, N. D., to Mr. Charles Drummond Rae of Honolulu.

The ceremony was performed at the home of Dr. and Mrs. Bond at Kohala, Hawaii. Miss Alice Bond, who was a room-mate of Miss Buchanan at Oberlin, was her only attendant, and Mr. Midgiff of Honolulu, was best man. Dr. Cowan of Kahala officiated, the simple ring service was used. During the wedding breakfast which was served immediately after the service, and at which covers were laid for 20, an Hawaiian orchestra concealed behind palms on the veranda, played inimitable Hawaiian melodies.

Mr. and Mrs. Rae left in the afternoon for Hilo, Hawaii, near the world famous burning volcano. They went

Bossie Had a Jag. Danville, Ind.—Benjamin Prether of Avon is a strong temperance man, but that did not prevent one of his favorite milk cows from getting drunk. It was a comical sight. Prether noticed the animal prancing around in the barn lot, doing all sorts of antics, and could not imagine what was the matter. He sent for a veterinarian, who said the cow was drunk. It was learned that she had been where she could get at a quantity of fermented corn.

STUDENTS ARE SOME EATERS

Commissary Department of Normal School Requires Lots of Supplies.

Some idea of the consuming power of the students and teachers of the Minot Normal summer school can be gathered from the specification of the different quantities of food which are required to supply the table of the dormitory and cafeteria. Some of these are given below:

One barrel of potatoes—lasts two days.

One case of canteloupes are used for one meal.

One and one-half cases of raspberries for one dinner's shortcake.

Two hundred fifty eggs for one scramble.

Ten watermelons at one meal.

Twenty-three pies at one meal.

Five gallons of sauce for one meal.

Four hundred rolls for one meal.

Thirty loaves of bread for one breakfast toast supply.

Twenty pounds of butter each day.

Six gallons of ice cream for one dinner's dessert.

About 200 people are fed daily.

All the items named above are purchased in Minot.

JUDGE HENRY NEIL COMING TO BISMARCK

Father of Mothers' Pensions Will Appear in City at an Early Date.

Judge Henry Neil, known as the father of the mother's pension, will be in Bismarck in a few days.

Ten million dollars will be paid this year to dependent mothers and their children in 25 Mothers' Pension states. This will prevent the breaking up of families, preserve homes and help to abolish child-poverty.

Judge Henry Neil, father of Mothers' Pensions, has traveled over the United States in the last four years advocating Mothers' Pension. His plan has been adopted into the laws of 25 states, Wyoming, New York and Tennessee recently joining the procession.

His plan is to talk about the evils of child-poverty and to convince the whole country that it is organizing a great Mothers' Pension Congress, which will take place at the San Francisco exposition on September 20, 21 and 22. At this conference plans will be discussed for having the Mothers' Pension System administered by the public school system.

"The Mothers' Pension System is not a charity any more than the public school is a charity," said Judge Neil in discussing his plan. "We spend money for free education because it is the economical and efficient thing to do. We know we cannot afford to have our children grow up in ignorance. But thousands of children are prevented from obtaining an education because their fathers are dead or for some reason fail to provide. The pension system provides food, clothing, shelter and care by the child's own mother, without which the free public schools cannot do their work."

"Wherever the pension system has been tried its results satisfy all classes. Juvenile crime and delinquency decreased at once, because the pensioned mothers are enabled to remain at home and take care of their children. If children have a good home, with their own mother, juvenile crime decreases. Children raised in poverty

recruit the police stations, jails, courts, penitentiaries, hospitals, and asylums, because they did not get a fair start. The spending of ten million dollars this year for Mothers' Pensions will save the taxpayers a hundred million dollars in the coming years. The cost of courts, prisons and asylums has been increasing by leaps and bounds. The best way to rapidly decrease the expense of corrective institutions, is the Mothers' Pensions, which attacks child-poverty, the cause of most of the crime, feeble-mindedness and insanity.

"Who is not pained to see little children in poverty, deprived of the things childhood needs? The pension system will enable all children to have a happy childhood and that is what we are living for, as I see it."

Judge Neil is organizing committees in states which do not have the pension system, and also committees in pension states to see that the law is used to free all children from poverty.

Judge Neil is known as "The Father of the Mothers' Pension System." He receives no remuneration. He has spoken in hundreds of cities.

Celebration at Van Hook

Van Hook is going to pull off a big celebration on August 10 and 11, for which preparations have been made for some time. A number of committees, members of which are past-masters in the art of entertaining, are in charge of the arrangements and have worked up a good line of features. People from a radius of 2 miles will be at the celebration.

Miss Winnifred Burns of Duluth, Minn., a sister of Mrs. Joseph Wiert, left on a western trip after a visit at Devils Lake. Miss Burns enjoys the chautauqua grounds and lake very much and returns every year for an outing. From here she went to Glacier park, to the coast, the San Francisco and San Diego fairs, to Chicago, and then to New York. The 5000 which she designed and which won the trophy from the American Art league, are exhibited at the fair under the auspices of the league. Miss Burns is an enthusiast on women's clothing and designing.

William Collins of Bottineau is being groomed by democrats as the successor of Jud LaMoore, Jr., as collector of customs at the Pembina port of entry. Collins formerly was democratic national committeeman for the state and was a candidate for appointment as United States marshal. The cornerstone of the new St. Mark's American Lutheran church of Grand Forks was laid Sunday afternoon, at 2 o'clock. The church has been active in the city for the past four years and some time ago began the building of a church at the corner of Fifth street and International avenue.

Bottineau Co. Takes First Honors

Bottineau county took first honors in the field day at the Minot Normal summer school last Saturday, with a total of 942.3 points against McHenry for second place, with 531.3 points. Sheridan county won third place with 35 points. Renville county had 30 points. Ward 12, McKenzie 10, Moutarail 8, Burke 4.13, with 102.3 points distributed among the orphans.

The system of competition was such that the counties with a large representation were placed on the same footing as those with small representations.

A large crowd witnessed the events at the Normal field and the rooting for the several counties was strong and enthusiastic.

The North Dakota Pure Food Laws are Very Strict

The standard set by the pure food officials for baking powder is very high.

And It Should Be

Dealers and consumers are entitled to the fullest protection against poisonous and harmful substances in their foods, and against fraud, deceit and misrepresentation in their sale.

The wise manufacturer is getting in line with the Pure Food Laws (not fighting them) and co-operating with the Pure Food Officials to make his product better, purer and free from all taint of misrepresentation in its sale.

KCBaking Powder

complies with all Pure Food Laws, and its manufacturer has never fought them. It does not contain any albumen (sometimes called white of egg) an ingredient discredited everywhere—and we have never used the fraudulent "water glass test."

Just a can of pure, legal baking powder, guaranteed to give perfect satisfaction.
