

City News

Miss Lois Allison is teaching school No. 2 at Lein. Miss Pearl McCollough is teaching the Crofte school No. 2. V. M. Craven of Menoken was a visitor in the city yesterday. Mr. and Mrs. Raymond Bergeson spent Sunday in Mandan. V. M. Craven of Menoken was a visitor in the city yesterday. Prof. Halford of Grand Forks is the guest of Rev. R. H. Craig. Miss Blanche Small has begun teaching in the Crofte School No. 3. George W. Brown was down from Underwood and spent Sunday with his family. Miss Margaret Jones goes to Valley City today for her last year at the Normal school. For apples, phone 353.—Adv. Miss Mary Nelson and Mrs. Joe Regan of Mandan were in the city yesterday on business. J. L. Richardson of Minot and his brother H. B. Richardson of Fargo were visitors in the city yesterday. John S. Rice of Driscoll was in the city yesterday looking after business interests and left last evening on No. 2 for Fargo. Mrs. Nellie Everts returned to her duties yesterday as Deputy County Superintendent of schools after a brief vacation. MAX FIGMAN At the Orpheum theater, matinee and tonight only, in the five-act Metro "MY BEST GIRL," a comedy-drama you will never forget. BAPTIST ANNUAL DINNER. Fried chicken and many other good things to eat will be served by the Baptist ladies in the parlors of the church, corner of Fourth street and Avenue B, Thursday evening at six o'clock. Tickets 50 cents. Public dance at Patterson's Hall Wednesday evening, Sept. 29th. O'Connor's Orchestra. Adv. A big badger which was seen within the city limits Sunday in the vicinity of Avenue B caused considerable excitement among the boys of the neighborhood. It is not often that a badger finds his way into town and when he does it is an event of some importance. TAKES BAD FALL. George Wise an old man, well known in the city, slipped on the wet sidewalk at the Grand Pacific corner yesterday afternoon, striking his head on the iron railing surrounding the basement stairway. He was picked up unconscious and taken into Finney's Drug store, where he was given attention. Wise sustained a deep gash over the left eye, and his head was badly bruised by the fall. OUT-OF-TOWN VISITORS The following out-of-town visitors were in the city over Sunday and yesterday: Mr. and Mrs. C. R. Parker, Gilbert W. Hargart and F. A. Ross of Fargo, H. C. Penn of Winston Salem, Miss Margaret J. Brown of Leonard, R. DePey of Jamestown, J. W. Jackson of Williston, W. M. Toole and H. A. Mason of Fargo, A. A. Pfaff of Jamestown, H. Myrner of Fargo, G. H. Sul of Marquette, C. G. Tinsch of Wahpeton, Iree Day and Walter Rath of Burnstead, William G. Haffren of Hazen, W. G. Postfield and Emmett Carson of Fargo, C. D. King of Menoken, C. E. Nowell and Jack Willis of Fargo, Bud Eaton, W. H. Hinton and Mollie Mohr all of Linton, George M. Graham of Fargo, and Mr. and Mrs. R. R. Loukek of Raleigh. UNDERWOOD WELCOMES NEW-COMB. Rev. G. B. Newcomb spent Sunday in Underwood, where he addressed the people of the German Baptist church in the afternoon, and spoke in

the evening to a packed house in the Methodist church. There were so many out in the evening that it was necessary to go out and borrow chairs to give seats to everybody who wanted to hear about the work of the Society for the Friendless. Mr. Newcomb has been in Underwood several times and there is a growing interest in his work on the part of the citizens there. The crowd which turned out to hear him Sunday was the biggest which has yet greeted him in Underwood. This is the last trip which Mr. Newcomb makes in the state prior to going to the coast to attend the meeting of the American Prison association at Oakland, being one of the delegates appointed by Governor Hanna.

GIL HAGGERT HERE. Gilbert Haggert of Fargo arrived in Bismarck Sunday evening. He leaves today for Fargo.

POST CARD FRAMES. See our assortment, only 15c each. Adv. CAPITAL ART CO.

CHANGE IN TIME. Manager Bauer of the Orpheum theater wishes to announce that commencing tonight the first performance will start at 7:15 and the second at 8:45 until further notice.

BUSINESS COLLEGE AUTOMOBILE CONTEST

Person Bringing in Greatest Number of Students Will Win 1916 Car

Would you like to win an automobile? If so, communicate with the Bismarck Business College at once. The Bismarck Business College, Bismarck, N. D. is now under the management of Mr. G. M. Langum, expert accountant of twenty-five years' experience. The time has come that the Bismarck Business College should take its place among the best commercial colleges in the country.

The management is now endeavoring to secure sixty new students. Any person securing the greatest number of students will be entitled to this splendid prize. The courses of the college at the present time consists of a Commercial Department, a Shorthand Department and an English Department, and the school will have in the very near future a College Bank, Insurance Office, Real Estate Office, Wholesale Office, Commission Office, Jobbing and Importing Office, Manufacturing and Retail Offices—all to be equipped in the most up-to-date manner. All ladies and gentlemen wishing to enter this contest should send in the names of their friends that might possibly be willing to take up a course. The college will promptly mail circular and follow-up letters to all of your prospects and do everything in its power to close up as many as possible of your prospects. Here is a chance for everyone to win an automobile, either a touring car or a five passenger car, one of the best cars on the market, a 1916 Model, fully equipped, Self-Starters and Electric Lights. Your names should be sent in at once to M. Binheim, publicity manager of the Bismarck Business College, Bismarck, N. D.

GOOD YIELD IN WARD COUNTY. Minot, Sept. 27.—Roy McKnight, who owns six quarter sections of land about a mile north of Grano, has just finished threshing. The poorest piece went 25 bushels to the acre, and the best went 35 bushels. The average was close to thirty bushels for the entire six farms. Mr. McKnight has about 300 acres plowed for next year, and with favorable weather will have practically all of the land plowed back this fall ready for spring work. Several farmers in the vicinity of Grano have raised nearly enough crop this year to pay for the fall purchase of the land.

TRIES TO ESCAPE FROM COUNTY JAIL. Fessenden, N. D., Sept. 27.—Harry Shebeck, serving one year in the county jail for interfering with an officer and who was accidentally shot in the jaw at the time, attempted to get away from the jail. Deputy Sheriff Geo. E. Kunkel was serving the prisoner's supper and reposing too much confidence in Shebeck, left the door open for a minute while he took some dishes back to the kitchen. Shebeck broke for liberty and although the deputy came back immediately, Shebeck had gotten out of sight through Jacob Weiss' yard. George returned to get his revolver and this gave the prisoner a slight lead, but the deputy did some sprinting and caught sight of the fleeing man near the Turnbull residence and one shot over his head brought both arms up in surrender instantly. Evidently Shebeck doesn't like the sound of a "44" bullet whistling near his head. He is now back in jail and it is likely he will not be given another even so small a chance to get away.

"MY BEST GIRL" featuring Max Figman at the Orpheum matinee and tonight only. It's a five act Metro comedy-drama, enough said

CHANGE DATES FOR BIG MANDAN FAIR

Unfavorable Weather Delays Opening Until Wednesday—Special Trains

Arrangements were made by the directors of the Missouri Slope Agricultural Fair, yesterday to change the opening date. The original plan was to open the fair today, but this event has been put off until tomorrow. Entries will be received up to noon today.

The unfavorable weather of the past few days caused the directors to take this action. However, fair weather is promised for the remainder of the week.

The Cash-Hues Carnival company arrived in Mandan yesterday and will show during the fair. They have several good shows, and will doubtless be a big attraction. A bowery dancing platform has been erected on the Main street and an excellent orchestra has been secured to furnish music every night.

Added attractions will be the Mandan band and the Fort Yates Indian band, which made a decided hit at the fair last year. A number of fast horses have arrived from Minnesota, and from various parts of this state to take part in the races.

Special train service has been provided from Bismarck. The specials will leave here at 10 a. m. Bismarck time, and will leave Mandan for the return trip at 10:30 p. m., Mandan time.

KILLED BY TRAIN.

New Rockford, Sept. 27.—Peter Calvin, age 56 years, a farmer, was instantly killed at New Rockford, by Great Northern train No. 2 Saturday morning. He was crossing the track in front of the train in a long bodied light wagon, and when he realized the danger the wagon and its occupants were in, leaped from the rear of the wagon, and so nearly in front of the engine that he was struck and instantly killed. The body was thrown to one side and except for the bruises caused by the engine when he was struck and those received when he hit the ground afterward, the body was not mangled.

FARGO COLLEGE STOCK BOOSTED

Eight of Last Year's Men Report for Work—Some Good Looking Men

Fargo, Sept. 27.—Football stock at Fargo college took a rise last evening when eight regulars of last year's team reported and donned the mole-skins. Captain Milton Sim, who officiated in such a creditable manner at tackle last season, was among the regulars to come out for the first time, coming out being greeted with all enthusiasm by the boosters of the team. The old warriors now at practice are Sim, Carpenter, Escam, Gosslee, Holmes, Boise, Overby and Cooby. With these old-timers as a basis for a team, Coach Doseff has a small but likely bunch of recruits from whom much is expected. All are entering in to the practice with a will and some very good material is being unearthed each day. Among these new recruits is George Stine of Tower City, a member of the Tower City championship basketball team of last winter, who has also had some experience in football. Stine is a big, rangy fellow and is among some of the good time material. Most of the practice this week has been of a preliminary nature and in preparation for the real work which will start Monday. The idea of the work is to limber up the team aspirants and harden them sufficiently for the real work. Coach Doseff is not making any predictions for this season, but says that the other schools will know that Fargo college is in the game and that they will all have to travel a pull down the long end of the score.

SENTINEL BUTTE HAS FARMERS' MILL

The Sentinel Butte Co-Operative Milling company has opened the new 50-barrel flour mill in Sentinel Butte. The mill is undoubtedly the best enterprise not only in Sentinel Butte but in Golden Valley county. The mill represents an investment of \$15,000 and the new building houses the best milling equipment obtainable. The first flour will be milled from old wheat ensuring the highest grade of flour. The mill can turn out the best flour, breakfast foods, graham, cornmeal, etc. The 100-bushel per hour burr grinder for grinding feeds is the best to be bought. A direct current dynamo is hitched to the engine giving electric lights at any time wishing night or day. A splendid 25 h. p. Fairbanks gasoline engine supplies power for the mill. The new flour mill represents the industry and enterprise of the farmers of Golden Valley county; the village made no contribution, and but few shares were sold in Sentinel Butte. Shares were limited to ten shares. In milling flour and other mill products at home a vast expense is curtailed. Shipping wheat to a distant mill, with many to handle the shipments and then importing our breadstuffs, with another retailing system and doubling freight charges for the

four back seems a great loss to both producer and consumer. The Farmers' Elevator has had a splendid success and the mill will prove even more successful.

The Northwestern Milling Construction company will install a miller temporarily with Mr. Frank Henderson, a local man in charge. As soon as everything is in running order and the products moving, a night run will also be made.

The present officers of the Milling Company are: Joseph A. Kitchen, president; Jacob S. Stecker, vice-president; John G. Odland, secretary and treasurer. The other directors being Messrs. J. A. Norem and Thomas Oldis.

We wish the mill the very best of success, as success there is success for the country here.

LARGE YIELDS AT STATION

Thrashing Results Upon Experimental Plots at Dickinson

At the Dickinson experiment station this week interest centered in the thrashing of the wheat from the various experimental plots. John C. Thysell was in charge of this work in Supt. Waldron's absence.

The first thrashing was from 25-110 acre plots, where rotation experiments have been tried out. Durum was the wheat selected for these tests. The wheat was sown following summer fallow, green manure fallow, corn, oats and wheat, these five representing the rotations usually practiced by farmers. In the green manure experiment—the plowing under of green crops—tests were made with rye, peas and sweet clover.

The thrashing records showed 45 bushels to the acre as the best yield. This was from a plot on a green manure fallow, formed by plowing peas under.

The poorest yield was 25 bushels to the acre on ground where wheat had been grown for eight successive years. The wheat on corn land did not make so good a showing this year as in former years.

The average for all these plots was 35 bushels per acre. The straw was very heavy and somewhat deceiving, promising a heavier yield than the thrashing revealed. While there was a little rust, perhaps two or three per cent, it did not materially injure the durum wheat which was plump and hard and grades No. 1 Hard.

R. W. Smith in testing wheat varieties has this year used a test that the government has put in practice only the last year or two. This test takes into consideration possible varieties in soil. The method is to sow side by side ten varieties in one-acre plots. In several other places on the farm, the same varieties in the same order are sown. In this way differences in soil are equalized in the test on a variety of wheat and the result is a much fairer one than if only one soil condition was considered.

The station has sometimes been criticised for reporting big yields from a single plot, the farmers claiming that this did not represent large field conditions. The new test, by averaging plots in different parts of the farm, covers this point.

RAIN WELCOMED; BUT DELAYS SOME

Devils Lake, N. D., Sept. 27.—Although the farmers who have finished their thrashing are delighted with the rain which fell all yesterday, the fact that there are still thousands of acres to be threshed, caused considerable apprehension.

West of Devils Lake the work is behind this section. In some sections the thrashing has just been nicely started. The rains during the past ten days have had the tendency to make the laborers uneasy and many have already left.

In this section three days of good weather will see the thrashing finished and plows in the field. It is the

SKIN TROUBLE ALL OVER BODY

Itched Terribly. Could Not Sleep at Night. Clothing Aggravated Trouble. Cuticura Soap and Cuticura Ointment Healed.

1363 Fulton St., Chicago, Ill.—"I noticed peculiar spots breaking out all over my body which itched terribly. They were red and later white and scaly. The eruption burned and itched so that I could not sleep at all at night. My clothing aggravated the trouble and made me itch more.

"I took a treatment but got no relief. I read the Cuticura advertisement in the paper and went for a free sample of Cuticura Soap and Ointment. I used them as per directions and had my first night's rest in two months. Then I bought one box of Cuticura Ointment and had only used half of it with the Cuticura Soap when I was healed. I have no disfiguring scars left."

(Signed) Frederick Saal, August 8, 1914. Keep your skin clear, scaly clean and free from dandruff and hair lye and glossy. Cuticura Soap, with an occasional use of Cuticura Ointment will do it.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

They please both the pride of the youngster and the purse of the parents. There is pleasure for you in looking at them and profit for you if you buy. We stand back of them. The Boston R. L. BEST PROP.

farmers who are ready to plow that the delight in the fall of moisture, for the ground is now so dry that moisture is imperative.

POISONED OATS KILL 3 HORSES

Velva, N. D., Sept. 27.—F. C. Willis, who lives near Voltaire, lost three of his fine horses by feeding them poisoned oats and four other horses are sick as a result.

During the summer Mr. Willis mixed strychnine with oats to poison gophers on his farm. He did not use all of the oats at the time and put what remained in a sack, labeled it, and hung it up in the granary out of reach for future use. Mr. Willis' mother, an aged lady 76 years old, wanted to make use of a sack and seeing the one in the granary hanging from the wall apparently not in use, she took it down. Seeing that the sack contained oats and not knowing they were poisoned she poured the contents into the oat bin. Mr. Willis fed his horses as usual and in a few minutes they began to act strangely. He became alarmed and called a veterinarian arrived three had died. Antidotes were administered and four of the horses were saved.

It is a heavy loss to Mr. Willis as all of the horses were fine animals.

FOURTH DEGREE TO BE EXEMPLIFIED

Grand Forks, Sept. 27.—Rev. James O'Reilly, bishop of the Fargo diocese, will deliver the sermon at solemn high mass at 10 o'clock Sunday, October 18th, at the St. Michael's pro-cathedral. Bishop O'Reilly has accepted the invitation extended to him by Hon. Henry C. Souchery, Master of the Fourth Degree, and the local council, to be the guest of the Knights

WILL RECOVER

Towner, N. D., Sept. 27.—Jack Taylor, former St. Louis and Chicago Nationals pitcher, wounded severely in a fight at Kief, N. D., when he sought to defend a man against two knife wielding Russians, will recover.

Physicians attending Taylor in Balfour said today that danger was practically a felony. Taylor had one lung punctured, and was also injured otherwise. State's Attorney Thorpe of McHenry county is preparing informa-

Cut the Cost of Living! A plate of hot biscuits or muffins, a fresh, home-baked cake, a loaf of brown or nut-bread, rescues any meal from the commonplace, and more expensive things are never missed. With K C, the double acting baking powder, good results are doubly certain. There's economy too, in the cost of K C.

thumb prints vary—so do bodies—wear "tailored-to-measure" clothes. IN millions of thumb prints no two alike, in all the world no faces alike—and bodies are as varied as thumb prints. Expecting a ready for service suit to really fit you is much like expecting your grandfather's spectacles to improve your sight. Worth while clothes that truly fit must be tailored to measure—to your measure—carefully, accurately, individually. That's true! Drop in and look over the fabrics we offer in Continental Custom Tailored Clothes. FRANK KRALL. Below Breslow's Drug Store BISMARCK, N. D.

Building Master Men Potash, sodium, lime and iron are some of the vital mineral salts necessary to proper nourishment of muscle, brain and nerves, but are not found in proper abundance in white bread and many other foods. Grape-Nuts made from whole wheat and malted barley—richly supplies these needed mineral elements and is a delicious dish served with cream or rich milk. Grape-Nuts food is splendid for brain workers, and ideal for school children. Being partially pre-digested, it is quickly absorbed by the system—going directly to the up-building of sinew, brain and nerves without overloading the stomach. "There's a Reason" Sold by Grocers.
