

MANDAN SCHOOL CHILDREN TO BE IN MOVIES

"Hogs and Hominy" Official Photographer Visits Slope City

REFORMATORY SCENES ARE ALSO FILMED

Boys Play Baseball and Husk Corn While Camera Clicks

All of Mandan's school children will be in the "Bumper Harvest" movies at the Hogs and Hominy exposition, Bismarck, Oct. 4-16.

The official photographer, Fred Holmboe, caught them yesterday afternoon while they were leaving for home. He also got several excellent views of the city's paved streets.

Takes Boys at Work

Mr. Sylvester and Mr. Farin of Mandan took Mr. Holmboe out to the state reformatory where he filmed all of the most interesting points of interest. One view shows the boys cutting corn, with the herd of Holstein cattle in the background, another the boys playing baseball and one is a panoramic view of all of the buildings, including the hog barn now being built by the boys.

A large field of alfalfa will appear in many of the pictures, but as it was not over four inches high it will not show very distinctly. However, this field has a history. It has been cut three times this year and the average yield an acre each cutting was 2 1/2 tons, a total of 7 tons.

Prizes for Grain Increased

The rain has delayed somewhat the sending of exhibits. It is expected, however, that they will come in force today and tomorrow. All will be in place by Monday morning when the doors open.

The prizes for grain have been greatly increased. No entry fee is charged. The exposition gives gratis all space for agricultural and industrial displays.

Big Automobile Show

Ready for the outstanding display of automobiles, the new show room is one of the most pleasing sights at the exposition. The walls and posts have been covered with red, white and blue bunting, pennants have been strung under the ceiling and sheafs of golden grain have been worked artistically into the decorative scheme.

The bumper cars have aroused untold enthusiasm. The automobile men are putting forth their best efforts and promise a show that will be the equal of any in the Northwest.

Building Decorated

With the added attraction of the stock car racing meet, it insures the coming to Bismarck during the exposition of the most enthusiastic owners.

Visitors to the exposition continuously comment upon the attractiveness of the building since it has been cleaned and redecorated. The walls and floors have all been thoroughly scrubbed and repaired and the wood-work painted a fresh pure white.

War Credit Bonds Are For Sale

New York, Sept. 30.—Although the designated price of the Anglo-French five-year credit bonds has been fixed at 98 to the public, it developed today that virtually anyone who wished to purchase them in amounts of \$1,000 and upwards would be able to do so at 96 1/2, the net price to the syndicate.

At the same time, a method to maintain the price by artificial means at 98 during the life of the underwriters syndicate of 60 days has been adopted. This was done in anticipation of possible large offerings of the bonds on the market at prices below the figures designated by the underwriters.

It was reported that the Anglo-French commission had insisted that this price be maintained until the entire issue should have been underwritten. Bond houses, national banks and financial institutions throughout the city, which have entered the syndicate offered the bonds today to their clients at 96 1/2 by agreeing to include them at the underwriters price.

STEELE COUNTY FAIR FRIDAY AND SATURDAY

Finley, N. D., Sept. 30.—Steele county's annual fair will be held at Finley on Oct. 1 and 2. The best products from the home, the garden and the farm will be on exhibition. The county schools have been organized to take part. This is something new and will in the years to come have a far reaching influence.

BIG STOCKHOLDERS DESIRING DIVIDENDS DISLIKE YOUNG JOHN D.'S UPLIFT PLANS

John D. Rockefeller, Jr., in suit of one of his Colorado employes. The younger Rockefeller has hit in Denver the first snag in his "welfare" movement in Colorado. It is the stockholders—other than the Rockefellers—in the Rockefeller properties and the independent Colorado operators. They have pointed out that they want dividends first.

Kansas City Wins In Race for 1916 Meeting Of National Grand Army

MAD RUSH TO GREET PRESIDENT WILSON IN WHITE HOUSE ENDS UP IN NEAR MOB IN WHICH SEVERAL WOMEN FAINT. BADGE GRAFT RESPONSIBLE

Washington, Sept. 30.—Kansas City was selected today as the place for the 1916 Encampment of the Grand Army of the Republic. The Grand Army now meeting here made the choice almost by unanimous vote. The election of officers for the coming year will take place tomorrow.

While the business session was in progress, thousands of veterans and their families flocked to the White House. There through a misunderstanding of what had been planned as a brief reception for a few members of organizations affiliated with the G. A. R., developed into a rush, during which nearly 5,000 old soldiers and their wives shook hands with President Wilson. For two hours they filed through the historic East Room, each receiving a sword and hand-clasp from the President.

Arrangements had been made for the President to greet members of The Loyal Legion, the Association of

PRESIDENT WILSON REQUESTS REPRIEVE Offers Relief to Mine Workers

Denver, Sept. 30.—An industrial plan which John D. Rockefeller, Jr., characterized as "broader and more democratic than unionism" will be submitted to officers and employees of the Colorado Fuel & Iron company at Pueblo on Saturday. Announcement of the meeting was made by Mr. Rockefeller today but he declined to make public in advance any details of the plan.

PART OF LARGE FARM IS SOLD

Sheyenne, N. D., Sept. 30.—William Milne sold 927 acres of his farm for \$25,000 to Amel Hage of New Ulm, Minn., who will take possession December 1. Mr. Milne retained 280 acres for himself. For the past 32 years Mr. Milne and his wife have been residents of Eddy county. This farm is one of the finest farms in Eddy county and is especially adapted for a stock farm. Mr. and Mrs. Milne will take an extended trip through the west a little later where they will visit friends and relatives.

SIGNAL CORPS TO ASSIST IN BORDER WARFARE

United States Officials Determined to Stop Frequent Raids of Mexicans

BANDITS ARRESTED BY CARRANZA GENERAL

President Wilson Recalls Silliman to Assist at Conference

San Antonio, Sept. 30.—With the arrival at Mission today of Company B, signal corps from Texas City, the American border patrol forces in the lower Rio Grande valley are now equipped to pursue bandit raiders with wireless. It was announced at Fort Sam Houston tonight.

Company B has more sets of portable wireless outfits and there are already three pack trains in the Brownsville district. This will make it possible for Colonel A. P. Blockson, commanding the district, to station one detachment of the signal corps with a wireless outfit at Mission, the operating center of recent trouble, and have three detachments each with wireless and pack train details, ready for immediate field service.

Will Assist Defense

The new system of communication will be invaluable in the sparsely settled border country, where the limited telephone and telegraph facilities have usually been disabled by the raiders previous to attacking any sections. The result has been that while there is an abundance of troops in the field they have been unable to surround any single band of raiders.

The wireless apparatus has a range of from thirty to forty miles.

ARREST RAIDERS

Brownsville, Sept. 30.—Announcement that five Mexican-American bandits, one of them wounded and all of them in custody, were reported to have been arrested on the Mexican side of the river, was made tonight by Brigadier General E. P. Nafarrate, Carranza commander at Matamoros. At the same time he said he was investigating the reported gathering of 500 Mexicans near Progresso Crossing with the apparent intentions of invading the American territory.

On the American side of the river tonight, United States troops continue to maintain large patrols. A mountain battery to be used against raiders was reported to have arrived at Harlingen tonight from El Paso.

Five Arrests Reported

General Nafarrate said the five arrests were reported to have been made Sunday at Camargo, about 75 miles above Brownsville. The prisoners are still held there, Nafarrate said, pending the arrival of instructions from General Obregon, Carranza's leading military commander.

Summoned to Washington

Vera Cruz, Sept. 30.—John R. Silliman, President Wilson's personal representative in Mexico, has been summoned to the United States. It is assumed that he is to participate in the conference of the Pan American diplomats with regard to the situation in Mexico.

Mr. Silliman received his orders to return this afternoon and immediately called on General Carranza and bade adieu.

FORTY KILLED; MILLIONS LOST IN BIG STORM

New Orleans Suffers Heavy Loss to Property From Wind and Rain

MANY BUILDINGS NOW MASS OF RUINS

Many Persons Injured When Structures Collapsed by Impact of Water

Mobile, Sept. 30.—The West Indian hurricane that spent its force last night against New Orleans took a toll of at least two score lives and did extensive property damage at smaller cities and resorts along the Central Gulf coast, according to dispatches coming in slowly tonight over crippled lines of communication.

Many Deaths Reported

Most of the loss of life reported was in Freier and Manahac, La. The railroad agent at the former town telegraphed that eight white persons and seventeen negroes had been drowned and many injured when the wind drove the waters of Lake Pontchartrain into the streets. At Manahac, ten miles farther north, a railroad section foreman and sixteen negro laborers were reported drowned. Two children lost their lives in Passachoula, Miss., when a house was demolished, and two men were electrocuted here by wires torn down by the storm. Several other deaths were reported in isolated sections.

Low districts of a number of other cities and villages and along the coast are flooded. At Gulf Port, Miss., four steamers including the British steamer Birchwood of 1800 tons, were washed over the wharf and are now fast aground.

Property Loss \$2,000,000

New Orleans, Sept. 30.—Unofficial estimates today placed the property damage in New Orleans from yesterday's storm at nearly two million and the loss of life at seven. It was estimated that at least one hundred and fifty persons were more or less injured by the collapse of buildings, falling signs or flying glass. Scarcely a large plate glass remains intact in the downtown section, and many stocks of goods were damaged by wind and rain. Telephone, telegraph and light poles and wires and debris from damaged buildings littered the streets today, and hundreds of structures were unroofed or demolished in various parts of the city.

Memphis, Sept. 30.—Seven or eight white persons and seventeen negroes were drowned and a score or more injured at Menier, La., in yesterday's storm, according to reports to the office of the general superintendent of the Yazoo and Mississippi Valley railroad here today.

The news came from Superintendent T. E. Hill, at McComb City, Miss., who also stated that fifty or sixty persons, some of them injured, were marooned on a box car and immediate help was needed. Miles of roadway had been washed away by the wind driven waves from Lake Pontchartrain, the message stated.

No Loss of Life

Moigan City, La., Storm damage here in yesterday's hurricane was estimated at \$100,000 as details of the extent of the devastation by wind and water became known. There was no loss of life.

BATTLE FOR SECOND LINE OF GERMAN DEFENSE CONTINUES WITH UNABATED STUBBORNNESS

At Several Points French Gain Footing In Teutons' Lines But Find Reserves Standing Solidly.

VON HINDENBURG SLOWLY DRIVING ALL TOWARDS DVINSK

London, Sept. 30.—While the Anglo-French troops in Artois are now simply engaged in consolidating the ground won and opposing the German counter attacks, the battle for the German second line of defense in Champagne, the collapse of which would actually menace the greater part of the German positions in the west, is proceeding with the greatest stubbornness.

Gained Footing

At several points, the French troops have gained a footing in the second line, and some of them even went right through, but encountering German reserves were unable to maintain their progress. According to the German account, these latter troops were captured or exterminated.

The Germans, however, admit the loss of Hill No. 191 to the north of Massiges, where the French are not far from the railway triangle, the possession of which has been of the greatest advantage to the Germans, as one of the lines has been used for supplying the Argonne army.

Release Pressure on Russia

It is believed here that besides the gain of ground both in Artois and Champagne and the improved position of the Allies generally, the recent successful operations must soon release the pressure on Russia and perhaps prevent the Austro-Germans from sending any large force against Serbia.

Already large reinforcements for the German army are arriving on the western front, and their presence has already had the effect of slackening the Allies' offensive. But there is a possibility of the offensive breaking out on some other sections of this front.

Attack Repulsed

In fact, the correspondent of the Koelnische-Zeitung at German headquarters, announces that an attack was made east of Auberville, which he says was repulsed.

Field Marshal von Hindenberg, while he claims to have made some progress in his operations against Dvinsk, is still a long way from that city. His troops to the southeast of Vilna, however, have had better success. They have broken through the Russians' positions and captured a thousand prisoners. It is believed that this is the first stroke in his latest blow against the Russian right and that he intends to advance southward in the direction of Minsk and endeavor to cut off the Russians retreating from Baranovich.

South of the Prippa marshes, in which Field Marshal von Mackensen and his troops are striking, the Russians have been driven back across the Styre river, but along the Galician border they are still heavily hammering at the Austro-German army.

In London it is felt that Bulgaria has now abandoned any aggressive action she might have intended against Serbia, but an Athens dispatch says the situation is still considered serious and that Greece is going on with her preparation for eventualities.

The Germans claim further successes in the driving back of the Russians into the marshy country to the south of Dvinsk, in the further retreat of the Russian army, in the capture of men and guns and in light maneuvers in the Bohemian fortress region.

Turks in Retreat

The Turks in Mesopotamia are still in full retreat with the British in full pursuit along the Tigris river near Bagdad according to the British secretary for India.

Nureddin Pasha's forces of 8,000 regulars and a considerable number of tribesmen, have been made prisoners, "but more are coming in," the secretary says.

Loan of \$30,000,000

Martial law has been proclaimed by Greece in Saloniki, Lorna, Seres and Kavala, districts, and in Athens and Piraeus. The Chamber of Deputies at Athens has ratified the call for a general mobilization and authorized a loan of \$30,000,000.

Greece States Views

The Greek Premier in an address before the Chamber described mobilization as necessary owing to Bulgaria's military actions. The Premier declared the Greeks stood ready to oppose the efforts of any nation to obtain a predominating position in the Balkans.

The Labor representatives of England have decided to begin a special campaign of recruiting among the working men and expressed the belief that sufficient men to carry out the war successfully can be obtained by volunteer enlistment.

Colonel Shannon, of the Western Canadian regiment is among those who have been wounded among the

BISMARCK BOOSTERS

C. B. LITTLE.

Col. C. B. Little, President of the First National Bank of Bismarck, is one of the City's most loyal boosters. He came to Bismarck in 1882, and with the exception of the past two terms represented the county continually in the state Senate. He is a public spirited citizen, and is always identified with every move for the betterment of Bismarck or the state of North Dakota.

Dumba Ready To Depart

New York, Sept. 30.—Constantin T. Dumba, the recalled Austro-Hungarian Ambassador to the United States, arrived here from his summer home at Lenox, Mass. He was accompanied by Mrs. Dumba, a friend and two servants.

Dr. Dumba and his party went immediately to a hotel. His baggage bore the tag of the Holland-American line and Dr. Dumba admitted he would sail on the steamer Nieuw Amsterdam of that line next Tuesday.

LEAVES \$2,000,000 FOR CHARITY

Minneapolis, Sept. 30.—The will of Mrs. Kate L. Dunwoody, who died recently, was filed today. The bulk of the \$2,000,000 estate is left to create a permanent endowment fund for the support of the Dunwoody Industrial Home founded by her husband before his death two years ago.

The purpose of the institute is to assist the youths of Minneapolis along industrial lines. Among other requests are \$100,000 to the ministers and missionaries, Board of the Northern Baptist Convention; \$50,000 to the American Baptist Home Mission society, and \$50,000 to the American Baptists Foreign Mission society. Relatives were provided for by Mrs. Dunwoody during the last few days.
