

# CLEAN-UP CRUSADE STARTS IN MINOT

### Kenmare Officials Also on Rampage—Large Supplies of Wet Goods.

Minot, Nov. 15.—The sheriff came down like a wolf on the fold and there was consternation last night and today in the camps of the vendors of whiskey and beer. Armed with warrants the sheriff gathered in a large number of those who are charged with vending intoxicating liquors in the city. The state's attorney's office has been working on the cases for several days and the evidence has been carefully sifted and investigated. When the raid started last night

there was nothing to do but pick up those named in the warrants.

Quite a number of John Does and Richard Roes are included in the pickin' which is due to the fact that a number of those gathered into the fold are new people in the business in this city and their names are not known. Many of the culprits worked in pairs and groups and combinations. These combinations are indicated below. The several people rounded up last night and today under the clean-up orders follow:

Sam Lomis and John Doe.  
Fred Hines and John Roe.  
Scott Clark and Anna Mayers Clark.  
John Wallace and Eva Wallace.  
Florence Hiens.  
Mary Willis.  
Bessie McCall and Dorothy Doe.  
Florence Chester.  
Inga Hagery and Beulah Blair.  
Ben Doe and Blackie Doe, who have been operating, according to the officers, at the Northwest hotel.  
Carrie Roe and Janet Roe, two women who have been keeping a place in the west end.  
Richard Roe and Fred Talley, who are charged with operating under the Decatur hotel.  
William Anderson and wife.  
W. A. Palmer and Fred Talley, the latter on a charge different from that in which he is charged in another information.

John Doe, who is charged with selling liquor in the New York pool room.  
Ole Fay Rhode and Madge Roe.  
Some of the women charged with violations of the prohibition law have been selling from places under injunctions and they may later be charged with violation of the injunctive order of the court.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

## RUTH ERICKSON COMMITTED TO INSANE ASYLUM

Grand Forks, N. D., Nov. 15.—Ruth Erickson, daughter of Mr. and Mrs. A. Erickson, who live north of the city, has been committed to the asylum for the insane at Jamestown. She will be taken to Jamestown just as soon as the transportation officer can reach the city.

The insanity commission, after a preliminary conference yesterday afternoon, held a hearing this morning and decided upon commitment. Miss Erickson, who became known as "the mystery girl of Falconer township," has been more or less in the public eye for many months. The cutting down of Tri-State telephone poles near her father's place first brought her to the attention of the authorities.

She has written innumerable letters to two sheriffs and other county officials, confessing to pole cutting and other depredations. But, when questioned, she always denied writing the letters or denied any acts charged to her.

A short time ago she was arrested on a larceny charge, but the case was dismissed on condition that she be taken to Rockford, Ill., to visit an aunt, to see if a change of locality would not help.

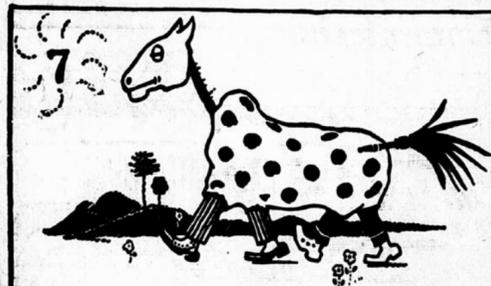

It was not long, however, before she was back. She was taken to a local hospital and Wednesday night escaped. Thursday she was placed in the county jail again.

GEORGE J. HAGAR, Editor-in-Chief

EACH of these distinguished educators teaches, in their contributions to the New Universities Dictionary, how fashions in words changed and outgrew the old dictionaries. They tell how to build and punctuate sentences—how to acquire refinement, culture and force in speech and writing.

The New Universities Dictionary is more than a vocabulary—it is twenty-five dictionaries and a complete encyclopedia all in one—an exhaustive inventory of today's English.

All other dictionaries are out-of-date. This one, offered exclusively to readers of this paper, for a limited time only, is right up to the minute. You need it—your family needs it—your children need it every day. It should be your pleasure to get it at once.

## WILD RIDE IN WILD BUGGY

Velva, N. D., Nov. 15.—Clinging to the back end of a buggy at the top of a hill, his weight and exertion starting the buggy down the hill, John Platt, aged 11, was nearly killed when the vehicle crashed into a tree. The boy was hit on the head by a bolt, the blow fracturing the skull and almost tearing his scalp off. The physicians removed a good sized piece of bone from the skull, and it is expected the victim will recover.

## PULLING OUT TOOTH MAY BE FATAL TO LAD

Grand Forks, Nov. 15.—As the result of pulling out one of his teeth, Arthur Burgess, aged 12, son of Mr. and Mrs. C. M. Burgess, 1115 Belmont avenue, will probably lose his life. The lad, who was taken to a local hospital yesterday, has been bleeding from the tooth cavity for a week and is reported in a very weakened condition. Has Rare Malady. He is suffering from hemophilia, better known as "bleeder's disease," a very rare and fatal malady. The condition of the blood becomes affected and when an abrasion or cut is inflicted the blood fails to form any clots. The case is attracting considerable interest among physicians. The physician in charge holds out but small hopes for the boy's recovery, although he believes that blood transfusion may possibly save him. C. M. Burgess, father of the un-

fortunate boy, submitted to an operation yesterday, blood being transfused from him to his son. Several other persons have offered to give their blood to the lad, and,

in the event that the doctors deem it advisable, they also will submit to the surgical operation in an effort to save young Burgess' life. "The transfusion process is the only

hope we have of saving the lad," said one of his doctors last night. The victim was reported slightly improved after receiving some of his father's blood.

## BISMARCK BUSINESS COLLEGE

IF NOT SATISFIED

with your present earning power and your future prospects, let me help you get ready for something better. You are living in a land of great opportunities—it is only a question of qualification. I can prepare you for a place "higher up." Get close to the big banker, merchant, and promoter, and your future is assured. No one gets closer to the big man in business than the competent bookkeeper and stenographer. NOW is YOUR time—THIS is YOUR opportunity. What will you do with it? Better send me a postal NOW.
