BONDS SELL SLOWLY.

Distribution of the 5 1/2 per cent foreign loan bonds is proceeding very slowly. Investors are reluctant to take the Allies' paper. Syndicate managers, however, are optimistic that the entire block of bonds will be placed with investors.

The sale is satisfactory in the eastern zone. In such cities as Pittsburg, Cincinnati, St. Louis and Milwaukee there has been little or no demand for the paper.

The season for eggless recipes has arrived.

HIS REASONS.

President Wilson's spectacular intervention in the Hillstrom affair causes many to wonder what his motives were. The reasons for attempting to delay the execution are unknown and the case is probably without precedent.

The interference of the chief executive has made Governor Spry's plain duty even harder. He has been the recipient of many threatening letters, demanding the release of the condemned man. In his denial of President Wilson's request, Governor Spry made this significant point:

"Your interference in the case may have elevated it to an undue importance, and the receipt of thousands of threatening letters, demanding the release of Hillstrom, regardless of his guilt or innocence, may attach a peculiar importance to it, but the case is important in Utah only as establishing, after a fair and impartial trial, the guilt of one of the perpetrators of one of the most atrocious murders ever committed in this state."

The nation will agree with Governor Spry in refusing to delay again the Hillstrom execution chiefly because President Wilson failed to advance any reasons and employed only the pressure of his high office.

To enjoin or not to enjoin seems to be the issue in North Dakota now.

Fashion has decreed that as the skirts grow shorter the shoes grow longer. There is no positive without a negative.

BLUE SKY LAW UNCONSTITUTIONAL.

Sioux Falls, S. D., Nov. 20.—South Dakota's blue sky law is held to be unconstitutional in the opinion filed in federal court here by Judges Sanborn, Munger and Elliott, who heard the case. William Morley, Sioux City, la., attorney, was recently arrested on the charge of illegal sale of stocks. He started suit to test the law.

The state authorities may appeal to the United States supreme court.

PLEAD GUILTY.

Earl Stott of Montpellier, charged with maintaining gambling apparatus, pleaded guilty to the charge and threw himself upon the mercy of Judge Hemmi who took the case under advisement.

EQUITY MAY FORM LIVE STOCK 'CHANGE'

Committee to Investigate Plan to Organize Selling Agency at South St. Paul.

CLOSING SESSION WAS QUITE STORMY

M. Johnson Protests Against Men of Body Chosen to Probe Packing Plant.

St. Paul, Nov. 20.—Minnesota Union, American Society of Equity, this morning voted to start a movement for an independent farmers' live stock exchange and selling agency at South St. Paul. The convention adopted a motion of Magnus Johnson for the appointment of a committee of three to investigate the project. A. Anderson of Sibley, and Herman De Boer of Pine, were named.

Johnson Makes Protest. Magnus Johnson protested against the membership of the committee appointed to investigate the Farmers' Terminal Packing company of St. Paul, and the promotion department, despite the fact that one of the members, O. Penny of Le Sueur county, had been selected on Johnson's recommendation.

Mr. Johnson objected to the appointment of Magnus Brown of Lakota county, who has opposed him on several occasions in the Equity Co-operative Grain Exchange.

Wilkinson Defends Action. Colonel Wilkinson replied to the criticism that Brown is at the head of the wool department in the national society, and that, being a national officer, it cannot be true that he is in opposition to the national organization.

Teigen Address Halted. A. F. Teigen of Chippewa county began an address on the troubles of the grain growers with the elevator men and the state grain department, but the members objected because they were in a hurry to finish their business and adjourn. Colonel Wilkinson ruled that the session was convened to hear reports from the locals, and that no other business could be taken up.

Francis Carey of the Mapleton local was applauded when he advised the farmers to club together and buy supplies in large quantities at wholesale prices and give the local merchant the first chance to bid on purchases.

He cited Mapleton as a good example of a town supported by the farmers. He said although there is a population of only about 1,050 persons the streets are paved and other modern improvements made through co-operation between farmers and business men.

State Organizer Speaks. The convention closed with an address by Thomas Raleigh, state organizer. The directors met at the Boardman hotel after the meeting to arrange for their attendance as delegates to the national convention at Wausau, Wis., December 14.

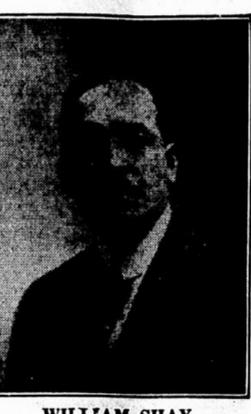

Factional feeling among members of the Minnesota Union, American Society of Equity, was apparent again at Thursday night's meeting when Magnus Brown of Dakota county and several others, including Miles Hokstad of Pine county, engaged in a free-for-all exchange of uncomplimentary language not exactly parliamentary.

Exchange Commented. The Equity Co-operative exchange was being commended by various speakers when Mr. Hokstad intimated that Mr. Brown, as purchasing agent for some of the farmers in his section, had bought goods manufac-

Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out.

Whether your trouble is Sciatica, Lumbago or the dreaded Articular rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This is so in the exact knowledge gained by the research laboratories of the S. S. S. Co. in Atlanta. There tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S., the remarkable blood

tonic, which they originated, will relieve you of Rheumatism. Take S. S. S. today. The complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your drug-rist's. If you need special advice, write to S. S. S. Co., Atlanta, Ga.

tured by concerns who had fought the grain exchange. Several delegates in union declared that they could prove that Brown had worked against the grain exchange.

Declares Charges False. Brown hotly declared the charges were false and said that he has always acted strictly in accordance with the requests of those who placed their orders with him since he became a representative of the Society of Equity. Objection, it developed, was made to his actions principally because he had purchased for farmers a brand of flour manufactured in Minneapolis by interests which have worked against the grain exchange.

Lauds National Association. Most of the night session was taken up with an address by H. G. Tank of Wausau, Wis., national secretary of the American Co-operative association. "He declared that he is not attempting to sell stock in the association, but undertook to show how farmers of the Minnesota Union, American Society of Equity, could be greatly benefited by holding a membership with his organization in the purchase of all kinds of supplies.

May Form Branch Here. He said that the association which he represents intends to establish a branch in the Twin Cities and that it probably will be in St. Paul. He went into details to show how cheap goods can be bought by farmers through his association.

To Probe Packing Plant. Colonel R. A. Wilkinson, president of the Minnesota union, appointed Francis Carey, Blue Earth county; Magnus Brown, Dakota county; and O. Penny of Le Sueur county as a committee to investigate the proposed erection of the packing plant at

notion of Thomas Raleigh, who now holds that position; that the state board be authorized to hire all the organizers.

Officers Retained. The officers re-elected are: President, Colonel R. A. Wilkinson, Lake Elmo; vice president, William Machemehl, Lester Prairie; secretary-treasurer, C. R. Whitaker, Hastings.

Three new directors were elected. They are August Ludwig of Wadena, to succeed E. T. Evans, and C. J. Arntson of Wegdahl, to succeed J. H. Knox of Granite Falls, for three years. W. S. Sunderman of Le Sueur was elected to succeed A. A. Schlegel of the same place, for one year. The only contest was for this place.

Commend Business Men. A resolution was passed commending the business men of St. Paul for the support they have given the Equity Co-operative exchange, and urging members to patronize the St. Paul Grain Exchange and St. Paul merchants.

Then Colonel Wilkinson poured more oil on the troubled waters by delivering a speech in which he commended Magnus Johnson especially for his work in behalf of farmers' measures in the legislature.

Conference Plan Endorsed. A. F. Teigen of Montevideo obtained the endorsement of the convention for a new proposition. He urged that the senators and representatives in each congressional district meet at some central point to consider economic conditions and needed legislation, and that as many of their constituents as could meet with them. He said that if the members of each congressional district got together before the session and considered measures, there will be less confusion than there was in the last house of representatives.

SHIP STRUCK MINE. London, Nov. 20.—The American ship Helen W. Martin has struck a mine. She is now at anchor. The Helen W. Martin is a three-masted vessel of 3265 tons and is owned by Percy & Small, Bath, Maine.

SOURIS SCHOOLS PROMOTED. Souris, N. D., Nov. 20.—Teachers, patrons and parents of the Souris School district have launched an association for the purpose of promoting the general welfare of the schools of the city. The meeting was called by the superintendent, and was well attended. The first officers follow: President, M. E. Moen; vice president, Dr. Jerikowic; secretary and treasurer, Mrs. H. Peterson.

WISE WORDS.

A Physician on Food.

A western physician has views about food. He says: "I have always believed that the duty of the physician does not cease with treating the sick, but that we owe it to humanity to teach them how to protect their health especially by hygienic and dietetic laws.

"With such a feeling as to my duty I take great pleasure in saying, that, in my own experience and also from personal observation, I have found no food to equal Grape-Nuts and that I find there is almost no limit to the great benefit this food will bring when used in all cases of sickness and convalescence.

"It is my experience that no physical condition forbids the use of Grape-Nuts. To persons in health there is nothing so nourishing and acceptable to the stomach especially at breakfast to start the machinery of the human system on the day's work.

"In cases of indigestion I know that a complete breakfast can be made of Grape-Nuts and cream; and I think it is necessary not to overload the stomach at the morning meal. I also know the great value of Grape-Nuts when the stomach is too weak to digest other food.

"This is written after an experience of more than 20 years treating all manner of chronic and acute diseases, and the letter is voluntary on my part without any request for it."

Name given by Postum Co., Battle Creek, Mich. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

ECZEMA CAN BE CURED

Free Proof To You

All I want is your name and address so I can send you a free trial treatment. I want you just to try this treatment—that's all—just try it. That's my only argument.

I've been in the drug business in Fort Wayne for 30 years, nearly everyone knows me and knows about my successful treatment. Over three thousand people outside of Fort Wayne have, according to their own statements, been cured by this treatment since I first made this offer public.

If you have Eczema, Itch, Salt Rheum, Tetter—never mind how bad—my treatment has cured the worst cases I ever saw—give me a chance to prove my claim. Send me your name and address on the coupon below and get the trial treatment I want to send you FREE. The wonders accomplished in your own case will be proof.
